1. **CD-ROM - QUALITY COMMUNITIES - "TEAMWORK, VISION, PLANNING AND ACTION FOR YOUR COMMUNITY"**

This CD-ROM and accompanying material serve as a "how-to" guide for participants in TVA's Quality Communities program. TVA designed the program to help communities develop a strategic plan to promote economic development. It focuses on teamwork, leadership and public involvement. The American Economic Development Council, the nation's leading organization of economic-development professionals, awarded an Honorable Mention award to TVA's Economic Development organization in the 1999 Promotional Materials Awards Competition for this CD-ROM.

**DISPOSITION**

   Destroy when 10 years old.

B. **Duplicates**

   Destroy when no longer needed or when superseded.

2. **ECONOMIC EDGE**

This publication was the Economic Development guide of the Tennessee Valley Authority and was first distributed in October 1995. The guide, a four-color, semiannual publication targeted businesses, economic development organizations and other key business audiences, including the CEO's of Fortune 1000 companies. The objective of Economic Edge was to attract business and industry to the Valley, create high-value jobs, and promote TVA as the energy-supplier of choice. The EDGE contained information on economic forecasts, workforce data, financial assistance and site selection, informing decision makers of the advantages of locating or relocating their businesses in the Tennessee Valley.

The initial circulation was 40,000 per issue or 80,000 annually. TVA also distributed the EDGE at trade shows, exhibits, and international conferences. The final issue was in the Spring of 1999. There is approximately 30 cu ft of these records.

3. ECONOMIC OUTLOOK

The Economic Outlook is a report that provides an assessment of the economic status and trends of the Tennessee Valley. These reports are a supplement to the articles, "The Short-Term Economic Forecast" that appeared in the Fall issues of the Economic Edge®.

Both the Edge article and the Outlook report were regular features that were updated annually to reflect the latest available information, and the Outlook had been a popular requested item by Edge readers. The Outlook's popularity was due to the valuable information it provides about the Tennessee Valley economy and what it has to offer. It was used by both existing Valley business sites as well as by communities in their economic development efforts. The trends and forecasts reported in the Outlook are also used by TVA for its own internal planning.

The Outlook is designed to provide a broad perspective of the current Valley economic situation and long-term trends in the Executive Summary. Examples of information of interest are particulars about the overall economy such as the Valley's export position, or intelligence on specific industries such as primary metals and geographical areas of the Valley such as the Nashville subregion. Extensive tables are provided that quantify the economic outlook and allow for comparisons with history and the U.S. economy.

The circulation was 3000 annually. The first issue was in 1981 and the final issue was in 1998. There are approximately five cu. ft. of these records. They have been transferred to Iron Mountain in Nashville.
