Memo for (Stan Watson)

From: Tichbern

In Re LICOOKY/1

As I have mentioned on previous occasions (both here and in Wash)

I have become increasingly concerned about the LICOOKY problem.

For the past twelve months she has rather persistently "boasted"

us to get together to talk about "mutual concerns"; and I have

studiously avoided her upon advice from Station personnel. Even

if the station had not advised me to steer clear of her, I ~~may~~

would have done so because of the continuing rumors I hear from

various sources to the effect that she is a paid agent of the U S

govt. In referring to an invitation he got for L/1 a ~~xxxxxxx~~

short time ago, Xirau mentioned that he has heard she is a double

agent. While in New York, Margery Urquidí (wife of Victor Urquidí)

flatly told me that ~~L/1~~ is working for the corporation. Last

Spring, while I was visiting in Valle del Bravo, a former TIME

correspondent (Dudly Dust) mentioned in the presence of

some Mexican intellectuals that ~~L/1~~ was probably an agent. Eunice

Odio once told me that almost everyone knows that she is employed

by the corporation. The, too, I've heard Ponce mention that (LINLUCK) ^{of}

(the Guat. ~~L/1~~ has lived with), is getting money from Uncle Sam, and

he referred to this friendship with ~~L/1~~ L/1. On ~~xxx~~ other occasions

I've heard other references to L/1---enough to make me a bit

apprehensive about her possibly blowing the works.

SUGGESTION: GET HER OUT OF MEXICO BEFORE SHE

BLOWS THE WORKS, either directly or indirectly
