MEMORANDUM FOR: Inspector General

VIA : Deputy Director for Administration

SUBJECT : Senate Select Committee on Intelligence
Operations, Request
(Roselli/Mahon Matter)

1. Reference is made to a 24 May 1975 list of specific requests for information from the Senate Select Committee. The Office of Security has reviewed the files relating to Robert A. Mahon, Johnny Roselli, and Salvatore Giancana with respect to questions numbered 17 and 18 of the referenced request.

2. Question number 17 requested "all material relating to the November 1970 discussions referenced on stamped pages 15-16." A review of appropriate Office of Security files disclosed only one memorandum relating to the November 1970 discussions on "stamped pages 15-16," which is attached hereto as Tab A. Cited memorandum is dated 5 January 1971 and contains a summary of a 17 November 1970 telephone call from Mr. Robert A. Mahon to Mr. James P. O'Connell in which Mr. Mahon advised that Johnny Roselli intended to expose his activities on behalf of the Agency unless someone interceded on Roselli's behalf. Attempts to locate memoranda relating to the 18 November 1970 briefing of Mr. Richard Helms, as noted on "stamped pages 15-16," in which it was decided that the Agency would not assist Mr. Roselli in any way, met with negative results.

3. Question number 18 requests "all material relating to the Immigration and Naturalization Service concerning John Roselli." A review of the appropriate Office of Security files disclosed four memoranda, dated from 15 February 1972 through 25 March 1974, which pertain to contact with the Immigration and Naturalization Service regarding Johnny Roselli. These four memoranda are attached hereto as Tabs B through E.

4. No additional memoranda specifically relating to questions numbered 17 and 18 could be located. It should be noted that during the period 4 March 1975 through 23 May 1975 the Office of Security file relating to Robert A. Mahan was in the custody of the Inspector General with respect to the inquiries being conducted by the Presidential Commission to Investigate the CIA, and the Inspector General may wish to consult memoranda his office may have prepared during this period that could be responsive to questions numbered 17 and 18.
