ADDENDUM TO JOURNAL
OFFICE OF LEGISLATIVE COUNSEL

Friday - 26 August 1977

1. (Unclassified - DTC) FOIA Professor Alan Schefflin, University of Santa Clara, called to appeal a Freedom of Information Act ruling on MKULTRA made by Mr. Gene F. Wilson, our Information and Privacy Coordinator. Professor Schefflin, who had obtained my name from the Senate Human Resources Subcommittee on Health and Scientific Research, wanted me to provide him certain materials on MKULTRA so that he would not have to pay the reproduction costs quoted by Mr. Wilson. I informed him that I was not authorized to provide material to him and that he should discuss the matter with Mr. Wilson. I subsequently informed Mr. Wilson of this conversation.

2. (Confidential - DTC) LIAISON Delivered to Elliot Maxwell, Senate Select Committee on Intelligence staff, and Walter Sheridan, staff of the Senate Human Resources Subcommittee on Health and Scientific Research, blind memoranda concerning the new find relating to Projects ARTICHOKE and BLUEBIRD.

3. (Internal Use Only - DTC) LIAISON Stopped by to see G. Robert Blakey, House Select Committee on Assassinations, and obtained from him copies of FBI summary investigative reports on Select Committee staff personnel and a copy of his signed secrecy oath. I hand-carried the FBI reports to Robert Gambino, Director of Security, and the secrecy oath to Lyle Miller.
