Office Memorandum • UNITED STATES GOVERNMENT

TO : Director of Security
ATTN : Mr. Ervan E. Kuhnke
FROM : Chief, Assessment and Evaluation Staff, OTR
SUBJECT: Request for Alias Credentials

DATE: 9 March 1961

1. The Assessment and Evaluation Staff is supporting the SR/10 Program by providing psychological assessments of candidates. Mr. Fielder Dudley of SR/10 has informed us that he has a set of Agency credentials in alias which are used in making direct approaches to candidates in the field. He asked that a psychologist accompany him on his recruitment trips. In the event an individual indicates his interest in participating in the SR/10 Program, the case officer would ask him to be interviewed and tested by the assessment psychologist.

2. The two individuals ⁰³ which we would like to be documented are Dr. Kenneth H. Bradt and Dr. [redacted] of the A&E Staff. The aliases obtained from RI Division for each individual are as follows: Dr. [redacted] will use the name of Keith B. Eradis and Dr. Bradt will use the ⁰² name of Peter D. Fosbroke.

3. It is requested that the appropriate CIA credentials be provided for these two individuals. It is our understanding that these credentials will be used only in an emergency which requires that the individual operating the alias would be required to identify himself.

They can be reached on Extension 4511.
