ACTION REQUIRED - REFERENCES

REFERENCE: SBMA-644 of 6 March 1964

1. We have taken up reference with Chief KUTUBE/D who concludes that German's advice to Dr. White is not incompatible with the feelings of ODINCH on the matter.

2. It is our understanding that the interest in having Subject interrogated is not sufficiently high to warrant having the advice to Dr. White countermanded.

OLIVER M. COAKLEY
