Chief,

⑤ - memo from ^{Chief,} Contract Employees Accounts Section to Chief, Western Europe Division, dated Oct 13, 1965. Reports that there is no record of receipt of Duty Status Reports for Hunt since his EOD 4 July 1965. Reports are required in order to maintain his leave account in accordance with the terms of his contract. memo on bottom of page to Compensation and Tax Division from Chief of Support, WE Division: "Per conversation with ^{Mr.} Thomas Karamessines, ADDP, there will be no Duty Status Reports submitted on Hunt. This should be used as the authority to continue his pay without these reports."

⑥ memo for Dep. Director for support to Acting Chief, Western Europe Division, dated Nov 8, 1965. Hunt has requested relief on housing costs. "4. Due to the operational sensitivity of Hunt's assignment, his request for relief on his housing costs was handled by Mr. Thomas Karamessines. On 5 Sept 1965, Mr. Karamessines, approved his being reimbursed on a 75/25 % basis for the excess allowable costs up to, but not to exceed, 60 % above his quarters allowance."

⑦ memo, dated Feb 1, 1974 re General Gaylor's recollection ~~re~~ regarding his knowledge of the writings of Mr. Hunt and any official who might be aware of the circumstances of any Agency involvement in that effort. a. "He became aware that Hunt, while in WH, was accomplishing a steady flow of spy books, and that security approval was not being requested on the manuscripts before submission to publishers. Gen. Gaylor advised that ~~a great~~ he raised the issue "up front" on several

OK

occasions. The reaction he received to his raising the issue was that "keep your stinking nose out of this business." He stated that he was lead to believe that Mr. Helms desired to improve the image of the intelligence profession and the Agency and that Hunt's books were a part of the program to do so. He stated that he was never told outright that this was the case, but the responses he received lead him to believe this was the case."

He suggested two people who might clear the issue-

Ray Rora and Walter Pforzheimer "both of whom were involved in the "image" materials. He stated that Pforzheimer seemed to be aware of all the details - on an up to date basis - of Hunt's departure from the Agency to join the public relations firm, to the degree that Gen. Gaynor gained the belief that Hunt was merely moving his desk outside the building, but being paid by the same source as before. [REDACTED] Also [REDACTED]

⑧ Feb 6, 1974 - memo - On Feb 4, 1974 - Pforzheimer was interviewed. "This interview was undertaken in an effort to determine if Mr. Hunt had acted in any capacity in cooperation with Counter Intelligence operations. When Pforzheimer discovered Hunt had written On Hazardous Duty, he called Karamessines. Mr. P recalled that "from the nature of Mr. Karamessines' reaction that he had uncovered a sensitive matter of senior officer concern." Within 5 minutes, Helms called Pforzheimer who remembers the substance of the conversation being "for Christ sake Walter, this is the first book to come along and say

something good about the Agency." "Why not leave the Goddam thing alone." Mr. P believed that ^{only} Helms or Karamessines could answer the question of whether Hunt had Agency sponsorship for his books. ~~was~~ The memo states that Hunt was assigned to the Office of the Deputy Director for Operations in Feb 1965. The first book was published during 1965, June 1965 - through Sept 1966, Hunt was assigned to [Madrid] as a contract agent. 1966 - 3 books appeared. 1967 - 1 book, 1968, 1969, 1971, & 1972 - 1 book/yr. April 30, 1970 - Hunt officially retired as an Agency staff employee. "The office of Security records did not develop any indication that any of the David St. John manuscripts were ever submitted for review in accordance with Agency regulations."

9- memo for record - Feb 6, 1974 *Subj: Possible Agency Sponsorship of the David St. John Novels. A conference was held with people from the I & G office. "The speculation was entertained that Mr. E. Howard Hunt had, in fact, been under Agency sponsorship with the knowledge of Mr. Richard Helms in his preparation of a series of spy novels under the pseudonym, David St. John. It can be accepted as a reasonable supposition that Mr. Hunt had some highly compartmented financial arrangement authorized by senior Agency officials to write these books, then it is likely that this relationship continued after Mr. Hunt officially retired." "Minutes from the Office of Legislative Counsel made references to a concern of Senator Baker over an alleged financial relationship between

Mr. Helms and Mr. Hunt which continued subsequent to Mr. Hunt's formal retirement..." Baker made reference to a payment of some \$30,000 with the parenthetical comment that Mr. Helms would not have that amount of money from his private funds. An employee of IG staff opined that "if the Agency had sponsored the St. John books, it was likely that Mr. Hunt had so informed Senator Baker."

⑩ Interview with Raymond Rocca - Feb 14, 1974 - Asked about financing of Hunt. "Mr. Rocca responded "on the record" that he has no knowledge of any such arrangements nor at any time was he party to any assistance ~~or~~ or any requests for assistance to Mr. Hunt." Ventured opinion that "in all probability an official acquiescence on the part of senior officials might have been involved rather than an official sponsorship."

⑪ Interview with Chief, Contract Personnel Division, 15 Feb 1974. Stated that "although it was not common practice it was not entirely unusual for highly sensitive contracts to be administered without the contracting officer being aware of the operational objective involved."

⑫ Interview with former Chief of Support, Western European Division - 1965 Date: 15 Feb 1974. Asked re Hunt's activities in 1965 "From his recollection it was Hunt's habit to deal only with the most senior officer available." "He was never briefed on the purpose of Mr. Hunt's mission..."

⑬ memo for record, dated 21 Feb 1974, re Office of Finance Records - E. Howard Hunt.

Hunt - departed D.C. on 5 Aug 1965 and arrived [Madrid] on 16 Aug 1965. Hunt was paid through an account at the Riggs Nat. Bank in D.C. An operational acct was established for Mr. Hunt with Chase Manhattan. There was no record of any operational accounts or advances being processed through this channel. Mr. Yale stated that this fact defined his concern. He felt that it was inconceivable that Mr. Hunt could have undertaken operational activity without some transfer of or accounting for funds. To date, no such records have been developed. No reference to a project or project digraph or operational EAN number has been located. All expenses connected with Mr. Hunt identified to date were charged to the [Madrid Station] support. A review made of [Madrid Station] records has not indicated any "Developmental and Target of Opportunity (D&TO)" funds or "Other Operational Activity (OOA)" funds expended by or on behalf of Mr. Hunt. These two accounts would normally be the source of operational funding not charged against a specific project activity. A review of travel vouchers also failed to identify a project. There was a voucher for a trip to PC & return to [Madrid] Jan 5-8, 1966. The voucher states in the space provided for the citation of the travel order number - "no travel order." The accounting was approved and signed by Karamewnes. @ no justification or statement of purpose. Mr. Yale noted that the royalty offset waiver provision amended to Hunt's contract was, in his experience, somewhat unusual.

The Office of Finance Director stated that from his experience, Mr. Karamezines would have delegated all the arranging of "details" surrounding an assignment such as Mr. Hunt's to Mr. [REDACTED]. He offered his surprise "at what he interpreted to be reticence to date to interview Mr. [REDACTED]."

(14) memo for record - 21 Feb 1974 subj: watergate - [REDACTED]
[REDACTED] Mr. [REDACTED] retired June, 1972. Prior to retirement he was an officer in the External Employment Assistance Branch, Retirement Activities Division of the Office of Personnel. He was to assist in finding post-retirement employment. He had been instrumental in the placement of Hunt in the Robert R. Mullen P.R. Firm. ~~The purpose~~ Prior to working for Personnel, [REDACTED] served with the Central Cover Staff in the area dealing with the funding of covert action projects. He had become familiar with activities of Hunt while Hunt functioned on the Covert Activities Staff. [REDACTED] first came in contact with Mullen Company when he was attempting to handle the public relations effort of a covert Agency activity known as the Free Cuba Committee.

"In a response to a question as to whether or not executive level interest was still being shown in Mr. Hunt's post-employment placement, Mrs. [REDACTED] recalled that Helms, then Director, was listed as a character reference on Mr. Hunt's resume and Helms signed letter of recommendation to the Kennecott Copper Co. on Hunt's behalf." Contact was maintained with Mr. Hunt at the Mullen Co. on a continuing basis, because Mr. [REDACTED] was interested in Mr. Hunt for possible referrals (of other Agency retirees). He also

understood there was cover and commercial staff interest in the Muller Co., and that Mr. Hunt became instrumental in discussing several aspects of the cover operations in his capacity as an officer of the company.

Mr. Hunt contacted ██████████ on several occasions requesting referral of retiring Agency employees with specific qualifications -- after Hunt had joined the White House. Recalled a request for an individual having skills in the area of locks and surreptitious entry. It was ██████████ impression that the duties involved would include the monitoring of a listening device in an undisclosed location. Hunt also requested a recommendation of a security service organization to carry out an electronic countermeasures sweep. ██████████ suspected the electronic countermeasures sweep was to be carried out in the offices of the Committee to Re-elect the Pres. ██████████ was asked if he ever referred anyone to McCord Associates. He had ██████████ recalled that at the time of Hunt's assignment to [Madrid] the statement disseminated for consumption within the Agency was that Mr. Hunt was retiring. This was not generally believed. He was quite certain that during this period his office handled no project funding for Hunt. On Mr. Hunt's return to staff employment the projects and funding which stopped in July 1965 were again resumed.

(15) 22 Feb 1974 - meeting with ██████████ - He thought it was entirely possible Helms & Karamessines handled the Hunt-[Madrid] business their own. He didn't know anything.

(16) Interview with former Deputy Chief of Western European Division, P - 22 Feb 1974. He stated the assignment of Mr. Hunt to the European Division & to [Madrid] "was handled without the benefit

of the routine processing procedures through the Western European Division. Hunt's assignment was coordinated and directed by Karamessines. He was unaware of any specific project or target for Hunt. ^{If} Hunt produced positive intelligence on the [Iberian target] during this period the officials responsible for the officials responsible for this effort within the Western European Division were totally unaware of it. The maj. of info. he had about Hunt was hearsay, for example, a comment was made by a mutual acquaintance to the effect that Hunt stated that while in [Madrid] he was going to "play golf and write books." is personal opinion - that Hunt had no operational function and was simply granted the opportunity to write books for his own personal gain at gov't expense.

(17) memo for the record, dated 20 Dec 1973, conversation with C [Iberian] desk in 1964, 65. He was told by [Eur] who had been told by Karamessines that Hunt was to be assigned to [Madrid] as DCOS, as a directed assignment by Helms. The Ambassador would not have Hunt in the embassy. After a couple months he was told that Hunt was going to [Spain] under unofficial cover. It came to him from Karamessines on Helms' order not to have the phone # of the COS, but he would do nothing. the [station] Hunt was to submit administrative vouchers for reimbursement of his expenses & they were to be paid. He knows that there was no operational reporting, to indicate that Hunt was doing anything. [COS-/Madrid] had told him that he didn't know what Hunt did.

⑮ 27 Feb 1974 - Search of Finance records to determine if [\$30,000] payment to Hunt, that required no accounting, could be found. ~~and~~ travel claims for 1960-1972. Analyzed Hunt's advance account for yr in [Madrid] and have determined that [\$33,500] was advanced to him for travel and transportation with one trip to [Paris] to renew visa. One item appeared unusual - an expenditure of [\$1,600] for a sensitive operation which was approved for write-off by Mr. Desmond Fitzgerald on 1 June 1966. "One strange aspect of the [non-official cover] assignment in [Madrid] is that all the costs were charged to the support allotment of the EUR Division which is not normal as [non-official cover] people are usually assigned to the project. It is unusual to have a case officer abroad for one year on an operational assignment without him incurring operational expenditures.

⑯ memo dated 9 May 1974, by Chief, OPS/OSG re "Watergate File Research - Final Report." Recalls that there were occasional inquiries by Am. residents of Madrid about the reported presence in [Spain] of E.H. Hunt. At no time did Hunt contact him. There was some info in 1972 concerning reported activities in [Spain] by Robert Vesco.

⑰ 29 Oct 1974 memo from Dir. of Security - "Leave records reflect that for the four week pay period ending 23 November 1963 Mr. Hunt took a total of 11 hours sick leave and no annual leave. In the following four week pay period, he took 3 hours sick leave and 27 hours annual leave. We are unable to further identify the dates on which the above sick and annual leave were taken. Travel records reflect that Mr. Hunt conducted no official travel during the month of Nov. 1963."

11/19/74

(a) memo for record, 20 Sept 1974 - by S.D. Breckinridge.

"Hunt's travel record shows official travel in September, October and December, but none in November; all of this travel was to New York." " [redacted] states that we already know, as a result of responses to previous requests, that we have no records on Sturgis that would show similar information; he was not an agency employee.

"Security provided us with a column by Jack Anderson, of 16 April 1974, in which he covered the Hunt-Sturgis rumor, dismissing it. A copy of the news column is attached. This would suggest that, rather than police photographs of persons rounded up and booked, the photographs in question are random snapshots of crowds. If this is correct there would be no related police fingerprint records that could be checked for verification."

(a) memo for Deputy Director for administration from Dir. of Security, subj: E.H. Hunt, Date 23 Oct 1974. Discussed allegation regarding Hunt & Sturgis. "Mr. Sturgis was not associated with the Agency in any manner in November 1963." FBI Liaison officer interviewed Hunt on 17 Oct 1974 and Hunt advised at that time that he had learned of the assassination of JFK "on his car radio while he was in a leave status in the Washington D.C. area."

(b) memo for the record, dated 20 December 1973, by Breckinridge. Hunt was in the DO Division and in Aug 1964 was assigned to the [wash. field office] "I gave as a possible press treatment that Hunt was engaged in domestic operations (something Senator Baker is pursuing) and that

11110752

his assignment to [Spain] after the election could be presented as giving him time to cool off."

2- "When Rothman first came to CIA's attention in September 1958, he was living in Dallas, Texas and was allegedly engaged in public relations work. According to his wife, Gloria, he made a one-week trip to Los Angeles in September on undisclosed business."

3- In October 1959, Rothman was managing the Biltmore Terrace Hotel in Miami from which he was reported by the FBI to be supplying an anti-Castro organization with arms which he obtained through U.S. gangsters".....

4. Following Pittsburgh conviction, Rothman went to Chicago, where he surrendered on charges of playing a key role in one of the biggest robberies in modern crim. history, the 13.5 million \$ looting of a Canadian bank. Robbery was touched off when the Canadian branch of the mafia received a hurry-up order from the Caribbean for arms. The Canadian mafia did not have the money to buy arms, but it knew how to ~~reach~~ get hands on the contents of the Brockville, Ontario bank. It called upon the U.S. mafia for assistance, and it was then that Rothman entered the picture, it was charged. "Subsequent portions of loot turned up in Shanghai, Argentina, Cuba & Australia.

In this enterprise he was associated with Eduardo (Teddy) Whitehouse Ins formerly of the Cuban Civil Aeronautical Association; ex-Colonel Orlando Pizarra Negueruela, former member of BRAC and head of Cuban Bureau of Investigations; and Colonel Roberto Fernandez Miranda, brother-in-law of Batista and former commander of the presidential guards as well as president of the National Sports Commission. While no mention is made of Rolando Masterrer in this connection, Rothman has engaged in many exploits and deals with Masterrer."

6- "In September 1960, Rothman still out on \$50,000 bond, made an approach to Frank Fiorini, soldier of fortune, offering to obtain two migs - one flown by a Czech and another by a Cuban. Fiorini felt that Rothman's ~~action~~ ^{interest} was stimulated by a straight profit motive or by hopes for favorable treatment regarding the Federal case against him."

7- In Oct 1960 R. again appeared in Dallas, where he approached Robert E. Grinnan, an oil contracts promotion man. Rothman claimed to have connections with Nor-Roth Industries of NYC. and stated that clients of his had an interest in purchasing 1/2 million metric tons of diesel fuel oil and one million metric tons of crude oil to be delivered over a five-year period to Hamberg, Germany. A 9:10 A.M. Papish called and stated that he wanted to be sure we didn't have any additional information concerning Ruby. "I advised him that we had checked our records, including fru's, and on the basis of the information we had concerning Subject which had been provided by him (24 November) we have no information relating to him."

A 9:20 Papish called again and said after search at FBI "there was no indication that he has been out of the United States or that he is a member of any particular political or subversive group. He stated that there was some indication that he may have been in Cuba in 1959 while we still had an Embassy there, and there was some information that he allegedly visited a night club. Mr. Papish pointed out, however that this would have been entirely consistent with his known activities in the night club business. He said that the possibility of his being in Cuba should be considered with a "big question mark."

"I reminded Papish that we had checked through the Immigration ~~and~~ Service on the tourist card record in the Mexican Immigration in Nuevo Laredo and that we had had a response that they were unable to develop any information concerning his departure on ~~the~~ 26 September and re-entry on 3 October

Rothman is characterized on the 201 file review form as a "former willing collaborator (relationship terminated). The 201 file was reviewed in 1975.

An Oct 15, 1959 cable states that a new anti-Cast organization with headquarters in Miami at the Biltmore Terrace Hotel, is managed by Rothman "who is supposed to provide source thru U.S. gangsters for guns and other weapons." An Oct 19, 1959 cable indicates that Rothman is under indictment in Pittsburgh for the Interstate Transportation of Stolen Arms. A Dec. 10, 1959 cable states that Rothman is "going to Yucatan, Mexico to seek a site for a base of operations against the Castro gov't." A Dec 31, 1959 cable reports that after Rothman returned from Mexico City he stated "We have a strip." A compatriot of Rothman, Eduardo Whitehouse, is later ~~was~~ said to remark that "we have the planes." The cable states "Believed that both subj. [Rothman] and Whitehouse are acquiring planes for purpose of setting up base of operations in Yucatan Peninsula for anti-Castro group headed by Col. Orlando Piedra and Roberto Fernandez Miranda."

A cable dated Feb 5, 1960 reports that Rothman has been released from the Allegheny County Jail after an appeal bond was posted. The file contained two memoranda for the record prepared by [Catherine LaMaistre] dated June 30, 1961 and July 10, 1961. The June 30 memo contains the following information:

a- Rothman's DOB is 26 Dec 1914; POB is Bronx, NY.
b- "When Rothman first came to CIA's attention in Sept. 1958, he was living in Dallas, Texas and was allegedly engaged in public relations work. According to his wife Gloria, he made a one-week trip to Los Angeles in September on undisclosed business."

c- "In Oct 1959, Rothman was managing the Biltmore Terrace Hotel in Miami from which he was reported ^{by} the FBI to be supplying an anti-castro organization with arms which he obtained through U.S. gangsters...."

d- Following Pittsburgh conviction, Rothman went to Chicago, where he surrendered on charges of playing a key role in one of the biggest robberies in modern criminal history, the \$13.5 million looting of a Canadian bank..... "Robbery was touched off when the Canadian branch of the mafia received a hurry-up order from the Caribbean for arms. The Canadian mafia did not have the money to buy arms, but it knew how to get hands on the contents of the Brockville, Ontario bank. It called upon the U.S. mafia for assistance, and it was then that Rothman entered the picture, it was charged. Subsequently

e. "Before Rothman was tracked down in connection with the above crimes, he was reported by the FBI as traveling to Yucatan to seek a base of operations against the Castro gov't. In this enterprise he was associated with (Teddy) Whitehouse Insua, formerly of the Cuban Civil Aeronautical Association, ex-Colonel Orlando Piedra Nequeruela, former member of BEAC and head of Cuban Bureau of Investigations, and Colonel Roberto Fernandez Miranda, brother-in-law of Batista and former commander of the presidential guards as well as president of the National Sports Commission. While no mention is made of Rolando Masterrer in this connection, Rothman has engaged in many exploits and deals with Masterrer."

f. "In Sept 1960 Rothman still out on \$50,000 bond, made an approach to Frank Fiorini, soldier of fortune, offering to obtain two migs - one flown by a Czech and another by a Cuban. Fiorini felt that Rothman's interest was stimulated by a straight profit motive or by hopes for favorable treatment regarding the Fed. case against him."

g. "In Oct. 1960, Rothman again appeared in Dallas, where he approached Robert E. Grinnan, an oil contracts promotion man. Rothman claimed to have connections with Nor-Roth Industries of N.Y.C. and stated that clients of his had an interest in purchasing 1/2 million metric tons of diesel fuel oil and 1/2 million metric tons of crude oil to be delivered over a five-year period to Hamburg, Germany. h. "As of December 1960, Rothman was living in Dallas, Texas."

The second memorandum for the record (July 10, 1961) contains additional background information and an updated location on Rothman. The memo indicates ~~that~~ ^{that} during the Batista regime, Rothman was the supervisor of slot machines in Camaguey province under the national supervisor, Alberto Araura Moya, who was one of ^{the} owners of the Tropicana nightclub in Havana. The memo states that recent reports place Rothman in Miami.

The file also contains a memorandum for the Deputy Chief of the Western Hemisphere Division from [Clark W. Simmons] re a meeting with Rothman and David M. McConnell. The memo is dated June 30, 1961. The meeting occurred on June 29, 1961, at the Deputy Attorney General's office and was for the purpose of evaluating "Rothman's claim to operational assets inside Cuba and elsewhere in the Caribbean area. An agreement was made that ~~McConnell~~ ^{McConnell} would be notified of Rothman's "operational potential in Cuban affairs" on July 5. (There is no ~~SECRET~~ in the file of ~~the~~ any further communication with McConnell).

At the beginning of the meeting McConnell spoke to [Simmons] privately. McConnell described himself as a "leading political figure in the Democratic Party machine in N. Carolina," and stated he was acquainted with Robert Kennedy, General Taylor, a General Van Fleet. McConnell is a corporate tax attorney and was concerned about the embarrassment to the Kennedy administration caused by the Cuban "fiasco." He stated that Rothman claims to have assets and capabilities which would enable Rothman to destroy the arms dumps on the plantation of ex-president Cardenas of Mexico, to set up operational bases in the Yucatan at a cost of \$50-81,000, to sabotage targets in Cuba identified by the U.S. govt, and to provide positive intelligence on the activities of Chinese Communist Groups in the Western Hemisphere.

When Rothman was ~~questioned~~ questioned by [Simmons] made the following points:

- 1- Castro had executed three of his close friends:
(Francisco - war name)
Rogelio Gonzalez, Sori Marin, and Efigenio Fernandez
- 2- Rothman has the operational capability to destroy arms dumps of Cardenas. He has agent assets in Mexico with whom he made contact 4 to 5 months ago.
- 3- He had Indians construct an airstrip in the Yucatan. One B-26 had landed there.
- 4- He is well acquainted with Sanchez Arango and considers him a close personal friend. He last met Arango 6 weeks ago.
- 5- He has the personnel and capabilities to attack or sabotage any target of **SECRET** in Cuba. He has a a

basic plan for assassination of Castro. The plan called for an air attack with napalm against Castro when he was addressing a rally. He has 100 pilots who had participated in the invasion of Cuba and are now working for the Congolese Air Force. Rothman would not identify the pilots.

6. Rothman said he had many agents going in and out of Cuba. He is in contact with 6 agents at this time. The agents are in the tourist-travel business or import-export business and enter the U.S. through 3rd countries.

7. He knows of many Chinese communists going into Canada from Cuba.

8. Rothman expressed resentment over gun-running charges. He said "that CIA used the same people in the gun running activities and the same houses, for which he (Mr. Rothman) was being prosecuted by the Federal Government. He said that he had supervised 40 ship operations on behalf of the Frente against Cuba. He said that CIA would truck the stuff to the point of ship pick-up, where he (Mr. Rothman) would supervise the loading of the ships. He said that he had purchased the 20ft ship "reefer" which was the first boat to support the underground in Cuba. He added that he knew everything the CIA planned in maritime operations and for the invasion."

9. Rothman stated he is a close friend of John Abbes Garcia, Chief of Dominican Republic Security.

At the conclusion of the memorandum, [Simmons] commented that he did not believe Rothman's claims of controlling

agents and material assets. He recommends that there be no further discussion with Rothman re these claims.

[Simmons] notes from this meeting give McConnell's address as Charlotte, N. Carolina. This memo includes additional comments made by Rothman -

- a- Claims to know Prio, Betancourt
- b- "suspects Patrick op as being funny and ill-advised.
- c- In the last year Rothman has met Frango 20-25 times
Rothman knows friends: "Garcia" and "Tito"
- d- Austin Young is Rothman's personal pilot.
- e- He last visited the Dominican Rep. in 1959 for the purpose of communicating with assets and contacts. "John Abbes asked Rothman do job"

The file also contains some information on Eduardo Whitehouse, Orlando Piedra, and Miranda Fernandez.

I. ~~the~~ Eduardo Julio Whitehouse Insua (DOB 3-14-14) aka "Teddy". Whitehouse is described as a compatriot of Rothman. An April 5, 1960 report states that Whitehouse and Elliot Spinning intended to take a B-26 to Vera Cruz. Sam Rubin (believed to be identical with Sam "Stretch" Rubin, chief doorman at the Biltmore Terrace Hotel) was reported to be the owner of the B-26 (Reg # N32446). A Dec. 31, 1959 report indicates that U.S. Customs seized a B-26 at Miami and another (N28816) at Vero Beach, when Whitehouse and Spinning attempted to move them. A 12 Dec 1960 report states that Whitehouse was responsible for setting fire to the sugar crops in early ~~1960~~ **SECRET** states he was asked by

Rorke, Jr., Whitehouse has 70 pilots available and ready to take drastic action against Castro and have worked out a "definite plan of action" to accomplish "Castro's overthrow."

II. Oriando Piedra

Piedra was formerly in charge of the Dept. of Investigation under Batista. A 8 Jan 1960 report states that according to Enrique Fernandez Parajon, both he and Piedra are heading the "military section" of the counter revolutionary group which is receiving monetary support from Batista. A 4 March 1960 report indicates Piedra met or planned to meet with General Jose Pedraza during the latter's visit to Washington. Piedra is described as a member of BRAC who fled Cuba on Jan 1, 1959.

Reference is made to a New Orleans FBI report, dated March 27, 1961. On Oct 2, 1959 there is a report that Piedra received orders by Batista thru Joe Suarez Nunez to immediately consolidate anti-Castro forces.

III. Miranda Fernandez - There is one report, 3-8-61, which states Miranda admitted ~~to furnishing aid~~ to Rolando Masferrer in 1959-1960. He stated he is now providing aid and assistance to his former military regiment who are still in Cuba working against Castro. He thinks the group is associated with FRD.

The plot is led by Cabelo and some of the March 13 movement plus (writer believes some military officers.)

"They must move more quickly because more and more people learning of the plot and thus growing risk of exposure.

They are anxious to have some coordination or at least consultation with responsible Americans. They ~~are~~ are not confident that they could win an all-out fight against Castro forces, thinking more in terms of taking control for a few hours, killing Cabelo & his most effective men. They want what of anything the Americans might do to help when the coup is attempted. They also wished to alert the US Gov't as to what was being planned.

The Cubans might have turned to [Earl Williamson], CIA [Madrid] but believe him to be unreliable as Cuban girl sent [Madrid] some time ago by Castro & fooled [Williamson]. He arranged for her to work with International Rescue Committee. She returned to [Madrid] w/ plans of plot.

Plotters asked Espinosa to be go between with reliable American officials. "Top security" man returned to Havana while one report of plotters waited in Spain for answer.

Espinosa returned to N.Y. Called O'Brien of FBI and asked to be put in touch with serious and reliable man from CIA.

Espinosa told story to "H.A." of CIA. Espinosa believes H.A. or someone else went to Spain to check story.

"Growth of MRP strength, Miami arrival Manuel Ray, firm establishment AMRASP as serious albeit somewhat controversial unit, Bender group concentration on selected number of Cuban complexes, are factors which about to result clearer emergence leading contenders for carrying brunt anti castro fight. We can perhaps devote now fuller attention to AMRASP, MRP, and MRRD without undue distraction by other much less important groups. However we should realize that these latter groups may be very vocal in their attacks on the "big Three" Also there is no unity within exile community and even a man of Miro Cardenas stature threw in towel this regard (See below). Further more it quite conceivable that younger elements within

[] AMRASP and even perhaps AMWAIL may switch to MRP sooner or later. This is might be so because Bender, I.E. PBPRIME, readiness Render some support to MRP no dark secret and MRP perhaps more appealing to you new direction. AMWAIL was always close to MRP but had no place to go until just now."... []

" During 16 Nov Bender Miro meeting latter was much dejected. He cannot bring about unity: Those in touch with PBPRIMERS are smug and feel no need to make even a minimum of compromise: those not in touch are waiting to see which of groups will gain upper hand and then will try to join it at last possible moment...."

"Bender then sprung suggestion, and suggestion only, which he had tried out on Manuel Ray the previous month night: Perhaps one could form a consejo revolucionario democratico, chaired by an elder statesman without party affiliation. (Comment: Parlett was thinking of MIRO.) Council would have 3 members: Varona, Ray, Lorie. Under council would be affiliated orgs such as AMRASP, MRP, AMYUM dissidents and any other group that wanted to join. ...Miro felt such solution possible especially if prprimers would let it be known it desired. Droller's Comment:"We believe that Varona will play ball one way or another, but we are not convinced that Ray will accept our list. We have the impression that he might want to substitute his own list; of course, we must see what he comes up with. In any case it is our view that we should not rush matters unduly if there is real State Department interest in having Mr. Ray and company play a role in the provisional government. Should the decision be made to write Ray off, we believe the Assembly could be convoked without too much ado, substituting Miro Cardona for Ray. It should be noted that the above is only the gist of a long conversation session which, by the way, was recorded and took place in the Shoreham hotel...."

He suggested 2 people who might be able to assist in clearing issue: Ray Eocca and Walter Pforzheimer, both of whom were involved in the "image" materials.

He stated that Pforzheimer seemed to be aware of all the details - on an up to date basis - of Hunt's departure from the Agency to join the public relations firm, to the degree that Gen. Gaynor gained the belief that Hunt was merely moving his desk outside the building, but being paid by the same source as before.

IV. Rosselli/Varona/Mafia plots

A. Report by ~~_____~~ ^{security officer} dated 26 Dec. 1968. Roseali called ~~_____~~ ^{sec. off.} and stated he "ran into the 'principal contact' of our project." "I asked if he meant Tony, and he replied in the affirmative (Tony Varona). He had not seen him in several years until this chance meeting at the Fontainebleu Hotel. They had lunch together and during the luncheon, Tony indicated that there were several "strong men" from the Caribbean area in Miami that were determined to overthrow some of the current regimes in their respective countries." Nicaragua in particular was mentioned. "Varona stated that he along with other leaders felt very bitter toward the Agency, and any effort initiated by them would be done without requesting any assistance from us. The basic complaint was that there were too many leaks in the security of the Agency." Varona reported that he keeps aware of what's happening in Cuba through ~~_____~~ ^{a relative} of a ~~_____~~ Cuban official who is ~~_____~~

B. Memo re Johnny Roselli to DCI dated 9 Dec. 1970. Related IG story. Starts in Aug 1960 when Richard M. Bissell approached Sheffield Edwards to determine if Office of Security had assets that may assist in a sensitive mission requiring gangster-type action. Target was Castro. DCI was briefed and gave approval. Colonel J.C. King was also briefed. Certain TSD and Communications people participated but were not witting of mission. ~~_____~~ was Roselli's contact until May of 1962. During week of Sept 25 Mahew was introduced to Sam and Joe at the Fontainebleu. Joe gave the pills to Orta, but Orta got cold feet. "Joe then indicated that Dr. Anthony Varona, one of the principal officers in the Cuban exile junta, had become disaffected with the apparent ineffectual progress of the Junta and was willing to handle the mission through his own resources." "He asked as a prerequisite to the deal, that he be given \$10,000 ~~_____~~ for organizational expenses and \$1,000 worth of communication equipment. Dr. Varona's potential was never fully exploited, as the project was cancelled shortly after the Bay of Pigs episode. Varona was advised that the offer was withdrawn, and the pills were retrieved."

addressed it to P.O. Box 1195, the return address on a letter I had received from you. To my dismay, it has not been answered. The political history of those two days appears to prove that my letter of 10-22-63 was carried out in full and with an unexpected reply, which brought out the true nature of communism in full. This should solidly establish our position for the future. I have said or written nothing to anyone outside this letter.
