1.	<p align="center"><u>POWER SYSTEM OPERATIONS</u></p> <p><u>Transmission Line Right-of-Way Contracts</u></p> <p>These records are duplicates and were originally scheduled 6-11-56. Since that time we have determined that these records are actually needed for six years after completion or cancellation of the contract. The original copies of the contract are retained by the Division of Finance for 12 fiscal years after completion of the contract and are scheduled on NN-163-141.</p> <p>These records do not have any historical or archival value and are used as a work file</p> <p>These records are prepared and used for clearing transmission line right of ways, any damage claims that may arise and labor complaints. The six-year retention period will satisfy all TVA administrative requirements. Therefore, I suggest the following retention period:</p> <p align="center">Duplicate copy - Six years after completion or cancellation of contract</p>	II-NNA-2126
