OCCURRENCE: With regard to paragraph 2 of Lansdale's memorandum to SGA dated 14 Nov. 1962 Harvey states: "The statement that Operation Mongoose had had no information on this operation since early October was patently false. Specific references made to the pen ultimate paragraph and Lansdale's memorandum concerning a report for the CIA which he used as a basis for memorandum dated 31 Oct. 1962 to Oswald Kirkpatrick. This refers to a telephonic conversation on the evening of 30 Oct. 1962 between Lansdale and Cheever which is referred specifically in paragraph 2 on pages 7 and 8 of my reference memorandum. I have discussed this matter in detail with Cheever and clearly recollects that his conversation with Lansdale on that date took place as reflected in my reference memorandum. During this conversation there was no discussion of previous operations except a brief discussion of the COBRA and ANTORIO teams and Lansdale did not ask, according to Cheever's recollection, any specific questions concerning assets inside or prior operations which

SOURCE: would logically have led to the discussions at the time of the Matahambre operation."
