CHAPTER 55. TELECOMMUNICATIONS PROGRAM FILES

1. General. This chapter provides documentation, maintenance, and disposition instructions for records created in the management and operation of the Government-wide telecommunications program. The term telecommunications as used throughout this chapter refers to the transmission, emission, or reception of signals, signs, images, sounds, or intelligence by wire, radio, visual, or other electrical means. These instructions are contained in:

   a. Appendix 55-A. General Telecommunications Program Files
   b. Appendix 55-B. Telecommunications Requirements and Engineering Program Files
   c. Appendix 55-C. Voice Telecommunication Operations Program Files
   d. Appendix 55-D. Record and Data Telecommunication Operations Program Files
   e. Appendix 55-E. Traffic Operations Program Files
   f. Appendix 55-F. Communication Security (COMSEC) Program Files
   g. Appendix 55-G. Circuit Procurement Program Files
   h. Appendix 55-H. Communications Management Program Files
   i. Appendix 55-I. General Communications Procurement Program Records

2. Reserved.
This appendix provides documentation, maintenance, and disposition instructions for general communications procurement program records. For the purpose of this appendix, the term "general communications procurement" refers to preparing, issuing, or providing procurement plans and training programs; studying, surveying, and solving procurement problems; reviewing and determining contractual actions; providing assistance to other Federal agencies in the development and execution of their procurement programs; and general procurement matters not referred to in other appendixes to this chapter. General communications procurement program records are created in accordance with the responsibilities set forth in the GSA Organization Manual (OFA P 5440.4), procedures contained in orders and handbooks in the 7100 subject classification series, and provisions of Federal Procurement Regulations and General Services Administrative Procurement Regulations.

The original paper records for the program files described in this appendix may be converted to microform and the original paper records may be destroyed provided that the requirements and standards of the HB, GSA Micrographics Management Program, chs. 3-1 and 3 and 4-3 and 4 (OAD P 1822.4), are met.
