	<p>Records documenting licensing of the construction and operation of commercial nuclear reactors for power generation pursuant to Parts 2, 20, 50, 100 and 140 of Title 10, Code of Federal Regulations. Material consists of individual applicant case files, identified by assigned docket numbers, containing copies of all documents received or generated in the review, evaluation, and authorization stages of the licensing process. Each operating license issued is for a fixed time period specified in the license document but in no case exceeding 40 years. Licenses may be renewed by NRC upon the expiration of the initially authorized operating period. Decommissioning records for these licenses are permanent and require maintenance as a separate record collection. Reference Item e. below for authorized disposition.</p>		
	<p>a) Official docket files of the Office of Nuclear Reactor Regulation, located in the Records &amp; Reports Management Branch, determined by the NRC or the NARA to have exceptional value because of the highly significant nature of their contents or their uniqueness. Included are files that:</p>	<p><u>Permanent.</u> Offer to NARA 20 yrs. after termination of license.</p>	
	<p>1. Result in judicial decisions or legislation that affect the functions and activities of NRC, e.g. Enrico Fermi No. 1 (Power Reactor Demonstration Co. Reactor).</p>
