7. ITEM NO.	8. DESCRIPTION OF ITEM <i>(With Inclusive Dates or Retention Periods)</i>	9. GRS OR SUPERSEDED JOB CITATION	10. ACTION TAKEN <i>(NARS USE ONLY)</i>
1	<p>These are records of NASA's Planetary Geoscience Program (Planetary Geology and Geophysics Program and Planetary Materials and Geochemistry Program). These files (one for each Principal Investigator in the Program) can (but do not necessarily) include copies of the proposal, copies of correspondence between the PI and the Program Office(s), and additional relevant materials submitted by the PI or produced with the Program Office. These are the PI's or Program Manager's files for each specified grant for the Planetary Geoscience Program. There is little reference activity after 3 years. They are not fully duplicated elsewhere. These are considered research and development (R&D) program management files, currently covered by NASA Schedule 24-2, with an indefinite retention period. The office which creates/maintains these records proposes the following disposition:</p> <p>DISPOSITION:</p> <p>Transfer the files of the Principal Investigator (PI) of the Planetary Geosciences Program records to the Federal Records Center 2 years after creation. Destroy the PI's records 6 years after creation.</p> <p>(This disposition applies only the PI's records for the Geosciences Program.)</p>
