THIS IS UNEVALUATED INFORMATION

SOURCE: Cuban national, A 13 312 777, 25 years old, former Captain in Batista's Army. Source was arrested three times for anti-Castro activities. He was chief of anti-Castro group composed of former military people. He was arrested last time on 7 Aug 59 and served time in Isle de Pinos until he was ransomed on 24 Dec 62 along with his brother.

/This report was developed by an Air Force representative assigned to office of collection./

1. Before I was arrested I knew many people who were working with me in order to overthrow the Castro Communist government. Many of us took Eloy Gutierrez Menoyo as a sincere individual who wanted to overthrow the Castro government. Gutierrez knew me well and I told him where we were going to meet the time we were captured by G-2. He was the only person that knew we were going to be there besides the people that were captured with me. Later on I was told by many of my friends that Gutierrez had informed on us. To my knowledge he also informed on 142 other people that were captured and are now in prison.

2. Since I have arrived here I am told that he is very active in anti-Castro groups. I sincerely believe that this man is a Castro agent in disguise. He pretends to be anti-Castro but I strongly believe that he actually is working for the Castro government. I am so sure of this that I am willing to testify against Gutierrez in any court of law. This man should be thoroughly investigated because I have no doubt in my mind that he is an undercover Castro agent.
