INTRANET CONTENT RECORDS.

1. Pages containing information and links to other pages and documents.

Description: Includes but is not limited to pages containing information and links to other pages and documents. NOTE: This item does not include other record types that posted on the intranet, such as policies and procedures, but governed by another records retention schedule. These records should be managed in accordance with the appropriate disposition schedule.

Disposition: **Temporary.** Delete when content is superseded, obsolete, or no longer needed for agency business.

Supersedes: New item

WEB SITE OPERATIONS RECORDS.

These items apply to records created in the process of administering any internal- or external-facing agency web site.

2. Content management records.

Description: Records include but are not limited to records documenting the process of content publishing and management, such as design records, standards describing the look and feel of the site, and procedures describing the process by which information is added, changed or deleted. Also includes training and technical manuals and records documenting changes and additions to pages, such as content providers' requests for modifications to existing pages and requests for new pages.

Disposition: **Temporary.** Delete when superseded, obsolete, or when no longer needed for agency business.

Supersedes: New item

3. Technical management records.

Description: Records include but are not limited to user logs, search logs, traffic logs, server configuration files, and software records that describe software products used to create and maintain web content.

Disposition: **Temporary.** Delete when superseded, obsolete, or when no longer needed for agency business.

Supersedes: New item
