A. OPERATIONAL HIGHLIGHTS

1. There was relatively little activity in the AMSPELL project during the last quarter due to the fact that final arrangements were being made for its termination effective 1 January 1967. Activities therefore consisted of the publication of several press releases regarding student/youth developments and refugee interviews pertaining to PBRUMEN.

B. ADMINISTRATION

2. There was no financial support to AMSPELL during the quarter with the exception of the \$200 monthly subsidy to the family of AMHINT/1. Total costs were therefore \$600 for the reporting period. With the termination of AMSPELL project, AMHINT/1's family will receive support from the AMSPECIAL program beginning 1 January 1967.

C. PROBLEMS

3. The actual termination of AMSPELL was effected at the end of September, when activities and operational support ended. The quarter under review was utilized to close out the AMSPELL offices, and to liquidate outstanding property and financial obligations. AMHINT/2 is now operating a book store in the JMWAVE area and no problems with him or the other AMSPELL members are anticipated. The AMSPELL files have been reviewed and material dealing with WOPACT involvement has either been destroyed or turned in to the Station.

D. FUTURE PLANS

4. No further operational contact is planned. AMSPELL is expected to remain as an organizational entity and will continue its activities independently of WOPACT support or guidance.
