1	<p><u>Records of the TVA Board of Directors</u></p> <p>Under the TVA Act, the Board of Directors is vested with all the powers of the Corporation. The Board establishes general policies and programs; reviews and appraises progress and results; approves projects and specific items which are of major importance, involve important external relations, or otherwise require Board approval; approves the annual budget; and establishes the basic organization through which programs and policies are executed.</p> <p>The TVA Directors are appointed by the President of the United States for a nine-year term. The President also designates the Director who will serve as Chairman of the Board which is also a nine-year term. If a term is vacated before it expires, a new appointee will serve the remainder of the term. Directors may also be appointed to additional terms by the President.</p>

	<p>2) Memoranda created within the corporation documenting administrative recommendations and decisions and various program operations and functions conducted within the organization.</p> <p>3) Periodic progress reports made to the President and other Federal agencies concerning all components of the Corporation; reports of special studies and projects being undertaken within the Corporation; and various informational reports received from other Federal agencies and outside companies.</p> <p>4) Informational publications received from other Federal agencies, outside organizations and companies and publications developed and printed within TVA documenting various program operations.</p> <p>Dr. A. E. Morgan was the first Chairman of the TVA Board of Directors and served in this position from May 26, 1933 to March 23, 1938. Dr. Morgan was relieved of his position by President Franklin D. Roosevelt and Director H. A. Morgan was appointed by the President to serve as Chairman.</p> <p>At some point, Dr. A. E. Morgan removed a large volume of the records created during his chairmanship and later offered them to Antioch College, Yellow Springs, Ohio. Some of Dr. Morgan's records are duplicated in D. E. Lilienthal's and H. A. Morgan's files. We do not know to what extent this duplication exists. Plans are to microfilm the records and offer the hard copy to the Branch Archives. TVA is to receive a copy of the microfilm.</p> <p>D. E. Lilienthal's records were microfilmed in 1979 and the paper records accessioned into the Branch Archives by SF 258 dated May 1, 1979, NARS Job Number NC3-142-79-8.</p> <p><u>Other than these two segments, all of the Board files are currently located in either the Knoxville Records Staging Area or the Administrative Files in the TVA Towers.</u></p> <p>We assume that what we actually have of A. E. Morgan's records are filed in the Curtis-Morgan-Morgan series. Harry A. Curtis succeeded Dr. Harcourt A. Morgan as Director. His records were interfiled with Dr. Morgan's directorship records. Material in the H. A. Morgan series was stamped "Chairman's File" as was some material in the Curtis-Morgan-Morgan series. Therefore, we interfiled the H. A. Morgan series with the Curtis-Morgan-Morgan series</p>

	<p>to create one records series. This action provides a more complete file for research.</p> <p>Lilienthal's records collected during his time as Chairman were segregated from the Chairman's File for the micro-filming project for Princeton University.</p> <p>Beginning with Clapp-Vogel⁽¹⁹⁴⁶⁾ to date, the Chairman's records have been maintained as one file series--Chairman's File. Current plans are to break the Chairman's File effective June 22, 1981, when the new Chairman is appointed. The Director's Files, however, may consist of segments of records accumulated by one, two, or three Directors depending on the volume of the file when the Director left office.</p> <p>The Chairman's File was established in 1936 and includes records dating back to 1933. Copies of material filed in the Chairman's File may also be filed in each of the Director's Files. However, a document by document review would be necessary to determine the actual duplication.</p> <p>The Dewey Decimal System (adapted from the old War Department system) was used as standard in TVA from 1933 to 1940. From 1940 to 1943 the Departmental System (later called Divisional System) was standard. In 1943 the TVA Standard Alpha-Numeric File Classification System was developed. The Chairman's File and Directors' Files were coded by the Decimal System until 1958. In January 1958 the files were set up by the TVA Standard Alpha-Numeric System and are still coded by that system.</p> <p>The records series are organized in three segments:</p> <p>⊗ Alphabetic name file In the Dewey Decimal System the alphabetic name file (proper name) was classified 095 and then by the first alphabetic letter of the proper name. In the TVA Alpha-Numeric System the classification was dropped and only the alphabetic letter used. The alphabetic name file is filed in the beginning of the correspondence file and serves as a much-used finding aid.</p> <p>⚡ General Correspondence File The main segment of the file consists of correspondence and miscellaneous materials usually classified by subject according to the TVA information retrieval system used.</p>

	<p>Volume File (VF) The Volume File consists of bound reports, publications, booklets, and books. These documents are usually not filed in the folder with the correspondence transmitting them. They are coded by the same classification code as the correspondence file. A notation is made on the transmittal correspondence or a cross reference index prepared indicating the volume's location.</p> <p>Because these records represent the execution of TVA's programs and policies at its highest administrative level, a permanent retention period is requested.
