Background Information

The Thrift Savings Plan (TSP) is a retirement savings and investment plan for Federal employees established in the Federal Employees' Retirement System Act of 1986, which has been codified as amended largely at 5 U.S.C. §§ 8401-8479 (1994). It is managed by the Federal Retirement Thrift Investment Board (FRTIB).

The following disposition schedule relates to the records maintained by the FRTIB's Office of Investments (OI). OI is responsible for all functions concerned with the planning, development, and implementation of investment and interfund transfer policy for TSP monies in three separate funds (G, C, and F Funds). OI is responsible for providing investment advice with respect to all investment planning and policy matters impacting on TSP programs and operations, monitoring the investment of funds, and serving as the main point of contact for the asset manager in its relations with the Board. It also assists in procuring the asset manager.
