| | <p>The Office of Toxic Substances Records Control Schedule is being amended to:</p> <ol style="list-style-type: none"> Revise item 9, Standards, Regulations, and Guidelines Files, to provide coverage of paper and micrographic records. The schedule has been revised to make the micrographic record the record copy and to assign a permanent retention to this series of records. Also, the paper record is no longer the record copy and has been assigned a temporary retention of 1 year after the conversion to microform. Add a new item 14, TSCA Chemical Inventory File. This series of records contains records relating to the inventory of chemicals pursuant to Section 5 of the Toxic Substances Control Act. <p>Attached is a copy of the EPA Records Control Schedule for the two series of records.</p> <p>This certifies that the records described on this form will be microfilmed in accordance with the standards set forth in 41 CFR 101-11.506. <i>First inspection 2 items</i></p> | | |

will be January, 1985.

changes made with approval of EPA Records Officer. No mass data sheet required.
