

Publication Number: T948

Publication Title: German Reports on Synthetic Rubber, 1937-1945

Date Published: 1962

GERMAN REPORTS ON SYNTHETIC RUBBER, 1937-1945

**CONTENTS**

| <u>Roll</u> | <u>Description</u>   |
|-------------|--|
| 1           | Starts with: Chemicals<br>Ends with: Butadiene Manufacture   |
| 2           | Starts with: Butadiene Manufacture (cont.)<br>Ends with: Plant Equipment and its Maintenance   |
| 3           | Starts with: Copolymer Development<br>Ends with: Coagulation, Drying, etc.   |
| 4           | Starts with: Heat Softening<br>Ends with: Compounding and Vulcanization  |
| 5           | Starts with: Testing<br>Ends with: Testing   |
| 6           | Starts with: Special Materials<br>Ends with: Perbunan  |
| 7           | Starts with: Relcaim<br>Ends with: Research Work   |
| 8           | Starts with: Research Work (cont.)<br>Ends with: Progress Reports  |
| 9           | Starts with: Progress Reports (cont.)<br>Ends with: Production Costs   |
| 10          | Starts with: Production Costs (cont.)<br>Ends with: Reports on Rubber other than German Rubber   |
| 11          | Starts with: Report, dated 26 July 1940, by Dr. Reppe on Acetylene Chemistry at<br>Ludwigshafen<br>Ends with: Buna Lager – Productions |
| 12          | Starts with: Reports of the Organic Division<br>Ends with: Manufacture of Distyrene  |
| 13          | Starts with: Continuous Polymerization<br>Ends with: Cost Tabulation – Huls, Buna S-SS I/1944  |
