**MEMORANDUM TO FILE:**

On 15 October 1963 Mrs. Anita Potocki advised as follows:

During a conversation with [redacted]<sup>2</sup> also of SAS, [redacted]<sup>3</sup> let it slip that the "top echelon" of SAS is anxious to remove Ted SCHACKLEY from his assignment as Chief of the SAS Base. According to Mrs. POTOCKI, [redacted]<sup>2</sup> inferred that certain individuals are setting a trap to catch SHACKLEY.

Source stated that SHACKLEY was personally selected by Bill HARVEY for the assignment, and this may have something to do with the move to force him out.
