24 Dec 63 From: J. Whitten to C/C1

Attached for your info, comment, and correction is the original, unexpurgated version of the report on SPFLOOR covering Oswald's stay in Mexico and including summaries of the telephone intercepts. This may be useful to your analysts who are processing the rest of the material and to the people preparing the final report. In writing this ^(sic) ^(up), I have made certain comment and indulged in a certain amount of analysis, because the naked facts seemed to call for it. These thoughts are my own. Feel free to make your own analysis.

This report was written for internal use only and was not intended to be used outside the Agency.

Mex City often produced info like
this on US citizens contacting Soviet
Bloc embassies in Mex City.
Frequently evidence is incrementally
droz info on Americans is not
treated routinely; in each case
the DPP or AODP personally
scrutinize the info, make sure
its credible & decide whether
& to whom it will be passed.
Only in absolute emergencies
is the Mex City authorized
to pass such info directly to
FBI office in US Emb.
