DISPATCH NO HKH

Chief, WHD

DATE 17 April 1956

FROM 1 Chief #6f Station, Habana

GENERAL - Operational - KUTURE SUBJECT SPECIFIC - Arthur G. Vaivada

(a) HKH-W-1607, 30 March 1956 (b) HKH-W-1505, 28 December 1955

- Regarding reference (a) the Station concurs fully with the proposed promotion l. of Arthur G. Vaivada and desires also at this time to bring to the attention of Headquarters the merits of granting Vaivada staff status either concurrently with the promotion or as soon thereafter as may prove feasible.
- .The agent himself has expressed a keen interest in acquiring such status, for a number of obvious reasons. As a contract agent, Vaivada has not been entitled to the standard step increases that accrue to regular GS employees . Koreover he has not had the benefit of recent legislative increases in basic salary rates, such that his salary, originally set 16 August 1954 at the then GS-9 level, is still \$5060.00 per annum. Perhaps of more importance than the foregoing considerations is the fact that this agent has been and is losing out in terms of the retirement, health insurance, and other more longterm advantages available to staff personnel. The agent has several times expressed to the case officer his concern, as a family man, over the fact that he is not receiving retirement credits with his years of service. Vaivada's expressed career interests lie in continued employment by KUBARK, more especially in the area of assignments in the field, and in view of his qualities of character and high level of performance for KUBARK the Station has no hesitation in recommending to Headquarters that he be awarded the desired change in status.
 - In view of the agent's present salary level it is recommended that the promotion from his present grade be to the equivalent of a GS-10 at a per anmin salary of 5,915.00. If Headquarters concurs in the recommendation that the agent be granted staff officer status, the agent would move up to the GS-11 grade at that time.

- 1. A recent ruling by the Office of the General Counsel has ended the payment of silounness, as such, to contract personnel. In the future those amounts previously paid as allowances will come under the heading of compensation.
- 2. Since compensation is taxable, whereas ellowences are not, additional adjustments have been unde to compensate for tex losses incurred in the changeover. VAIVADA's contract has been so adjusted, and it is believed he will find the new quarters and cost of living figures to be equitable. The specific changes are as follows:

CHAPTERS

Old "allowance" (non-temble) \$2,100.00 Her "compensation" (temble) \$2,575.00

COST OF LIADSO

Old "allowance" (non-tamble) - \$1,650.00 Her "compensation" (tamble) \$1,920.00

9. Forwarded herewith are the original and one copy of an amendment to VAIVADA's contract, which reflects the above-described adjustments.

The original should be signed and returned to Headquarters.

Dear Mr. Vaivada:

Reference is made to your contract with the United States Government, as represented by the Contracting Officer, effective 1 August 1954, as amended.

Effective 1 January 1956, said contract, as amended, is further amended by deleting paragraphs one (1) and two (2) and all reference to Federal taxes and substituting in lieu thereof the following:

- 1. Compensation. In full consideration for the purchase of certain information and services, you will receive from the Government, payable in such an approved manner as you may direct in writing, the following:
 - (a) Compensation calculated at the rate of \$5060 per annum; and
 - (b) Additional compensation for quarters procurement for you and your dependents presently calculated at the rate of \$2575 per annum and applicable only to your initial permanent post of assignment overseas. As this additional compensation is based upon quarters costs at said post, it is subject to unilateral adjustment by the Government whenever warranted by a change in the factors affecting its initial establishment. Quarters will not be furnished you by the Government
 - (c) Additional compensation for cost of living expenses (other than quarters) for you and your dependents presently calculated at the rate of \$1920 per annum and applicable only to your initial permanent post of assignment overseas. As this additional compensation is predicated upon the comparative cost of living between Washington, D.C. and your overseas post family status and basic compensation, it is subject to unilateral adjustment by the Government whenever warranted by a change in the factors affecting its original establishment.
- 2. Taxes. (a) As your legal relationship to the Government is that of an independent contractor, all amounts paid directly or guaranteed by the Government under Paragraph one supra, are reportable as income under existing Federal income tax laws and regulations.
- (b) In view of the security considerations involved, the Government agrees, at your request, to withhold Federal income taxes from the monies due you under this agreement in an amount equivalent to the United States income tax withholding schedule based upon your taxable income here-under and ______ present exemption(s). However, in the event current operational restrictions are removed, it is desired to recommend at this time an increase to sixteen hundred (1,600) The additional one hundred permonth is suggested in view of the fact that subject has and because he has been aware of and probably counted on the raise recommendation of the former Chief of Station. Further, if the restrictions are lifted, it is desired to utilize subject's time to the fullest advantage without the handicap of his having to seek other outside employment. both decided however that, regardless of the hardship placed on him he	
should continue his schooling   since any inquiring	
could then be properly and legitimately backstopped. One of the difficult	tie
involved is the amount of daily travel between the University and his	
residence.	
Inasmuch as the distance involved plus the high rental cost factor (175.00 per month) present a few difficulties. This plus the fact that the plausibility of a student paying such rent is somewhat questionable, birkindicated he might move to a more suitable location.	ie DIA

1. On 9 September 1953 subject was again contacted at his apartment and the new contract was signed. However, subject stated several times that he had had nothing but the best of relations with the persons who have directed him so far, and it is the case officer's opinion that he has KAKK the utmost faith in the good intentions of the agency.

3. Subject was informed that "Career" status, in which he has expressed interest over the past two years, would be considered at the end of the present two year contract, and would depend on his operational success during that period and his ability to
