1. [redacted] indices contain no information on Germain ARCENEGAS (sic--presumably Germain ARCENEGAS) OR Francisco FERNANDEZ Santos other than that of an overt nature already known to KUMOLF.			
2. Comparable overt information on Alberto BAEZA Flores is presumably also available to KUMOLF. We have no derogatory information on BAEZA, but note that he has for some years been a contact and sometime collaborator of UNRUMBLE 2, a [redacted] asset in the FURUBEN field. As KUMOLF presumably knows, BAEZA lived for some twenty years in Cuba and acquired Cuban citizenship, which he now holds. UNRUMBLE 2 considers him very anti-communist, intelligent, and an influential writer, and will remain in touch for our purposes during the duration of his own stay in France.			
Hope A. Paplauski
