CORRESPONDENCE FILE FOR COMMUNITY PARTNERSHIPS (6-1-93 TO 9-30-94)
CORRESPONDENCE FILE FOR ECONOMIC DEVELOPMENT (10/1/94 TO PRESENT)

This file was begun on 6/1/93 due to a reorganization. Most of the Community Partnership programs were formerly carried out by the Valley Resource Center. However, the reorganization implemented an expansion in field program outreach and marketing and allowed a new initiative in the Valley major economic development program. Also, the minority development program which had been part of Valley Resources transferred to TVA's new Education, Training, and Diversity organization. Major Community Partnership programs are Leadership; Rural Development Regional Waste Management; Solid Waste Technical Assistance; Research and Development projects related to alternative uses of waste and recycle materials; Farm Demonstration projects; Rural Development Minority Resources program, Analytical Services program, Community Growth and Job program, Technology Transfer and Commercialization program, and Skills/Education Development program.

Effective 10-1-94 all TVA economic development-type programs were pulled together into a new TVA organization called Economic Development and was not part of the Resource Group. All Community Partnership programs and a few programs related to economic development from other TVA organizations were combined under Economic Development. A new file was started at that time. In 1998 Economic Development became part of Customer Service and Marketing, and in August of 1999 the office was moved to Nashville.

Records dating from 6-1-93 to 9-30-94 are coded to the subject-numeric classification system. Approximately 20 cu. ft. dating from 6-1-93 to 9-30-94 and are located in the Knoxville Records Center.

Records dating from 10/1/94 to 7/30/99 are coded to the subject-numeric classification system. Approximately 60 cu. ft. will be transferred to Pierce Leahy Archives in Nashville.
