

DC'SRS

Memorandum

TO : Chief, FIOB/Security Research Staff

DATE: 18 January 1968

FROM : E. Mendoza

SUBJECT: Identification of Agency Pseudonyms

*C/S 16
malinco*

1. Several names occur in the press material recently made available to FIOB which probably cannot be identified in Security files, but which are known to the writer. These names are pseudonyms which were used by Staff employees as shown below.

- | | |
|------------------|---------------------|
| Daniel CARSWELL | David L. CHRIST |
| Eustace DANBRUNT | Thornton ANDERSON |
| Edmund TARANSKY | Walter E. SZUMINSKI |

2. CHRIST, ANDERSON, and SZUMINSKI were arrested in Cuba and were held prisoner by CASTRO. Their true names have never appeared in the press, and all material relating to their assignment and imprisonment in Cuba is held in SRS.

- | | |
|-----------------|--------------|
| Francis MANNING | David MURPHY |
|-----------------|--------------|

3. MANNING is the pseudonym used by MURPHY when he and [redacted] held a meeting with KGB Colonel KALEVANG in Vienna in 1953. This does not appear in OS files, and probably is not documented anywhere in DDP records.
