NOTES

This is the Scott Breckinridge task force study which was prepared last fall in response to the Church Committee book on the Kennedy assassination. A copy of it was shown to Blakey. This ^{has come} is coming to me now with a suggestion from the IG that we send a copy to the SSCI and HPSCI.

I don't believe we should send it because it is extremely critical of the Church Committee report (see page 9 of the introduction for a sample). The Committee has not asked for this paper. Indeed I am not sure they even know of it, although a brief mention was made to Mike Epstein recently. My concern is that report will fan the flames and cause them to resurrect these old questions for a new look. I certainly don't mind letting them know when they do a poor job, but not when the cost is another examination of the same questions. I have explained my point of view to Scott Breckinridge who said his concern was that we were providing a report to the Assassinations Committee which was not being provided to oversight committees, but that this was a question for OLC. He says he doesn't care if it is sent to the oversight committees or not. ⁰³ [] agrees with my view on this.
