FROM Chief of Station, JMWAVE			ABSTRACT	
SUBJECT Operational, GYROSE/KUWOLF Letter from AMHINT-40's Mother in PBRUMEN			INDEX FILE	
ACTION REQUIRED REFERENCES				
<p>Action Required: For Your Information</p> <p>1. Forwarded herewith is a letter written by the mother of AMHINT-40, dated PBRUMEN 19 October 1962, and directed to AMHINT-2, AMHINT-53, AMHINT-5, and ANBARB-54. This was furnished JMWAVE as an intercept on the AMBLEAK courier channel on 19 November.</p> <p>2. In addition to reflecting an understandable bitterness and disillusion in the AMSPELL underground, it contains suggestions of threats and violence to the incumbent Swiss Ambassador. It alleges that the Ambassador is creating an unfavorable impression on the underground because of his personal life (described as a Bon Vivant) and frankly announced he "did not come to PBRUMEN to save (the lives) the revolutionary boys". This is contrasted with the efforts of the Brazilian Ambassador on behalf of condemned revolutionaries.</p> <p>3. While these must be evaluated as the outbursts of a grieving mother, it will not reduce their affect on AMSPELL leaders and is therefore considered of interest to Headquarters.</p> <p style="text-align: center;">END OF DISPATCH</p> <p>Attachment: Under Separate Cover Letter</p> <p>Distribution: 3 - Chief, Task Force W w/att.</p>

10  
nuestros amigos de la Academia de Ciencias.  
Lamentablemente, me voy a ir de América.

Se que están en peligro la vida de muchos  
de nuestros queridos compatriotas.

Se también que la simplificación de  
las comunicaciones entre el mundo es urgente, y a lo  
menos en el caso del Dr. Juan Manuel Guillaud.  
Se vale la pena de siempre visitar, incluso  
a los miembros de los comités más juveniles  
del Directorio.

Señor, según el consejo del Comandante  
de Negocios de la Embajada, el saber las  
nuevas de Guillaud.

"Hacer Primeros Pasos en el Futuro"

Si eres necesario con, drástica medidas;  
pero si "amenazar"

Por ejemplo, el Embajador de Suiza  
(Comité A. Stadelhofer) es un Vivi Bien.  
En una sesión dijo que no había venido a  
esta parte de América las Comisiones del Fungo  
a los miembros "voluntarios".  
Es un pollito que vive a todo lujo.
