1. Reference is made to Chicago Field Office memorandum dated 19 May 1961 concerning the Subject.

2. On 15 June 1961 Mr. [redacted] advised the Special Agent in Charge that Richard S. Cain, working under a license of the Accurate Laboratories, Room 308, 166 West Washington Street, Chicago, Illinois, called [redacted] and advised him he had just returned from British Columbia where he had been working on matters reportedly relating to Project SEAL. Memorandum

TO : Files

FROM : Chief, Security Analysis Group

SUBJECT: CAIN, Richard
 SF#272 141

DATE: 12 September 1971

1. In connection with the 1975 proceedings of the Presidential Commission on CIA Activities Within the United States (Rockefeller Commission), memoranda under the caption of Alleged Illegal Domestic Activities were prepared by the Office of Security on a variety of different topics or subjects. The memoranda were numerous, detailed, and many had attachments or information concerning two or more subjects or topics.

2. The above memoranda may or may not have been furnished in toto to the Rockefeller Commission. The memoranda were transmitted through the DDA to the Inspector General with a certain number to the General Counsel and were not directly furnished to the Rockefeller Commission by the Office of Security. Due to the extreme urgency and complexity of the above memoranda, it was not possible to document many of the pertinent security files.

3. In order to alert OS professionals that information concerning a specific individual or organization was prepared in connection with the above investigation, a copy of this memorandum is being placed in each pertinent security file (where a file exists). In general, the information furnished was based on information available in the particular security file, but additional research in other Office of Security files was involved in a number of instances. In the event of future detailed interest in a particular file, a copy of all memoranda prepared in connection with the Rockefeller Commission investigation is retained in the office of the DD/PSI. In addition, SAG is at least temporarily maintaining a copy of the majority of the memoranda and can also be of assistance.
