MEMORANDUM FOR THE RECORD

SUBJECT: Conversation with Reichardt, 25 September '59

- Reichardt*
1. Bernie phoned in the afternoon to ask if we had any information on Fabio FREYRE, a nephew of Julio SANCHEZ, who is Bill Pawley's next door neighbor. FREYRE came in to see PAWLEY with some important material, the details of which Bernie does not yet have, but which he will forward as soon as possible. (Comment: I phoned Bernie on 29 September to report we have no info on FREYRE.)
 2. PAWLEY told Bernie he will try to get a job for General Martin DIAZ Tamayo.
 3. PAWLEY suggested to Bernie that a recorder and mike for his office would be a good idea since it would permit him to make recordings of the conversations with Cubans and Dominicans who come in to discuss political matters. I told Bernie I would check this out here at Headquarters and determine the reaction. (Comment: Subsequent checks with CWH resulted in his giving approval for the installation of the equipment.)
