IDENTIFYING INFORMATION:

DESCRIPTION: The Grants Information & Control System (GICS) is a national information management system containing administrative, project, and financial data for all EPA's grants, interagency agreements, and cooperative agreements. The system has the following components:

Municipal construction grants program - Provides information on wastewater treatment grant applications and active construction grant projects.

State revolving fund (SRF) program - Tracks federal funding provided to the States.

Non-construction grants program - Contains any program's nonconstruction grants information, including Superfund, Pesticides, and Research and Development.

Information is entered by Headquarters, Regions, or States. Input data includes data from automated systems. The system offers a customized data entry module, report writer, look-up tables, batch capabilities, and an online dictionary.

APPLICATION GUIDANCE:

REASONS FOR DISPOSITION: This national system is used by Headquarters, Regions, and States to administer and monitor grants. It is used for program planning and oversight, project tracking and management, and information reporting. Proposed retention will meet all audit and litigation documentation purposes. The paper records, scheduled separately, are disposable.

AGENCY-WIDE GUIDANCE: The Grants Administration Division with the assistance

EPA SERIES NO. 575

of the Enterprise Systems Division of the Office of Administration and Resources Management is responsible for implementing the disposition of items a, c, and e. All related records held in other offices should be destroyed according to instructions for items b and d.

Ad hoc and monthly reports needed to document program management should be included in program management files.

Grant records for programs other than Superfund are scheduled as EPA 003 and Superfund site specific as EPA 001. See EPA 232 for Waste Water Construction and State Revolving Fund Grants.
