NOTE: The Railroad Retirement Board (RRB) published its comprehensive schedule (NC1-184-79-03) in 1979. This schedule was updated in 1988-89 under four job numbers (N1-184-88-001, N1-184-89-001, N1-184-89-002, and N1-184-89-003). These schedules carried forward many items from the 1979 schedule without edit. NARA continued to consider the 1979 schedule as the authority for these items. After approval of the four later schedules, the RRB began to cite the 1988-89 schedules. In subsequent years, RRB schedules submitted to NARA often (technically incorrectly) cited the 1988-89 schedules as the then-current authority rather than the 1979 schedule.
