FROM  
**Chief of Station, Mexico City**

SUBJECT **DIZTAG/LIBRIFORM/Operational**  
**Monthly Report on Czech Embassy and Trade Mission in Mexico**

ACTION REQUIRED - REFERENCES

1. Attached hereto is LIBRIFORM's monthly report on activities and personnel of the Czech Embassy and Trade Mission in Mexico. Significant traces on new contacts of Czech officials are reported below.
2. Page 2. Jorge Ramon JUAREZ. Probably identical with Jorge Ramon JUAREZ Ruiz, born ca. 1919 in Spain, a leftist journalist and poet, in 1957 an official of the Instituto Nacional de Belles Artes. See   2918, 6 Sep 57.
3. Page 10. Mr. CURI. Probably identical with Jose CURI, Lebanese citizen and father-in-law of Alfredo YABUR, Cuban Minister of Justice. Jose CURI has been of operational interest to this Station because of his father-in-law.
4. Page 11. Pablo SALINAS. Possibly identical with Pablo SALINAS, manager of Ferrer, Sandoval and Negroe Co., ice and ship repair business. Allegedly in intelligence contact with Cuban Embassy.
5. Page 18. Engineer DOMINGUEZ. Probably identical with Hector DOMINGUEZ. See HMMA-19253, 10 Jul 62, p. 116.
6. Page 30. Miss Dolores de la MORRA. Probably identical with Dolores de la MORA, a Mexican woman from Guadalajara. When Adolfo LOPEZ Mateos first became President, MORA tried to get a job in his government, but did not succeed. Since then, she has been violently "anti-government". (Source LIENVOY). She has been in frequent contact with Ramon SINOBAS, First Secretary of the Cuban Embassy, as well as the Cuban G-2 resident in Mexico.
