Office of Information & Technology  
7451A Boston Boulevard

Dear Dawn Watts,

The National Archives and Records Administration (NARA) has received information alleging that the Customs and Border Protection (CBP), Office of Trade has been digitizing and destroying source records for Trade Allegation Records that are pending NARA approval under proposed records schedule DAA-0568-2019-0004. As there is no approved disposition authority for the disposition of these potentially permanent records, this may constitute an unauthorized disposition of records, particularly since the CBP does not believe that this project was conducted in accordance with the applicable NARA regulations. In accordance with 36 CFR 1230.14(a) NARA is requesting a report within 30 calendar days from the date of this letter inducing the following information:

- A complete description of the records with volume and dates if known;
- The office maintaining the records;
- A statement of the exact circumstances surrounding the removal, defacing, alteration, or destruction of records;
- A statement of the safeguards established to prevent further loss of documentation; and
- When appropriate, details of the actions taken to salvage, retrieve, or reconstruct the records.

Thank you for your attention to this important matter. If you have any questions or wish to discuss further, please contact me at [laurence.brewer@nara.gov](mailto:laurence.brewer@nara.gov).

Sincerely,

A handwritten signature in blue ink that reads "Laurence V. Brewer". The signature is written in a cursive style with a large initial 'L' and a distinct 'V'.
