The Office of Public Affairs is responsible for conducting a nationwide public information program for the Railroad Retirement Board (RRB). It compiles, edits, and writes materials for RRB publications including the RRB Annual Report to Congress, Informational Conference Handbooks, Monthly Benefit Statistics, and others; prepares informational material on legislation and operations in the form of booklets, news releases, and other material for railway labor and management publications and the media; prepares speeches for the Board Members and other officials as requested; and answers general and technical inquiries from the media, government, industry, and the general public.

Item 19-2

Material Files for Office of Public Affairs Publications

Current disposition: Destroy when 1 year old.

Proposed disposition: Destroy when no longer needed for administrative use.

Files contain background material for publications, including source material, camera-ready layout and galleys of publications. It has been the experience of office personnel that much of the material has long-term reference value. Thus, a change from current retention of "destroy when 1 year old" to "destroy when no longer needed for administrative use" has been requested. The proposed retention better satisfies administrative and reference needs of the office.
