O-1:
Attached is exchange of cables on John Whitten. Please note that although retired he is blocked to EOD. He is also concerned about his safety since he is living more-or-less permanently in [redacted] (He may be afraid that they will turn on him if they run out of oil ministers.) Kidding aside, I think he has a legitimate cause for concern so we want to handle this matter as securely as possible.

Please let me know ASAP how SSC wants to handle the finances for the trip. We have less than two weeks if they want him before 10 May.
