RE: MOVIMIENTO INSURRECCIONAL DE
RECUPERACION REVOLUCIONARIA (MIRR)

Reference is made to previous information furnished
you concerning captioned anti-Castro organization.

Recently, [Redacted] who has furnished insufficient
information to evaluate his reliability advised that
Orlando Bosch Avila, head of MIRR, is making plans to use
an airstrip, not yet selected, in the Bahamas for the purpose
of carrying out raids against Cuba. Two of Bosch's men,
Jesus Sanchez Martinez and (first name unknown) Gonzalez,
will be transported by a fast speedboat to this airstrip
along with about one dozen homemade impact bombs constructed
by Sanchez. An airplane which will be piloted by an unidentified
American reportedly is scheduled to rendezvous on the Bahama
island with Sanchez and Gonzalez, both of whom will accompany
the American pilot on two consecutive bombing raids, spaced
one or two days apart, for the purpose of dropping bombs on
sugar centrals in the Oriente Province of Cuba.

The [Redacted] stated that the date of the raid has
not yet been set. The speedboat will be brought from Miami,
Florida, to some location north of Miami and then will depart
under cover of darkness for the Bahamas. The plane is scheduled
to depart from its Bahamian airstrip at about 3 a.m. for Cuba
so that the attack can be made during the early hours of dawn.

The same [Redacted] further advised that Bosch has
also entered into a secret pact with Alpha 66, an anti-Castro
organization headquartered in Miami, to attack a British freighter
carrying equipment to Cuba. This attack reportedly will be

NOTE:

MIRR, anti-Castro organization, has been involved in carrying out raids against Cuba, some of which have been thwarted by U. S. authorities. On three previous occasions, planes, boats, equipment, bombs and personnel have been seized by Customs authorities. In connection with a previous plan to attack Cuba, Department, in April, 1964, specifically advised it was requesting Customs, Federal Aviation Agency and Coast Guard to take all possible measures to prevent the attack. As recently as May 12, 1964, Customs seized a homemade torpedo which was scheduled to be used in a MIRR attack against a Cuban vessel. This attack failed to materialize.

Information has now been received indicating that MIRR is planning new attack against Cuba. This attack reportedly entails use of airstrip in the Bahamas from which two consecutive bombing raids will be launched directed against Cuban sugar installations. Plans are being made in U. S. and material to be utilized in raid will be transported from U. S. to the Bahamas. MIRR has previously used islands in the Bahamas as base from which to launch such attacks and we have previously advised Bahamian authorities of these activities. (u)

MIRR leader reportedly has also entered into secret pact with Alpha 66, Miami anti-Castro organization, to attack British freighter carrying equipment to Cuba. Reportedly, this attack will also be made from Bahamas at some future time following completion of current plans of MIRR to bomb Cuban sugar installations. (u) 5-11

RE: MOVIMIENTO INSURRECCIONAL DE

INTERNAL SECURITY - CUBA
NEUTRALITY MATTERS

*in
6/10/64*

Previous investigation has reflected that Dr. Orlando Bosch Avila, head of the MIRR, an anti-Castro organization at Miami, was compelled to abandon plans for an attack upon the "Las Villas", a Cuban freighter, when this vessel recently avoided the east coast of South Florida on a voyage from Marseilles, France, to Havana, Cuba. This ship departed Marseilles on May 4, 1964, and was scheduled to dock in Havana on May 25, 1964.

On May 26, 1964, MM T-1, a Cuban exile who is friendly with some of Bosch's close associates, advised that Bosch has begun to lay new plans for another attack against Cuba.

Current Investigation

On May 28, 1964, MM T-1 reported that on May 27, 1964, Jesus Sanchez Martinez, who is also known as "Mimi", and Evelio Alpizar Perez, associates of Bosch, went to Orlando, Florida, upon instructions of Bosch, to examine two airplanes with the view of renting one or both for the next MIRR operation. MM T-1 said that Sanchez and Alpizar were transported from Miami to Orlando, and return, by an American, age about 47, 5'8" tall, weighing 180 pounds, black and gray hair, known only as "Otis", and a friend of Bosch. "Otis" was accompanied by his wife or girl friend, named "Carole". MM T-1 said Bosch decided against renting either of these planes at Orlando, both of which were owned by a medical doctor, because of exorbitant rental fees demanded.
