- 1. On this date Subject's case was coordinated with Mr. McCORD of SRS in connection with Subject's operational use within the US by WH/4/Propaganda. The implications of a CI operation with the States by this Agency and the possibility Subject might come to the attention of the FBI through association with Court WOOM were discussed.
- 2. Mr. McCORD expressed the opinion that it is not necessary to advise the FBI of the operation at this time. However, he wishes to review the case in a month. The file of Subject, along with that of the WH man who is supervising the operation (David Atlee PHILLIPS # 40695) will be pended for the attention of Mr. McCORD on 1 March 1961.
