Tom:

I'm not overly enthusiastic about the possibilities of getting much from SKENEF-1; however, I would like to meet him and chat about his friends and business associates in the W/L Islands. He possibly might be used as an entree to reporting or support assets.

It would be my opinion that we would not have to bring his clearance up to date to chat with him.

Paul

I've not made any notes from the files; therefore, if Ed agrees to helping us, details should be forwarded to me prior to my departure for San Juan.

b. The Puerto Rican Cement Company has a verbal agreement with Mr. Philpotts granting him exclusive distribution of cement in Guadeloupe, Barbados, and Antigua.

c. AMCO currently owes the Puerto Rican Cement Company \$40,000 and is slow in payment.

d. The normal procedure for payment is for the consignee to pay Mr. Philpotts by a note which the Puerto Rican Cement Company discounts.

e. The Puerto Rican Cement Company is currently examining how much credit it can extend to AMCO. In this connection the company is examining whether credit extended to AMCO can be insured under the Foreign Credit Insurance Association. (FCIA insures 80% of export credit.) If so, the risk to the Puerto Rican Cement Company would be reduced and further credit could be extended.

f. The Puerto Rican Cement Company has sold 133,000 bags of cement to AMCO.

7. SKEWER/1 said that Mr. Philpotts is aggressive and that he is pushing Puerto Rican cement. [redacted] asked SKEWER/1 if his firm were worried about the amount of credit extended to AMCO. SKEWER/1 replied that AMCO is trying to help the Puerto Rican Cement Company and Puerto Rican Cement is in turn trying to help AMCO. SKEWER/1 imparted the impression that he has absolute confidence in his subordinates. In calling Tomas, SKEWER/1 said to us that he had gone over the head of his son. SKEWER/1 was not aware that AMCO Puerto Rico is a subsidiary of AMCO Panama. When apprised of this fact, he said that this arrangement is probably for tax purposes. SKEWER/1 left the impression that he considers AMCO as a Puerto Rican company and one worthy of support. He recalled that he had previously given a job to a Trujillo opponent, Fred Imbert, whom no one else would hire. Mr. Imbert now has his own shipping company and SKEWER/1 suggested that we assess his operation. He recalled that Mr. Trujillo had telephoned him about harboring a criminal. SKEWER/1 told Trujillo to mind his own business as would SKEWER/1. Mr. Stanulis indicated that KUNARK would not want to consider Fred Imbert's operation, given his family's involvement in the Dominican Republic. Throughout the conversation, the picture emerged of a man who trusts his subordinates and who would help an individual or firm, particularly Puerto Rican, which is also trying to help his firm.

MEMORANDUM FOR: The Record

SUBJECT: Project WUBRINY--Antilles Materials Company, Ltd.,  
Discussion by [ ] with SKEWER/1.

1. I made initial telephonic contact with SKEWER/1 at approximately 1100 hours on 10 January 1965 and made arrangements for a meeting in my hotel room for the following day between the hours of 1600 and 1700 to be followed by another on Tuesday at a time and place that would be convenient for SKEWER/1. Later in the day SKEWER/1 informed me that he would be unable to meet with us on Tuesday as he was leaving by air on the evening of 11 January for a series of appointments in the States.

2. The meeting with SKEWER/1 was held in my hotel room at 1645 hours on 11 January. I told SKEWER/1 that as he knew, one of KUBARK's prime information targets in Latin America concerned the activities of Castro's Cuba and that in this connection some of our people had been thinking for some time that it would be most useful in pursuing this requirement to have entree into shipping interests that were active in Caribbean waters. SKEWER/1 said he thought this idea excellent. I further stated that these people had heard that SKEWER/1's firm was discussing the possibility of entering into an exclusive Caribbean distributorship contract with Alvin T. Philpotts, Jr., who is associated with the Antilles Materials Company, Ltd. S. A. of Panama and Puerto Rico, and asked him if he had any knowledge of the individual or the negotiations. SKEWER/1 replied that he did not know of either, but that his son would be familiar with both.

3. I asked SKEWER/1 if he would be willing to investigate the situation discreetly without mentioning any interest on KUBARK's part and at the same time consider the commercial feasibility of the venture for AMCO. He agreed.

5. I told him that I would appreciate his cooperation in meeting with two of my friends who are more fully versed in these matters. He agreed and set the meeting for Monday, 19 January 1965. SKEWER/1 gave me his unlisted private telephone number and suggested that I contact him Monday morning, 19 January 1965, to set time and place for the meeting. The number is 842-2120.

Case Officer Comment:

The meeting with SKEWER/1 confirmed Mr. Philpotts' report that his relations with the Puerto Rican Cement Company are good. It also revealed the terms of the relationship between the Puerto Rican Cement Company and AMCO which Mr. Philpotts had not reported in detail to WUBRINY/2. It is obvious that Mr. Philpotts has sold himself to certain officials in the Puerto Rican Cement Company who have the confidence of the Company's top management. The extent to which Mr. Philpotts may have conned other businessmen into extending credit and the amount of such credit is a key factor for investigation by WUBRINY/1 and /2, and Mr. Walla on their forthcoming trip. It is feared that Mr. Philpotts has incurred so many debts that the firing of Mr. Philpotts and reorganization of AMCO would be prohibitively expensive.

## MEMORANDUM FOR THE RECORD

SUBJECT: Antilles Materials Company, Ltd.

1. Mr. Ed Stanulis telephoned Mr. Allen at home from San Juan, Puerto Rico, on 11 January 1965. He met with SKEWER/1 as scheduled at 3 P.M. SKEWER/1 was not familiar with any negotiations between the Puerto Rican Cement Company and AMCO but agreed to look quietly into the matter. He made a telephone call to PR Cement's Sales Manager before he left for New York. SKEWER/1 said that he had such a heavy schedule on this trip, requiring his presence in New York, Chicago, and Connecticut, that he could not squeeze in a meeting with KUBARK representatives. He would, however, be glad to meet with KUBARK representatives in Puerto Rico on 13 January 1965. This delay would also enable him to investigate thoroughly the status of negotiations with AMCO.

3. Mr. Stanulis affirmed unequivocally to Mr. Allen his previous assessment of SKEWER/1, namely that SKEWER/1 will do anything to help KUBARK, particularly against Cuba. Mr. Stanulis will write a report upon arrival in Washington on or about 13 January 1965.

Attachment to DO/HS Memorandum  
dated 26 August 1964

**SECRET**

**SECRET**

Attachment No. 1 to  
DO/HS Memorandum dated  
26 August 1964

**Operational and CI- Information**

1. Subject was mentioned in two KUBARK Dispatches by the [redacted] as a possible candidate through whom leads to persons in the Dominican Republic could be developed and targeted against the intelligence service and the ruling circles there. In MPSA-1223 and MPSA-941, both dated 11 September 1956, Subject is mentioned as a good person for the beginning of covert operations in the Dominican Republic because he was well known and considered discreet by those who knew him. Because of his businesses in the U.S. and the Caribbean area, Subject had many persons working for him over a period of years who owed him some allegiance. Subject's companies did much business in the Dominican Republic. SKEDADDLE, [redacted] contact, was instructed to approach him indirectly through a cut-out who was [redacted] a personal friend of SKEDADDLE, a member of the Puerto Rican legislature, a senior member of the Republican (Statehood) Party, and very close to Subject.

2. Information in Subject's PRQ II revealed that he was assigned the cryptonym SKEWER/1. The case officer [redacted]

Since Subject was considered a loyal U.S. citizen, he was made witting of KUBARK's interest in persons in the Dominican Republic who might lead to the target. He accepted to assist KUBARK in this endeavor enthusiastically. Although it was known that Subject once served as an honorary Vice Consul [redacted] a common practice for prominent businessmen in Latin America, he was not known to have any connections with a foreign intelligence service. His value to KUBARK lay in his personal knowledge of persons and facts in the Dominican Republic, particularly individuals who travelled there for legal reasons, as well as his social and political status. The case officer described Subject as "intelligent," "well educated," and "a political leader whose real strength is in his being an enlightened capitalist." Because he was (and is) so prominent, and could not withstand too much weakening of his position, he should not be used "directly" in any operation (in the opinion of the case officer who wrote the PRQ evaluation).

**SECRET**

SECRET

Attachment No. 1 to  
DO/HQ Memorandum dated  
26 August 1964

3. According to information in C-82843 (CI/OA File), WH/3/DRAH requested a POA on 4 May 1960 for permission to allow the use of Subject to "provide useful information on, or through witting or unwitting employees, courier access to the Dominican Republic." Results of Green List No. 100851 dated 4 May 1960 were "no pertinent identifiable information" on 17 May 1960, and a field trace reply of that date was "no derogatory traces." The POA was granted 31 May 1960 and the OA on 11 September 1960. These clearances were cancelled on 21 and 34 March 1961, respectively, in notices to CI/OA by WH/3/DRAH. Reasons for these cancellations were not given. On 24 August 1961, WH/4/Cuba requested a reinstatement of the OA, for use as an informant. The request was granted by CI/OA on 11 September 1961.

4. An investigation report by the Office of Security in 1960 was not unfavorable. It did make reference to information in an FBI report dated 19 May 1960, in Washington, D.C., which also appeared in the Subject's 201 file. This report contained the following information:

- b) In 1952, Subject reportedly offered a job to Elizer Curet Cuevas, a Communist Party member in Puerto Rico (sources not specified).
- c) The FBI received information (source not specified) in 1952 and 1953 that Subject received mail from one Juan Antonio Corretjer, a former member of the Puerto Rican Nationalist Party.

Attachment No. 1 to  
DQ/HB Memorandum dated  
26 August 1964

d) At the request of the Justice Department, the FBI conducted an inquiry, under the Anti-trust Laws of the U.S., into the cement industry in San Juan, Puerto Rico during December 1963. An industrialist and financier, Subject reportedly controlled the cement industry in Puerto Rico. The Anti-trust Division Files of the Department of Justice contain the results of the inquiry.

5. The [redacted] according to WPA-1969 dated 4 January 1964, met with Subject in Ponce on 26 December 1963. At this time, Subject told [redacted] that he was considering the construction of two sizable plants (cement and glass) in the Dominican Republic "as a means of augmenting official assistance through private enterprises." Subject felt that it was "imperative for all free nations of the Hemisphere to do all in their power to help the Dominican Republic become a true Democracy and deny it to the Communists. In this vital task, private capital must also participate actively." This is the conviction that prompted Subject to consider building the plants.

According to a memorandum to CI/OA dated 27 May 1960, from WH/3/DRAM, the inquiry had no effect on its proposed operational use.

6. One document in the 201, UFGA-12398 dated 7 November 1963, reveals that Subject was a member of a group of Latin Americans who notionally subsidized AMSCROLL (probably an asset of WH/SA). [redacted] (IN 33987), 7 December 1961, one of a number of cables in Subject's 201 file, indicates that Subject took intense interest in Cuban affairs and was more than willing to obtain information on Cuban elements.

7. According to a document in Subject's 201, the Central Cover Staff had a record, Page 2128 dated 11 May 1960 in their file #3-3 in connection with WH/3/DRAM's POA/OA, but had no active or direct interest in Subject.
