SUBJECT: VIOLATIONS: Cancellation

Reference is made to the latest communication [redacted] 03 to the violation of security regulations charged against [redacted] on April 14, 1962.

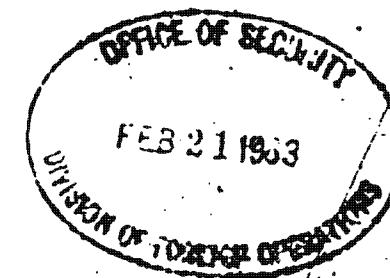

In view of the documented confession by a Marine Security Guard, as the result of an investigation into this and "planting" of this and other documents, it is requested that the violation against Mr. [redacted] be cancelled.

Although not mentioned specifically in his sworn statement, it would appear that two other violations were recorded by the same Marine Security Guard under similar circumstances; and, in fairness to the persons involved, cancellation of the following is also requested as there appears to be a reasonable doubt in the mind of this Office.

Those violations were charged respectively to Mr. [redacted] 03 on May 22, 1962, and to David PHILLIPS on July 26, [redacted]
