1. Warren Harshman - CA - Branch 4, Room 3D0109 X 6761 was a former Redskinner for SR/IO who, in 1960 from June to September, made five stop-overs at Minsk. His job was that of a guide on a Maupin Tour's Bus that made the run from Helsinki to Warsaw and then back from Warsaw to Helsinki. In Minsk he stayed at the Hotel Minsk. His crypto was either AEHOLLY 152 or 52.

2. I'll check his debriefing report for any possible personality data of interest. In addition to this, you might wish to consider showing him the Oswald photo collection for possible identification.
