with his local supporters through three women who visit him periodically. He has been apprised of the activities of his followers in Miami and has requested that \$20,000 be furnished to a 40-man group of his followers in Camaguey Province. The Camaguey group is the one he has charged with making a raid on La Cabaña prison and freeing him. Under the orders of Reinaldo BLANCO Navarro, one contacted one who has a group of followers and has arms, ammunition, and dynamite buried on his farm in that province.

Sclso has a group of followers in Province which is led by and former sergeant group is calléd \ The buried arms and dynamite are to be used in sabotage and assassination attempts. has also sent one to contact Manuel BLANCO Navarro in Miami. Is attempting to set up an arms drop to the st a point 10 kilometers north of Los Palacios (22 36N, 83 16W). men will be waiting at this point and will signal the plane making the drop with four flashlights. Besides the two groups in Pinar del Rio province and the group in Camaguey, Reinaldo BLANCO Navarro also has two groups in Matanzas and Santa Clara provinces. 10 On about 25 August 1959 Manuel BLANCO Navarro, in Miami, wrote a letter to one of his followers in Cuba. Enclosed with the letter were two messages which BLANCO asked be forwarded to BLANCO

I am writing these lines to accompany a letter from my friend Dr. Rodriguez Couceiro, in whose house I am staying since I found out that they have arrested Leonel and that I cannot return there. As you will see in the letter, I am sending you a series of instructions to see if we can maintain the group that is presently without any leaders. Just as you have probably read in the newspapers, they have caught all the leaders in the roundup. This doesn't mean anything more than that we shall be delayed until we are reorganized again. Only about 100 were arrested, and the group numbered about 3,000.

De informed that the letters were "from his sister

As he (my friend) informs you, I do not believe that you ought to visit Reinaldo BLANCO Navarro in La Cabaña prison. You should send someone in whom you have confidence. In the new contacts that you made do not use your own name. Use an alias—so that, if anyone should talk, they will not be able to identify you. You should protect the place where you live. When you have meetings, hold them at prearranged places, never in your home. I know that you know how to do these things, but I want to warn you to be careful and use other persons to make your contacts. Den't do it personally. The principal objective is to is able to maintain yourself as the leader of the movement at least until you select chiefs if your work prevents you from leading in Habana.

We have made contact here with a large group which was not caught and which is also organized from Autentico people. This group did not lose its leaders, since, as I say, it was not caught because it had joined us only a few days previously. This group is almost ready for action; so it is urgent that you reorganize our people rapidly in order

that Don Fidel may not last until the New Year. In the next letter we shall send more details and possibly give the main outlines of the business. As soon as you have anything to report, use a courier in whom you have confidence. Do not use the name of that name is now "burned". Use the name Land use the address which you already have for the time being. I think that we shall soon change residence, but I will send you the new address as soon as we do. When you reply, use the name "little grandmother" (abuelita) since as you know, any meame" is also "burned". Many regards to all and an embrace from your sister 10. The second message reads as follows? Miami 21 August 1959 Dear Friend: As I suppose you already/know, because of the treason of William Morgan 12 and Eloy GUTIERREZ Menoyo12, the leaders of the Organization have been arrested, and it is most necessary that our people be reorganized so that the movement is not lost. The only person who is able to do so is you. I know that the responsibility is very great, but I also know your abilities, and we are sure that you will be able to do the job. As a first objective, it is necessary to establish contact with Captain Reinaldo BLANCO Navarro. He is the chief of our organization and will continue to be. He is in prison in La Cabaña, according to our information, but is allowed to receive visitors. He knows you, since you met each other in his office. You can introduce yourself as the brother of the will give you names of persons and instructhe brother of tions to follow. However, it is very important that, while he remains a prisoner, you set up a courier so that you don't have to make subsequent visits. This would be dangerous in the extreme. With respect to the rebels, be very careful in making your contacts, since one lesson is enough. There is one safe person whom you can trust, You can see
