THIS IS UNEVALUATED INFORMATION

SOURCE: Cuban national, A 13 312 724, graduate medical doctor. Since 1962 he has been associated with anti-COC activities in the US and throughout Latin America. One of several reports.

[This report was developed by an Air Force representative assigned to the office of preparation.]

In February 1965 I went to Nicaragua to talk to General Somoza. I had heard that he and President Ordaz of Mexico were scheduled to have a conference on 8 Feb 65. I asked General Somoza to ask the President of Mexico a number of questions, which he subsequently did.

Question: If Fidel Castro were assassinated and a new government-in-arms were established in Cuba, and eight Latin American countries recognized this new government, would Mexico be willing to also recognize the new government? [Collectors Comment: According to source he had personally talked to the Presidents of eight Latin American countries concerning the same proposal. Nicaragua, El Salvador, Honduras, Costa Rica, Panama, Colombia, Venezuela and Guatemala stated they would recognize a new government-in-arms.]

Answer : Mexico would recognize a new government-in-arms only if the other Latin American countries would also recognize the Cuban government.

Question: Is there a possibility of stopping the shipment and sale of US industrial machinery, medicine, and chemical products via Mexico, which are sold to Cuba at a one hundred per cent profit? Have these items been shipped to Cuba via the Port of Isla de Mujeres?

Answer : I know nothing about the shipment of commodities purchased in the US and shipped to Cuba via Mexico but will look into the matter.
