C. DATE	D. SIGNATURE OF AGENCY REPRESENTATIVE	E. TITLE		
1/22/79	<i>Ronald E. Brewer</i>	Assistant TVA Archivist		
7. ITEM NO.	8. DESCRIPTION OF ITEM (With Inclusive Dates or Retention Periods)		9. SAMPLE OR JOB NO.	10. ACTION TAKEN
1	<p style="text-align: center;"><u>DIVISION OF NAVIGATION DEVELOPMENT AND REGIONAL STUDIES</u></p> <p><u>Socioeconomic Assessment and mitigation of major TVA construction projects on adjacent communities</u></p> <p>These records constitute the raw data obtained in surveys of construction employees at major TVA construction sites since 1967. They are the basis for the study of some of the impacts on the communities adjacent to the projects due to the movement of construction work forces into the area. The completed questionnaires provide such information as: name of the employee; man number; age; job title; type of appointment; last place of residence; present place of residence; whether a home owner or renter; type of housing occupied and with whom; type of housing preferred; size of family; number of children of elementary, high school, or college age; reason for not living in type of housing preferred.</p> <p>Most of the information from the questionnaires is transferred to computer cards; the cumulative data is tabulated and incorporated into a final report of</p>			<b>WITHDRAWN</b>

7. ITEM NO.	8. DESCRIPTION OF ITEM (WITH INCLUSIVE DATES OR RETENTION PERIODS)	9. SAMPLE OR JOB NO.	10. ACTION TAKEN
1	<p>construction impact for each project. This report is retained as a permanent record. These final reports should be retained permanently because the information contained in them demonstrates the socioeconomic impact of major TVA construction projects on communities in the region.</p> <p>Some information from the questionnaires, however, is not used in the final report. This includes the employee's name, man number, age, job title, type of appointment, and the last place of residence. This information may have relevance to the specific project and may have value for certain types of research. The recent interest in socioeconomic impact research in project siting has increased the value of these records. This interest is expected to continue for a number of years, not only for TVA research, but for other public and private industry research, hence the increase in the retention period.</p> <p>These records begin in 1968 and consist of 13 cubic feet. The questionnaires are filed alphabetically by project and the Final Report is filed by the TVA Standard Alpha-Numeric System.</p> <p><del>Final Report - Navigation Development and Regional Studies Division File</del></p> <p><del>Permanent offer to Branch Archives 10 years after completion of project.</del></p> <p>Questionnaires and punched cards - Destroy 20 years after completion of final report.</p>		<p><i>withdrawn, 11/29/79</i></p>
