SENT MARCH 27 1 PM SIGNED LIGHTNER, BONN FOR AMBASSADOR;  
SHAPE FOR NORSTAD. FROM CLAY.

I am not questioning CINCEUR's restriction on news media travel on military aircraft in corridor and access to control center. However, I believe story on air corridors highly desirable and accordingly suggested to Dan Schorr desirability of television coverage. In view of military restriction, I have agreed to have Schorr interview me on commercial airplane. I have no fear that such an interview will alarm public but rather contrary.
