MEMORANDUM FOR THE RECORD

SUBJECT: Jorge ROBRENO (aka "El Mago")
Difficulties with Spanish Police

06 1. On 10 July 1964, AMWHIP/1 talked with the father of ROBRENO who had just come to the United States via Spain with another group of exiles. He told AMWHIP/1 that his son, El Mago, had been given 15 days to leave Spain by the Spanish authorities. According to the elder Robreno, his son had gotten into a fight with several persons in Madrid. (Comment: To the best of AMWHIP/1's knowledge, El Mago's difficulties were purely of a "criminal nature" and there were no political overtones as far as Spanish authorities were concerned - whether or not this is entirely true we will attempt to find out when AMWHIP/1 again sees El Mago in Europe.)

06 2. El Mago's present address in Spain is:

Pension Espana
Ave. Jose Antonio 44
Apt #7 - Tel. 221-6072
Madrid, Spain.
