1. Please advise **SMABOVE** that we have read the results of the **ROGALSKY** and **HERZOG** interviews with interest. We concur that the information which was obtained adequately answers a number of our questions concerning them and probably reflects a true picture of their relationships with **AEVALIANT 1**. As these relationships appear to be innocent and in the absence of any other indications that the **ROGALSKY** couple and **HERZOG** are affiliated with Soviet Intelligence, we feel that their particular cases can be considered closed.

2. We are still interested in receiving the results of other **SMABOVE** interviews of selected contacts of **AEVALIANT 1** and, of course, wish to be kept current on developments with regard to **HITSCH**.
