Dear George:

Your letter of February 4 makes me so anxious that in one sense I was sorry to receive it. Your trip with Dr. Vandever is one of those things we all dream about and I imaging that even Errol Flynn is turning over in his grave.

I hope I do hear from Cloward but since I don't want to cause you any embarrassment, I would like to summarize my feelings in a few words:

A) I am deeply interested in the business proposition we discussed. This would particularly be so for the timber.

B) I just don't have the ability that other people possess and may be necessary to walk around with RSMW.

As you know this group of ours is going to be down in the Bahamas the week-end of the 20th and while this is really not an opportune time for me to be away from Dallas, if some firm indication could be developed from the Minister of Finance it might be possible to take advantage of that shortened distance.

We had a ball last Saturday evening at Adella's party. They had a Latin American band from Fort Worth which was just tremendous, even though they had to turn down our request for a meringue.

I bumped into Steve Fuqua last night at a meeting of the geophysicists. He exuded great prosperity and mentioned a major discovery in Hartman County. I gathered from a delicate probe or two that he and Irene must be finis.

We saw Tonya Parsons again and Ethel has taken a real liking to her. I was surprised to find some keen intelligence to supplement her exciting beauty, and we are supposed to be at a party together this coming Friday.

Best to all of you,

Dear George,

I have your letter of February and thanks again for your kind invitation. I hope we can have a short visit in a not too distant future. Or maybe you will come to New York some day, too...?

Haiti is very much in the news these days, but it still has not too bad a "press" in the business world. And the recent Affaire Fayed did not help... In my humble opinion, with Haiti so near, the US will have to reconcile themselves to the situation and assist that country, in order to avoid having another Cuba... .

Recently I have been instrumental in bringing together 3 separate groups of people in New York /Petroleum-Investments/, in Los Angeles/Mergers, International Management Consulting, development, financing etc/ and in the Middle West/Promotion, Real Estate investing with multi million capital behind, etc/. A separate corporation is to be set up with offices probably in Rockefeller Center-N.Y. Among them are men familiar with international business and mining, oil, development and also familiar with Haiti, Dominican etc.

Because of the "poor" rating Haiti was low plus the new more serious trouble in the Far East, I do not know what chances we can have in promoting new entries in Haiti. But I personally, for some reason agree with you and want to try and see what can be done, fully realizing some of the adversities in the situation. I am sure you do too. With this reservation, I am preparing a summary of what I can get from you letters and will discuss it first only informally with one or two men from the new group above.

It would be very desirable, if you could strengthen my hand, by writing me a letter, for further submission to my friends, summarizing the situation as you see it and those projects that are in your opinion open and ripe for taking up, as business possibilities.

I appreciate your reluctance to send my material by mail, and it would be premature.

Also, please keep your eyes open for any smaller scale opportunities suitable for my own plans.

Enclose are some clippings which you may read, while "lolling" under the Palms.....
Can you read Polish?...ha ha...

Best regards sincerely
Stanley

Dog's Obedience Costs Man \$3,740 in Holdup

Philip Terman spent \$660 recently to train his Doberman Pinscher, 12, to react instantaneously to his every command. Yesterday the big dog did just that and cost his owner \$3,740 more.

Mr. Terman, the proprietor of a furniture store at 1416 Fulton Street, Brooklyn, got in his car and told the dog to sit down. Then a robber who earlier had entered Mr. Terman's parked car at 90 Clinton Place, put a pistol in the merchant's ribs and told him to drive around and keep his dog friendly.

Mr. Terman obeyed and half an hour and one mile later in the Crown Heights district, the thief emptied Mr. Terman's pockets, took a brown paper bag containing money Mr. Terman had just withdrawn from a bank, and then handcuffed his victim to the steering wheel.

Mr. Terman managed to attract the police by honking his horn, while the Doberman still sat contentedly.

See Intercept. A former federal secret service officer, MO 3-63, left the United States, July 24th, yesterday, to visit friends in Canada and the U.S. and his two sisters, residing in the U.S. at the time of his departure.

The present pretender to the dominion of the realm of England is King Richard III.

The witness said he did not know if he had ever addressed a word to Mr. James Eddie, or to any other man by that name, but he did say he had heard of such a man, and that he was about 67 years old.

The witness furthered his testimony by saying that he did not know who the man was, but he did say he had heard of such a man, and that he was about 67 years old.

The witness said the entire investigation finally came to a standstill because of the death of Mr. Eddie, and that he had never been able to get any information from any of the persons he had interviewed.

The witness furthered his testimony by saying that he did not know who the man was, but he did say he had heard of such a man, and that he was about 67 years old.
