0.5 In. NO asks NH (v) who answers, for Srta. Lupo. She is not here now. Thanks.

1.0 Out to 25-32-44. Busy and complete. NH (v) is recognized by Noah (Seborer)(v) who answers. Greet each other. He one another's health.

NH just had a letter from David. They had told David that Robert (Seborer) was going to New York. And they (H's) had also given Robert David's address. But since David is going to be in New York also if NS will give NH Robert's address he (NH) will send it to David. So he can get in touch with Robert.

Robert is presently staying with NS's sister; but this is not convenient to Mt. Sinai Hospital and he is looking for a room; but he will give NH his sister's address and this will reach him. Fine. It is Care of Sam STARR, 2445 Williamsbridge Road, Bronx # 69. (This is a housing project) Phone number is: OL (OLIN WALKER) 41044.

Thanks a lot Noah. He will send this to David and he is sure the boys will be glad to see each other. Bye.

After 1045

2.5 Out to 28-03-20. Edith Halperin identifies herself to BERTHA. NH tells B. she is so good she sounds (in Spanish) like the maids.

Ed wants to ask Bertha for some clothes for her maid's (Lupo) nephew, who needs them very badly. Ed says she asked Marie for some (she gave her some last year) but she is giving them to her own maid. And Ed says she talked to MORILL but she said she doesn't believe in giving things to maids. So that settles that. Ed wonders if she has anything of Abbott's. Bertha says she doesn't have a single thing. She just got a big package together and passed it along and it leaves her flat at the moment. Does Bertha know anybody else. No. Well, keep her maid in mind. She will do that.

David is doing very well (in the University there in Chicago - Medical School) and they are pleased. He is studying hard. Not coming home for Christmas. Going to the Grandparents (in BOSTON?).

3.2. Out to 24-84-09, twice. No answer (NH (v) is saying to someone in the house: "Nobody answers at the LEWIS".)

3.5 Out to 20-38-83. Ed (v) asks maid (v) who answers for the Sra. She is not in. Tell her that I called. Yes.

4.0 Out to 11-77-59, twice. No answer and complete. Ed (v) asks maid (v) who answers for the Sra. No she is not in. She has gone to the Super. Maid will tell Sra. that she called. (recognizing Ed's voice).

4.5 In. WO asks Lupe (v) who answers, for Lupe. Who is calling? Mario Martinez. Lupe speaking. Maid and man chatter.

EH give Lupe an address how to reach him. Care of Enrique Martinez, Hierrios (ph) Ill. No time she will come. etc.

6.0 Out to 20-38-03. EI (v) with WO who answers. EI asks if she got her heater. Yes, and it is in.

EH got some "cute pictures of the baby." EI will bring them with her when she comes (to WO's house). EI won't be up WO's way today. EI asks how the kids/ are. WO tells EI that they would like to get their Metrophone that David borrowed. EI says it hasn't been at their house for 2 yrs. WO says David was using it. Do you think David may have loaned it to someone. EI doubts it but they will ask the other guy, what's his name-- NORMAN. Rick may have it, or Orisco. David must have given it to someone, EH says. EH will write David and ask David. EI calls WO CELIA.

EI asks how MILLIE is. All right.

EI returns to Celia's stove. What kind of oil is she using. She doesn't know. Is it the same kind as "we use for our brick," C. doesn't know.

Heard from David. It is very cold there. He bought earmuffs. No exams on the 20th. He goes to Boston after exams. He will go from Boston to LEH to her mother's and then go to JUDY. And he will probably be back in Chicago the day after New Years.

10.0 Out to 24-84-09. EI (v) with Child outside who answers. No, Daddy nor Mother isn't in. EI says, "Linnie (ph) listen to me. What is your address? It is Francisco Sosa 70. EH wants to send them a Christmas card. They sent them one last year and Child's parents didn't get it so they want to have it right this year. Fine. Bye.

0.5 In. WO with EH (v) who answers. (WO has voice of MOLLIE NOVICK). EH asks WO if she wants to go to the movie with them. WO can't. She just came in a few minutes ago.

The H's don't want to go too much, but if she would like to go they will take her. Mollie (v) won't go tonight as she has been going too much.

Mollie is identified by EH. The kids are coming next Sunday night (Mollie's kids).

EH wants to go to see Marilyn Monroe.

George PEPPER

Mollie is returning the ~~Pepper's~~ dinner invitation tomorrow. Saturday she is going to San Angel and Sunday will meet the kids. (Victor and his new bride?)

Mollie just called and wanted Mollie to go out with them; but she turned her down. Mollie just must stay at home tonight. Tomorrow Mollie has to buy Christmas gifts tomorrow.

EH called the Lewis' today and LANNIE (not Linnie) answered the phone. They may or maybe (her parents) be back from Cuernavaca.

From C215, 14 December (Saturday) to C220, 15 December 1957

4.5 Out to _____ (Not possible to determine correctly without dial tape.) El (v) with Calia. The H's went to the movie (The Almada) last night. Marilyn Monroe. She is wonderful; but the picture was no good.

The heater is wonderful.

Mollie and May came over yesterday. Kirt was here and he and Mollie disagreed about the moving the furniture now because of the heater.

The man installing the heater worked right through the night.

They discuss Mollie and all her ideas that she gives about most everything; but she was or is such a nice person and they like her so much that they ignore anything that runs them the wrong way.

Are having a tea or shower for the girl (new wife of Victor Novick). Maur doesn't like the idea but they'll see.

The SILVERMAN's are here. They called Calia today. C. will have them over to her house and invite the H's. Fine. El is very anxious to know how the MACKENAN's are. They had planned to come down with the Silverman's, but... The H's are not so good. W. had two operations.... They had planned to come with the S' but he was not well enough to make the trip.

El asks Calia how were her (Mrs. Silverman's) children, and her grandchildren. C. didn't get to ask her. They are staying at the Dal Valle, on Independencia. It is a little hotel and there is not much to say for it, says Mrs. Silverman, but it suits their pocketbook.

Maybe the H's will drive over to see them this afternoon - Calia and Kirt will be at home. They will go to Calia's after lunch - the Silverman's are coming out too this afternoon?

El tells about an Engineer at the Bank who is a friend of Maur's and he called a week ago today and when El asked him how he was he said very bad that his wife had died the day before.

He called Maur. and asked the H's to go to the funeral, but Maur didn't want to go as he felt so bad. It seems this Eng'r. had a very young Mexican wife and they had one child two years old; but a second child cost her her life. El says that a laboratory sent over the wrong type of blood (El says old blood or wrong type of blood) and it killed her. Just like that. Maur went over this morning to see him. He lives near the H's. Very nice guy; wonderful man.

El tells Calia about the woman who lived upstairs above ERNA, who died. She was an AMERICAN woman. In her late 60's but looked like 50's; and she had lived in Mexico about 25 yrs. and used to be a MEXICAN dancer (dances Mexican dances probably). And a very charming blond woman. And when we went to play she used to come down and listen. But she died suddenly. It seems they gave this woman a blood transfusion and she died. Maur said he would find out today if the blood was old (th t's the term he used) or it was the wrong type of blood. El thinks that hearing these things one is glad to be alive.

Maur hasn't heard from his father for six weeks and he is so worried. And El is so worried that David (her son who is going to visit there Christmas) will go home and find SURISIAS (very ph) at home. It happens you know, Calia.....(NO's conv. is lost due to low voice) And it is very difficult for my kids when they are around Maur's parents, because they can't understand why MAUR doesn't come home, you see. And we haven't heard from Maur's father for 6 mos which seems he can't

12.5 In. MO identifies himself as Prof. Carrillo and asks Lupe (v) who answers for Sr. Halperin. He has not come in yet. Does he want to leave a message. He is calling for Lic. Reyes Eroles (ph). MO would like H. to have this work on the United States ready on Monday morning, at the latest, although it is in a draft form only. Lupe asks if there is anything more. Would he like H. to call him or them? No this is all. Thanks. Lupe will tell H.

13.0 In. Galia (v) with EH (v). Are the H's coming. Yes. They will be there in a few minutes.

13.5 Out to _____ (undetermined by reel alone). Lupe calling for Hotel Maceo or Haseo (ph). No. Lupe has made an error.

13.5 Out to _____ (No dial tape). Lupe with MO who answers at Hotel Maceo. She wants Room 314. MO asks who it is she wants. Sr. Raul YACTAR (ph). One moment. MO answers. Lupe (v) asks who is speaking. He wants to know who she wants. Raul YACTAR (ph). One moment. (After long long wait Lupe hangs up.)

15.0 Out to _____ (undetermined by reel alone). No answer. Inside party hangs up.

15.2 Out to _____ (undetermined by reel alone). EH (v) with MO, who answers. On each other. Wants to talk to his wife. One moment.

MO takes phone. He what she did today. This morning Fred, Yoves, the kids and the Silverman's came to breakfast; and only the H's were missing. Where was Mollie. MO says she came too. EH asks if she (Mollie) went out to San Angel or something. MO doesn't know. It seems that while she (Mollie) was at MO's house she seemed quite upset. While Mollie was at MO's house Concha called Mollie and told her that Victor (Novick) had called by telephone that he was coming in at 2000; but how or why or what she didn't know. She wasn't home and had just left from her home for MO's house when Victor called. EH says they can find out. (re airplane arrival) There's only one plane coming in from Los Angeles.

How are the kids? Fine. How are the H's. All right but Maur is working all afternoon. What's he doing? Oh, he's working on an article he has to finish by Monday. Who is playing the piano, KIRT? Yeah. (This must be Galia, it sounds like her.)

They, the kids went to the movies. Only Kirt and MO is at home. EH invites them over. They can't come. The H's may come over to Galia's house then.

Galia doesn't plan to go over to Mollie's (because of Victor's arrival). Why? Because that is for the family. EH: "but you are part of the family." MO, "Oh, no." Well, H's may be over later. Fine. Bye.

 WO takes phone (Celia v). Greet each other. WO is still in bed. Yes, MOLLIE (NOVICK) kids came in, about 2300, last night. WO talked to Mollie this morning. Mollie told her that they came down by train, for VICTOR (Novick) works for the Railroad, and gets a third off his fare. But gave them tickets on the worst train, and only coaches. It is a two days trip WO says. Worst train as he is a low grade employee.
 Mollie is sending Victor and (wife?) to Acapulco as they seem so exhausted. They will go tomorrow. No, Mollie isn't going with them.
 Maur went to get his 1959 license plates (for car). The H's may go away next week. EH calls WO CELIA.
 Re a book about the guy who lost his head.

3.0 Out to 11-95-90, to see. No answer and complete. EH (v) asks WO for something indistinct). One moment.
 WO takes phone. EH identifies himself to WO. Greet each other. EH calls WO Professor. EH says Bracamontes came by to see EH when EH was not in. WO says Bracamontes wanted the U.S. section (article). EH has this ready. Bracamontes will probably call EH in a little bit "because the Lio. needs it for the report of the President of the Republic." EH says he will take it by to WO in a little bit. EH does not have an extra copy and is afraid they will lose this. They also have to make another copy. WO says that they need it as it is and right away. They decide for EH to leave it for Bracamontes. They will tell the Lio. that he should not lose it because there is no other copy.

4.0 In. WO asks EH (v), who answers, for EH.
 EH comes to phone. WO is Bracamontes. EH has already talked to Carrillo (or Carrillo). Bracamontes has not talked to Lio. Reyes yet, and it may be that Lio. Reyes can wait until this afternoon. Moreover, Braca. is very busy this morning. Braca is not at the Camara (Chamber) now, but on Kadero. EH points out that EH has the original, without a copy, and has not been corrected. The Prof. (Carrillo) has not seen it. "He will only need to see it for a little bit" (referring to Lio. Reyes). EH will leave this article at his house so Braca. can pick it up.

4.5 In. WO asks maid, who answers, for EH. EH went out with EH and maid does not know when she will be back. WO leaves a message she, Sra. Novak, called.

0.5 Out to 20-14-38. MH to Ing. Lavin. MH asks for phone number of Lic. Garcia Tellez (?). Ing. Lavin does not have it, but it could be given to him at the office (of Lic. Garcia Tellez), further, Ing. Lavin is ~~not~~ sure that Lic. Garcia wouldn't be in until noon, and Ing. Lavin has an appointment with him at 7:30. They arrange for MH to call Ing. Lavin at 9:30 this evening.

1.5 In. Dr. Prensny's office calls Mrs. H. to change appointment for 12 to 1030.

1.8 Busy signal (perhaps Mrs. H. didn't hang up phone correctly) which lasts until 3.5, after which Mrs. H. picks up receiver and says Hello, and hangs up. (there is a short interval between end of dial tone - busy signal - and Mrs. H. picking up phone)

3.5 Nothing more.

(Base house record has 2.5 minutes at 1030, which was probably meant to be 3.5, since the tape was recording busy signals at 2.5)

Leisure

10.0 In. Albert in to Mrs. H. They just got back. Albert says that all he had in mind was to ask them if all was okay and if they could come for dinner on Friday. Mrs. H. says that will be okay with them, and then calls MH to the phone. Albert comments on MH's couple of days out of town, MH says that they have now joined the assurance class, and MH has taken advantage of it to read Albert's book, and is just about finished. MH likes it very much, it is so good to read something solid these days, so MH hasn't been wasting his time. Albert asks how things are going. MH says from what he has heard, the outlook is optimistic. Albert asks if MH is going to see the "lady" soon. MH says yes, and Albert explains that this is good, because one of "our" friends who is also her client got a surprising bit of news from her last night which MH hadn't mentioned and which is being checked with her again this afternoon by

10.0 Conversation between Albert M. and MH continued someone who understands and speaks Spanish much better than he, but undoubtedly, if there is any foundation to it, she will tell MH about it if MH sees her quickly. MH is certainly going to see her. Albert explains further that this was some sort of a gambit that had to be accomplished by ~~Thursday~~ Friday or Saturday of this week. MH says he knows about that, but it doesn't apply to him. Albert asks if it is a bonified thing. MH says that it is, for anyone who would like to have it, it is 100% perfect, but it doesn't apply to MH, for obvious reasons. Albert says he will think about the obvious reasons after the phone conversation and maybe he can learn it then. MH then further explains that for a normal person, it is a very nice deal, and M. has mentioned it to several persons who he though would be interested, but hasn't found anyone. Albert asks if M. has known about this very long. MH learned about it last week. Albert then says that he should get on his hobby horse and advise friends. MH supposes so, he wasn't ~~hardly~~ able to see everybody, but he saw a few people, and asked them to let others know, and that it is legitimate, absolutely. Albert thinks it is astonishing. MH says that if they had known about it a couple of months ago it would have been much better, but it is still alright for a lot of people. Albert asks them if they are free for dinner Friday night, MH says they are, and that they are taking David to the train on the next day. David can come to the dinner too. They set a time at 7:30.

12.0 Out to 46-03-48. MH out to Ruth. Ruth asks him if he had a nice weekend. They did, perfect, and a long one, and MH would like to come over and talk her about it, right now. Ruth says fine.

Molly asks if David is leaving - he is leaving Saturday morning. Talk about Celia - neither one has talked to her. Mrs. H. asks her about coming by. Molly can't come by now.

Mrs. H. says that they were home all the time - just going out for a little walk - went up to the Geneva. Kurt is fine. David is leaving by train Saturday morning. Mrs. H. going shopping for his trip and etc. Talk about Molly - Mrs. H. very glad about Sam. Celia again comments that there was no effort at - and asks if Mrs. H. knows this "Lachuga fellow" (not sure Lachuga is correct) Mrs. H. doesn't understand or hear the name correctly - Celia then stumbles around, without repeating the name, and Mrs. H. says that they will talk about it when they see each other today. 11.5 Again. MH to Licenciada. MH asks what she had that was new. Lic has nothing, she spoke to Ojeda and he did not want to "soltar prenda" for her. MH didn't understand. Lic. repeated that Ojeda did not tell her anything, and that this matter was afreally his, the proceedings by the direction of the Secretary (Sr. Secretario) (Note: Soltar prenda means to commit oneself, so Ojeda didn't want to commit himself to the Lic.) Ojeda didn't want to see the Lic. this week, but during next week, because he had to go in accordance with, or be in accord with his sub-secretary, and that she see him next Tuesday, Wednesday or Thursday, the latter being the day of least work for him, so that the Lic. could take him the agreement or resolution (acuerdo) and the things that the Senorita Dictaminadora has to him, "los expedientes", everything, so that he may arrange the case according to the instructions that the Secretary gave him. MH asks what this means. Lic explains that it means nothing, that it is pending. (Lic asks MH is he is, or it is something - not clear, but MH says yes, that is as Lic. Rosa told them) Lic. continues saying that (it may be the same instructions from Lic. Rosa) "no le movieramos nada que le dejaramos un peducito de tiempo que nos aseguraramos que se aseguraba que la o se procede asi". MH thinks that this means nothing until next week, or it means neither the one thing or the other, until next week. Lic. agrees. MH asks how she interprets what he said before, of the day before, that he wished to see the Lic. She thinks that it means that he had the file (que el tenie los expedientes) that she gather the things together, and that the Secretary would decide the "acuerdo", but he didn't have it yet (!) MH asks if this means that he has everything together. Lic. says no, that that is why he called her, and so he could get everything together (and something about "el acuerdo") (something else follows - it is suggested that this be listened to again). MH will call her next week.

0.5 Out to 25-05-31. MH to Rafael, who is in the bath. Maid will give message to call MH. (This is David's friend)

0.8 In. To MH from Jose Rodriguez, representing the Hearst Newspapers on a little trip which he has taken to Mexico, and he would like the privilege of a short talk with MH, and he doesn't mind telling him (MH) that the purpose of it is -- They have been much disturbed in their service by the stories appearing in a New York Paper and a news magazine -- and they have hesitated using any part of them without talking to the principals involved. Before they write anything they like to have a talk to anyone they write about if they do. JR concludes by saying that that is in very curt terms what brings him here. MH wants to know if he understands correctly and asks JR if he is here on a special assignment. JR says that he is hereto find out "what the hell Tribune and Time are up to" in this story which they considered quite dangerous and they want to know the facts of the thing before they decide to use part of it or not. MH asks him how he got his number. JR got it from Nacional Financiera. MH wants to know how he got to Nacional Financiera. JR answers that they have INS wire service who had MH identified as a connected with Nacional Financiera, and JR took a spot in the dark and called them. MH tells JR that it has been his experience in the past that this sort of publicity, these always unfounded and completely provokative things that appear in the press are extremely difficult to combat unless you have several million dollars and want to devote you whole life to it. This has been MH's experience. (JR chuckles) MH doesn't have several million dollars and can't devote his whole life to it, and he decided long ago this situation as far as publicity is concerned MH is essentially helpless and he lets it go at that, and he pays no attention to it. So far that reason, hoping that JR will understand his position, and situation, that it is nothing personal, MH realizes the JR means very well but MH is basing himself on sound analysis and experience in the society we live in, and so MH would just simply prefer to let it go that way. JR wants to at least talk that point over with MH, because -- MH interrupts saying that he doesn't need to, JR understands it very well, better that he, and so he would prefer to let it go at that. JR is very sorry. -- MH says he knows, JR is a newspaper man, he is trying to make a living at it -- and MH is trying to make a living also -- MH just doesn't have time for this. MH says that it would be another thing if someone wanted to offer him a nice, fat sum to write something over his signature, someone with a lot of dough that would make it worth his while, someone asking him for a contribution, that is another matter. But, MH continues, this is not a business proposition for MH, and it just doesn't pay. JR understands and tells MH if he can't shake him from that, that is all.

2.5 Out to 35-04-45. MH to Lic. Alvarado. Girl answers and tells MH that they just had a call from a Rodriguez from Los Angeles and she gave him MH's phone number. MH is calling about that and is terribly sorry that she did. Girl asked Lic. Angulo if she could and he said yes. MH says that he doesn't know either, MH has a n unlisted phone number because he doesn't like to have people calling him who are not his friends. MH asks the girl not to give his phone number again. She says she will not, after explaining that Lic. Alvarado isn't there. MH asks if he has been ill, he has. MH will call him later. (Girl's name is Miss Powelson.)

3.2 Out to 14-84-77. Busy. Again. MH out to Albert. Al asks if anything new. MH and EH have been down to see the man about machines -- Al wants to know what is new about EM MH. MH has just been waiting, no news, things apparently are all right until they hear. MH has been down with Noah and Salvador to see about selling the machine. They are considering hiring a salesman to go out to see if they could sell the freezing machines. MH will just call and get the members agreement. Al agrees. MH relates his conversation with the Hearst Press. Al hasn't heard from him. MH relates what he said. Al wants to know how he reacted. MH says that MH was very polite, let him talk, (which he didn't let him do), and finally he gave up, after trying to hold the wire as long as possible. MH says he actually believes what he told him. Al will send him copies of the letters he sent the Tribune and Time. Al says that the Tribune wrote him a s "snotty little letter" in reply saying that it doesn't fit their advertizing program to take ~~xxx~~ Al's letter as an advertisement, and obviously too long to be included in the letter column, and they take note of the fact that he says that he is an independent man. Time didn't write. MH and Al considered Time to be just a bunch of gunsters, so you couldn't expect a code of ethics from them. Al asks if MH has seen the papers this morning. MH certainly has, and regards it as a new epoc in universal history. Al intends to go up there, in five years they will be taking people up there. MH asks about the necessity of a passport. Al says that there is something of ~~historxxx~~ interest that MH might not be following -- October 14 and the following two games afterthat, there are going to be three base-ball games played down here (MH wants to know what is ~~historxxx~~ about that. Al says that it is a chance for these down here to see some really great players from the big leagues, because it is an all negro team, that Willie Mays is heading up. They will play some assembled Mexican players. So Al is working like "hell" on his play, ~~xxxx~~ since he has some real good oportunity to see it go on this season in New York, but Al is going to see the baseball games. MH might go, since he isn't terribly busy these day, if he can sit in the sun.

If they go they will be back by Wednesday. Talk about mail. Ralph gets letters that were sent over there on the 4 of Sept., and thinks that it is very unusual, receiving mail after quite a long time.

29.0 Out to 24-84-09. MH out to Allen. MH called to wish him a nice opening. Allen called MH, or tried to, to give them some tickets. MH couldn't go because of ~~his~~ his cold. Opening night went very well. MH can't go quite yet. Allen ~~ah~~ asked what happened with the "paper business". MH is just sort of waiting, nothing definite. Allen asks about Edith, who MH says is having difficulty keeping busy. Allen says that he spoke to several people about "the other thing", and they were so indignant they said they could have worked it out for MH, as far as the University is concerned. Allen thinks that maybe this is better if it works out. MH doesn't know, just waiting to see what happens.

MH talked to Mansur (same conversation as earlier) and isn't happy over the delay, EH says it doesn't matter. MH is going to see the lawyer next week and if "she" doesn't come across (he is going to get every thing lined up with the lawyer) EH wants to let it ride until Maime, or Maime comes. MH doesn't want to let anything ride. (this Mansura Business may yet be tied up with his status). More talk about David.

0.5 In. Albert to Mrs. H. Albert says that he has two things. First he wanted to chat with MH about Krimrickoff (?), and asks her if MH is there. He is, but before Mrs. H. leaves, Albert says that he would like them to come a little bit later tonight - at 8 instead of 7:30. Mrs. H. says that is fine, whenever he says. MH seems to be in the middle of a steak, so Mrs. H. asks Albert if he can't call him back. Albert says he will be at home.

1.0 Out to 14-84-77. MH out to Albert. Exchange greetings. Albert says that Noah called him and that he had been in touch with Enriquez from time to time, and nothing was happening what so-ever, and in addition to that, it was his understanding that whatever the sale was in Acapulco had fallen through and that the King thing was going to be returned to "us". Albert asks if it is a unit, MH tells him that it is a truck. Albert says that that was "his" (Enriquez or Noah) impression that no contract had been signed, and he feels that (same he) ex we should try to get together and decide something to do for our mutual benefit. MH agrees. Albert asks if MH can meet of an evening, since "he" can't meet before 7:30. MH says he can meet anytime. Albert says he can meet next week at a ny evening, and that Noah is busy Wednesday evening., other than that he is free. MH says it is necessary to have Enriquez with them and Albert replies that it is "our" thought that they would meet at his home for his (Enriquez') convenience. MH agrees. Albert then asks MH if he (MH) can make arrangements with him (Enriquez), any night except Wednesday, and Albert suggests that they make it about 8:30. When MH sets the date, he will call Albert, who will call Noah. MH says he accepts and will do it.

TO : Chief, W Division

DATE: 6 November 1957

FROM : Chief of Station,

SUBJECT: GENERAL— Operational

SPECIFIC— Woodrow Wilson BORAH

jee

SOURCE: LIFEAT B-Doc

1. The following information has been developed on Woodrow Wilson BORAH, who was a visitor at the home of the American Communist Maurice H. HALPERIN in Mexico City during the end of August and the beginning of September 1957. BORAH is known to the writer as a former employee of the Research and Analysis section of OSS during 1943 and 1944, where he worked under HALPERIN in the Latin American section. HALPERIN, then head of the section, has been, in Mexico, a close associate of the American Communists Alfred K. STERN and Martha Dodd STERN.
2. On 26 August 1957 a Mexican sounding man, who identified himself as Ramon Eduardo RUIZ, contacted the home of HALPERIN in search of BORAH, who was said to be out. Shortly thereafter, HALPERIN informed his maid that "the visitor" (probably BORAH) would not lunch with them.
3. On 27 August 1957 HALPERIN was overheard at his home speaking with BORAH. He suggested BORAH take 800 (object unidentified) from his, HALPERIN's, bureau top. He asked BORAH if he takes 800 each time and if he takes it regularly or only when he needs it and whether an excess might not hurt him. He asked if the doctors were sure about it. They also mentioned carrying around a wad (of money?).
4. On 28 August, later in the day, BORAH called telephone 14 08 20 and asked for apartment 5. A child answered, who said her father was out. The child's mother then talked with BORAH and he apologized for missing a trip to the city of Puebla. BORAH stated that Ramon RUIZ was in Mexico City but he did not know exactly where. The woman said that Cliff (presumably her husband) had asked about that but was very busy and did not think it possible to get together. BORAH mentioned that he had an essay to get translated and he sent to the US. As there was some line noise during this conversation both mentioned that their phones were probably tapped. BORAH added "rather ineptly". (Comment: Telephone 14 08 20 is listed to Hotel Apartments Carmen, Calle Rhin 29.
5. Shortly after this contact an unidentified American man (possibly Cliff) contacted BORAH at the HALPERIN home. They mentioned that Ramon RUIZ was in town. They expressed the view that he might be staying at the home of a Mrs. MARTINEZ del Campo, Calle Zamora 39. The caller stated he was having trouble with his car. BORAH stated he had to have a speech translated for the first semester. The men discussed defects in some catalog and about collections of books in the

US. The caller remarked on his collection at Occidental (College?). They noted that someone by the name of COCK (phon) was to arrive in Mexico that day around 2200 hours and BORAH wanted to make sure his room was kept for him. The caller stated that Virginia (Lnu), with whom BORAH had talked on some previous occasion, should also be in Mexico City by this time. The caller supplied 37 08 87 as the phone number of (Ramon) RUIZ. The caller and BORAH spoke about meeting sometime but the caller was very busy. (Comment: 37 08 87 is no longer listed in the Mexico City telephone book. Exchange 37 was shut down about three years ago.)

6. Again on 27 August a man identified only as Chevalier contacted BORAH at the HALPERIN home. BORAH referred to a nice trip he had had to Cuernavaca, a nearby resort. They discussed bringing someone to a dinner that evening after a roundtable but BORAH stated the person was leaving tomorrow. The person was described as being at the University of Illinois. (Comment: The person may have been Oscar LEWIS, believed to be a professor at the University of Illinois. He is an anthropologist, has written on Mexico and visited the country, and was formerly employed by the Foreign Agents Registration Section of the US Department of Justice (1943).) The men continued their conversation saying the way for the person from Illinois to get in contact with Chevalier would be at the Casa de la Francia (sic) when he returned to Mexico. Chevalier asked if "Acia" could be seen also. He wanted to invite that person also. BORAH said he (BORAH) could contact Acia in the morning about this. There ensued a general discussion about getting a lot of people together at 7:30 (evening or morning not stated, but probably evening) and talked about some musical scores. BORAH ended stating that he had to wait for the arrival of Dr. COCK (phon) who was arriving in Mexico City that evening and would inform Chevalier about COCK's arrival next day.
7. During the evening of the 27th, BORAH was at the HALPERIN home. He contacted from there a Mr. Cedric (phon), introducing himself as having been referred to him by a Dr. TIBBROCK (phon). CEDRIC asked how long BORAH would be in Mexico City. BORAH said he would be leaving for the town of Oaxaca, Mexico, 31 August and would return 7 September. The men agreed to meet at CEDRIC's 28 August at about 1800 hours. CEDRIC gave his address as Amberes 71.
8. On 28 August 1957 an unidentified American sounding man contacted BORAH early in the morning at the HALPERIN home. BORAH said "so you got in". The caller stated he had seen Clifton CROSER (Phon) the night before who told him BORAH wanted to get started early. BORAH stated he would like to see the caller that same morning as in the afternoon he had a lunch appointment at 1400 in the Polanco section of town with "Bert" (phon) and later would go to the National Museum of Anthropology. The two arranged to meet at the library of the museum at 1000 hours. (Comment: The caller was probably COCK.)
9. Shortly after this contact Ramon (probably Ramon RUIZ) contacted BORAH at the HALPERIN home. He spoke fluent English with an American accent. BORAH thought

- at first it was "Bert". BORAH stated he was giving a lecture next day with COOK at the French Institute. Ramon remarked he had seen Miranda, the Spanish historian and friend of BORN, the other day. BORAH said he had been in Mexico a week, had flown down since the University was paying for the trip. Ramon arrived shortly afterwards. Ramon was staying with a cousin who had no telephone. BORAH informed him that Clifton CROBER (phon) had been in Mexico all summer and resided at the Hotel Carmen, Calle Rhin 29 in room 5. BORAH said he was planning to meet COOK downtown. BORAH and Ramon agreed to make a meeting with Clifton CROBER next day, Ramon taking the responsibility for contacting CROBER. Ramon has a wife named Natalie and a child.
10. On 29 August 1957 a Mexican sounding woman named Teresa contacted BORAH at the HALPERIN home, stating she had not called the night before because she thought it might be indiscreet. She said a card had arrived from Terry and that everything was fine. She said one Pepe (short for Jose) was going to the meeting that evening and could take the card to him there. BORAH said he was thinking of going to the caller's home that afternoon with COOK for coffee, thence to the meeting (presumably at the French Institute). She asked if BORAH were a bad accountant, stating he had not collected all he should have from her, for the things he had sent her. The sum was somewhat over three dollars. They ended saying "all five" would get together.
 11. Shortly after this contact BORAH called telephone 14 00 15 and asked for Chevalier. They agreed to meet that evening at the meeting and then have a small party. (Comment: The telephone is listed in the name of the French Institute, Calle Mazas 43.)
 12. At about 1000 hours an American sounding person named Ross CLONIGER (phon) called the HALPERIN home for BORAH. He stated he was staying at the Hotel Cortez and arrived the night before. He asked when BORAH was leaving for Mesa Redonda. BORAH replied next day and ROSS stated he wished to see BORAH. BORAH told him Sherburn COOK was in Mexico and suggested they meet at COOK's residence, Calle Rhin, at 1000 hours. BORAH and COOK were planning to see Alfonso CASO and would be busy thereafter. (Comment: CASO is a noted Mexican intellectual.)
 13. On 8 September BORAH contacted HALPERIN, saying he had tried to reach him several times the day before. BORAH had some pottery from Oaxaca. He was staying at the Hotel Emporio and wanted to leave his pottery at HALPERIN's. He planned to do so in about half an hour.
 14. On 16 September BORAH stated he wished to see the HALPERINs and planned to drop by in ten minutes. He was still staying at the Hotel Emporio.

A source of this office, who is believed to furnish reliable information, has furnished the following information which may be of value to your office.

Source's assignment - that this person met in 1937 to find out about further work in Mexico.

Source was in Mexico from August 1936 to February 1937 as a representative to the Communist Party of Mexico. Source's letter of accreditation to the Political Bureau and to the Central Committee of PCM was furnished by Homer Brooks at the direction of J. Peters. Source attended all secret meetings of the Political Bureau and of the Central Committee during this period. In August 1936 Source met Maurice Halperin when Source replaced him as the Party Representative to the PCM. Source advised that Halperin was very annoyed and upset at his being replaced, and as a briefing, gave Source a series of articles on Mexico written by Mike Gold, which had been published in the Daily Worker. Source advised that the Mexican Party leaders did not trust him and did not let Halperin in on their closed meetings.

Source advised that the CI REP to Mexico from 1936-37, was Juan Lebensohn, an Austrian Jew whose wife was a professional photographer. Sometime during the period 1937-38, Lebensohn was reassigned as the personal advisor to Juan Peron in Argentina.

Source met Caridad Del Rio Hernandez de Mercadier in 1936 when Mercadier came to Mexico as the representative for the Spanish Republican government on a diplomatic passport. Mercadier has as her secretary her daughter-in-law, Lambert, the wife of Ramon del Rio Mercadier, better known as Jacques Monard, the murderer of Trotsky. Mercadier represented the Spanish Government in a fund-raising campaign on behalf of the Spanish Republicans. Mercadier, as the leader of PCUS (the united front of Communists, Trotskyites and Socialists in Spain) was a remarkable speaker. Source has performed considerable research on the murderer of Trotsky, and has possession of some hitherto unpublished material concerning him.

Source advised that Susanna Gamboa, a Hunter graduate and artist's model, was recruited into the PCM by Source. Susanna Gamboa's husband is Ferrando Gamboa, who is an artist. The Gamboas went to Spain during the Civil War, then came back to Mexico with the first group of Spanish refugees. The Gamboa's assignments in the Party were related to operations directed against the United States. The Gamboas operate an art gallery in Mexico, which Source believes to be a cover for their present activities.

Source met Pablo O'Higgins in 1936. O'Higgins at that time was extremely poor, dressed in rags, and was not much above the class of beggar. However, on the occasion of Source's next visit to Mexico a year later, Pablo O'Higgins was very well dressed and moved in circles indicating that he was a paid agent.

0.5 Out to 18-48-29. Busy. Again. MH to Licenciada. MH wants to know what is new. She replies that "they" told her that it was "sacudible" (word not clear) as, only that the man who she was to see is not in town for two or three days. "They" told her that it would be resolved then. She doesn't know the details. MH will wait for several days and call her in the middle of next week. MH comments that the matter (asunto) has changed somewhat, (from the point of view of the available recursos (or appeals), since the direction of the administration had changed, and it doesn't do things they way it did before. (the Licenciada was not aware of any such change) MH will explain this in more detail when he sees her sometime later, but she understands what he is saying. She asks if they have changed the lawyer in charge (apoderado), and MH says that that is the explanation of what happened. MH says that it is a little bit more complicated than that, but that is the sense of the change, and so the affair may be changed somewhat. MH is going to see how it comes out. MH will call Tuesday or Wednesday. She will call before if she has anything. MH will be out of town until Tuesday. The man who left six, went this morning on some government matter for three or four days. MH will then call about Tuesday or so.

2.0 In. EH to MH. EH is at Marie's. She asks about the results of MH's phone call. They are thinking of going to movie tonight.

TO : Chief, All Division

DATE: 23 October 1957

FROM : Chief of Station, [redacted]

SUBJECT: GENERAL-- Operational

SPECIFIC-- LEHMAN/2

1. On 14 October 1957 [redacted] LEHMAN-2, who turned over three rolls of film containing a Ministry of Interior file on Harold Swayne Myerson, with aliases, and Mary Myerson as requested 1 October 1957 by this office. He also turned over 13 rolls of intercept mail film. Some of the mail acquired pertained to the case of Alfred N. S. [redacted], American Communist currently in Moscow. 477
2. LEHMAN-2 stated that Jose Lorenzo GOSIO, advisor to the President, told him the President had "invited" Yuriy N. LEHMAN, SIS officer on whom this station passed data to the President, to leave Mexico. The President further stated that no publicity should attend this matter. GOSIO got this from Benito COUPEL, Presidential secretary. (Comment: The truth of this statement is almost impossible to verify. It could be that either GOSIO or LEHMAN-2 invented it for their own purposes, which would consist mainly in impressing [redacted] with the fact that they had been able to influence the President to take the action noted. However, reference is here made to HEM-3312, dated 16 October 1957, in which it was reported that contacts of the Communist artist Diego RIVERO remarked on unusual circumstances surrounding the departure from Mexico of LEHMAN. The report also shows that RIVERO himself felt PARSONS needed his protection and hence made an inconvenient trip to Veracruz to see him off. It is therefore possible that the President did actually make some move in this case.)
3. The President told GOSIO that the case of Maurice Halperin, American Communist on whom this office passed information to the Mexican Government, was being studied and that the President would make a decision in the near future. (Comment: There seems no doubt that in the past month Halperin's efforts to regularize his status in Mexico have suffered some sort of setback. In the end of August and beginning of September, LEHMAN reported that he was telling his friends that everything was fine and he would soon have everything arranged. In the past month, however, various delays have occurred and his confident statements are no longer reported. It is further known through LEHMAN that Halperin is in contact with the private secretary of Fernando LUGO, Undersecretary of Interior.)
4. On 1 October this station passed to LEHMAN-2 information of a very general nature to the effect that someone was selling the privilege for foreigners to buy out of having to complete five years residence in Mexico before achieving permanent immigrant status. The station recommended that this information be passed to GOSIO for the President, since it seemed likely that someone in the

Interior Ministry was probably involved and hence a direct approach to officials there (Jose T. SANTIILLAN, Fernando ROMAN Lugo and Fernando RAMIRO Hernandez) would not be either effective or well received. In this connection LIRYAK-2 reported that an investigation from the Presidency had resulted in the discovery that the offer was being made by one Ernesto [REDACTED], an "expediter", who was reprimanded. The case officer then informed LIRYAK-2 with permission [REDACTED] that the culprit in this case was Juan Manuel VALENZUELA Munoz, VALENZUELA is a very close friend of Fernando ROMAN Lugo, so LIRYAK-2 was told to take that piece of information to the Presidency and not tangle with ROMAN Lugo over it.

0.5 In. Ralph Scott to MH. RS asks about how things were in "the country". RS says everything is moving along with him. R has a number of telephone receipts from the office, and was asked to check with MH on them. MH made a couple of them. RS gives him the tolls - 16-48-21, for 1.65, and 20-10-57, for 6.95. MH questions the first as probably being for Campos about the house and thus business, and the second might have been made for by David - (MH seems to think that this is sort of childish, but he will take them anyway) (these bills seem to be from Cuernavaca) Next 20-32-08, for 3.10, and two New Jersey, 43.35. Next 22-B&Aix 11-74-31, for 2.75. This is all. MH asks RS to add them all up and tell him what it is, and MH will pay for it, and pay will even pay for the call to Campos, since it is such a little thing. MH had to buy another tank of gas, and had to pay for it, for the Cuernavaca house. Talk about the procedure to get gas - RS says that MH can do it anyway he wants, he is the only one using the house (MH didn't quite understand this, but RS doesn't repeat it exactly) and MH asks if he has to pay for it - RS says that he only has a little bit of expense money and every little thing that comes up he takes to the office. So MH can check with the office, RS can't authorize it anymore. MH asks who out out the pool service - was it the Stern's? RS says that it was, and that they intend to close out on everything out there, they are going to close out. RS explains that it is all an expense for nothing. RS is supposed to start checking out the inventory. MH has asked Ra one out to Cuernavaca on Thursday for the weekend, and should he cancel that. MH should check with the office. RS was in contact with the office for everyday for about two weeks, and has had very little contact for the last two weeks. MH asks about Esperanza. RS says yes, as soon as they close it up and check everything out - they are closing out "everything". MH wants asks if RS hears from Mr. Stern regularly. RS does. MH asks him to find out if his idea is to just close out all expenses - the rent he can't close out. RS doesn't know, and the office will be in cont of with MH. MH says sure, have somebody call him to find out what the instructions are, or RS can call him, which would be better. RS or Ruth will call him. MH is worried about this weekend, but RS assures him that they wouldn't be working that fast. RS won't be here Wednesday, so if the office didn't call MH Wednesday, RS would call Thursday. They go over the payment for the phone - another one to Chicago will be coming through. (RS and the office must were evidently a little bit apprehensive about presenting the phone bill to MH, in a manner in which MH would pay. MH is quite willing - but can't see why all the fuss) MH asks about the Stern's location - RS says that they are still in Moscow, and will be in Prague Wednesday. MH asks who got the instructions, he or the Office. RS didn't get anything - it came from the office. RS hadn't heard directly. More about the house - if they don't make a deal, they are going to close it up to save expenses. MH would prefer that Noyola call him, or would talk to RS - RS can tell the office if he likes. (MH obviously doesn't want to deal with the office on the house problem).

4.7 In. Molly H to H MN. Chatter. MN to see Sam tonight. Her sister-in-law is coming down for Christmas and wants to be included in all their plans. Some people in New York heard about their trouble. EH tells her they are closing the house in Cuernavaca, they don't know when. EH says that the H "kid" has finished school now and that is the reason. The H's will try to spend this weekend there. Talk about first friends and meeting them. MN, in talking about the Cuernavaca house, said that the H's knew something was cooking anyhow.

At 5.2 EH had to hang up, and then called MN right back.

1.0 Out to 11-77-59. EH to MH. Talk about plans for the day. MN going to visit the Lewis's tomorrow. MN going to hairdresser's. MN says that she talked to Sam, and Sam thought that they should use the house this weekend, and, if they wanted, they could pay the expenses themselves and keep it, they don't have to listen to Ralph, and since they are just belly-aching about the expenses, and not renting it, just closing it up, no reason why they can't continue using it. More talk about the day's plans, etc.

- 8.8 In. Mansure for MH who isn't home.
- 9.0 ¹³²⁰ In. Ralph S for MH. Ralph returning MH's call, who asks him what he can do this weekend. RS says that it is alright this weekend. (RS mutters something else, but was unintelligible) M H asks if he should bring home his things, ~~xxx~~ and are they going to close up after this weekend. RS says that he knows that they are going to close up, and it would probably ~~xxx~~ be the best thing. Lic. Noyola is going to call MH (this was probably what he said before that was unintelligible, since RS runs Lic. and Noyola together into one fumbled word) about this matter. MH will then go down and get their stuff and come back Monday. RS says that there is no need to ~~xxxxxxx~~ come back their soon. MH says that they are getting sort of tired of staying there anyway - MH was ~~xxx~~ doing a piece of work, and now that that is finished, he can't see just sitting around there anyway, so it is a good time for them to end up anyway. RS hasn't cleaned up or finished with what he has to do with the place yet, but since it was going to happen, he thought he would let him know. MH was sorry he didn't know last week ~~xxx~~ or he wouldn't have bought that extra tank of gas. MH won't tell the girl anything. MH will go down and spend the weekend, bringing back their things, and then give RS the keys, and the check for the phone bill at the same time. RS says that he can drop it by the office, but MH says that it would save time this way. MH asks R how everything was coming along - RS just came back from the new place, in fact they are living out there this week, and although there is a lot to do, they are doing a good job. MH comments that probably their ~~xxx~~ "friends" are settled down this week. RS supposed that they are in Prague today.

9.0 Conversation between RS and MH continues:
 MH asks if R knows when he is going to start shipping the big stuff. RS says that they have problems with the thing. MH hopes they can solve them. RS is sure they will be, but it takes time. MH asks if their original schedule of getting out by the end of December is okay. RS says that they are going to try to get out of one place or the other - of course their lease there runs until the 15th of January, and although they don't have to leave then, they want to, since the rent increases a 1,000 pesos. By then they will have things packed and in Gou's warehouse and what they can from Cuernavaca. RS thinks that they will have most of it done by the end of December. RS says that the government has to have photostatic ~~xxxxx~~ copies of the papers where they left the country before the stuff can be shipped, and furthermore, approved by the country that it is going to, so it is a lot of red tape, and if they don't have the papers, the government can just give them the papers when ever they get ready, and they may hold them up a month or two. MH says that Noyola ought to be able to push that through. R says that he is very good, but it is just a matter of red tape, and it can be cup whenever they feel like it - it is no more than that. MH thinks Noyola can take care of that alright - R says what he can, in fact, he just overcame a pretty bit obstacle just this week. MH knows what it is, and comments that finally he got it solved. (he-Noyola) RS wants MH to enjoy himself, that RS is just the low man on the tin ladder after all, and is the first to be stepped on. MH understands.

10.5 Out to 13-71-35. MH to the electrical repairman about the repair of something. The mechanic will be out right away, they have left.

11.0 Out to 25-36-90. MH to Dr. Prenskey. They talk about a new method of curing hernia by injection, and since MH was thinking about a hernia operation, he would like Dr. P. to see if he could find out about it, and if anyone here does it, or is capable of it. Dr. P. would find out - Dr. Jorge Solis would probably know. MH appreciates it very much. Dr. P. will call sometime next week. Dr. P. asks how MH's situation is. MH says that it is good - no news is good news, and of course the new outlook is very favorable - no final decision yet. Their attitude is one of being carefree, after all, what do they care - David is in medical school now. David seems to be working quite hard.

13.5 In. Molly to MH. They are going to Cuernavaca. She suggests that they make an arrangement - MH cuts her off. They talk about the food for the weekend.

14.0 Out to IB 19-59-01. MH to Diffusion Technica. MH to Bracamontes. MH wants to know if B is coming by to pick up their things, and perhaps leave something. B says that it is very good that he called, because someone is asking personnel for MH's address. MH says that for their purposes, he doesn't exist, continuing to be the phantasm. B says that he refers them to the Lic. Reyes (?), that he doesn't know anything about it. MH says that that is just fine, the way he wants it. B will be by to see MH in just a few minutes.

2.8 In. Celia for EH. (MH was home) EH apologizes for not coming by yesterday - she worked three hours and was tired. Celia is taking MH to the Players tonight. EH asks CO if someone is calling her - the kids upstairs or something. CO says that they are not - no one is trying to call her. EH comments that someone is "fucking" the line. (That is what she said - there was very little noise on the line, no more than usual) They talk about family matters, the concert last night - which was no good, other musicians.

5.8 Out to 20-83-4, stops, dials over to 20-83-76. MH to Mansur. MH asks MN nsura why he called him. Mansur has some news that he thought would interest MH, it interested him. Mansura says that "Sanchez" has another "lease" - after loosing the shoe factory, he is being put up in a bigger one - still in the penitentiary. The profits will be such that Sanchez will be able to pay Mansur off, little by little - maybe two or three years. It might be less time, because they are increasing the machinery next year. MH is glad to hear about it - always glad to hear something good when it happens. As far as the question of the mine, no one knows. MH asks what Sanchez thought of the new political situation. Mansur didn't talk to him about it - they talked ~~xxxxxx~~ over the phone yesterday, and Mansur thought MH would be interested also for what MH has in hand. MH doesn't know how the new political situation is for Sanchez, but it is pretty good for him - they have a lot of ~~mutual~~ mutual friends. (The they doesn't refer to Sanchez, in all probability) MH says that he doesn't mean that ~~it~~ it is going to ... (chuckle) but it makes him feel comfortable. In general, MN says, it looks like the continuation of the same general policy. The local development is all to the good. There follows a very general discussion on the economic situation in Mexico and Latin America. Mansur asks him how he was coming along with his things. MH is doing alright - everything is coming along in good shape, very smooth, and he keeps busy, and he thinks that in a very short time, he will resume the situation as it was, in terms of regularity. What has recently happened with ~~facilitate~~ things very much, it clears up any lingering doubts, so they feel quite comfortable. MH tells him that they are going out for the weekend, coming back Monday afternoon or so.

1.5 Out to 22-34-10. MH to San Novick. MH asks SN what kind of service he has at the place he is staying, since MH left a message at 10 that he called and SN obviously didn't get the message - SN will check into RM. MH called about the question of the imports, and the categories of imports are not strictly defined, and reads the section dealing with lamps, and in which category SN's stuff would fit into. MH goes into the importation figures. SN is going to make 2-cell flashlights at his factory, and is going to have some samples ready next week along with the fundamental data on his firm, and MH is going to fill out the forms and present it. (Apparently, they are going to ask that the border be closed for the importation of the type of flashlight they are making, and MH is handling that end of it.) SN asks MH how his situation is coming along. MH says that everything is quiet, and that is apparently a good sign. SN thinks that after the convention things will probably get moving. MH isn't sure, anytime now, but that the general situation has improved, as SN knows, and SN a Green. SN will call MH as soon as he gets the samples ready.

5.5 Out to 11-95-90. MH to Nacional Financiera, Difusion Technica. MH asks if there is a message for him. The Prof. answers, and says he does not, but he expected to be called about it since Monday, and has not yet heard, but expects it these coming few days. The Prof. had even come to work to ask about it, even though he was on vacation. MH will call later on in the week.

6.2 In. Prof. Carrillo for MH. (The same person as MH called above) and probably the person always referred to as the Prof.) The Prof. asks for the phone number of Lic. RMM Bravo, since he called him. MH gives it to him as 21-7677, and 12-47-47. Prof. is going to call him, since the Lic. wants the number of the Prof.'s cedula.

7.3 Conversation between SN and MH continues:
SN says that he guesses that MH is "through with that deal up there" MH
think that he is being evicted. SN asks and by whom - MH says that that
is the way it goes. (They are most likely referring to the Cuernavaca deal)
SN supposed that his prediction wasn't far from wrong - MH doesn't want to
admit it until all the cards are in, but it looks like SN was right. SN
asks if MH has heard anything about the situation "up there" (the downtown
office of Stern?) about the "transfer". MH heard nothing from there, but
heard from a different source that the finally were able to get the transfer.
(This could refer to the moving of Stern's effects) MH says that it was very
difficult, and how much of it was transfer he doesn't know. SN might just
give the office a call just to see what gives - but on second thought maybe
he shouldn't. MH advises him not to, and SN agrees, and the both say "To
hell with it."

Marie just came back from school, and the talk about that situation. They
talk about Enos's talk tomorrow, and the H's will come early for dinner, at 7

MH will wait for him.

MH will call Friday, and if anything else comes up, she will call him.

EH isn't tutoring or doing anything until next February, or until things get settled. EH isn't happy doing nothing.

5.7 In. Muriel for EH. They talk about health, Leslie, beauty shop, trip to Guernavaca, the H's family - all alright, days plans, the dinner at the Wicher's - they might be late, because MH has an errand at which he will have to sit (probably at the lawyers), Molly will be there by herself. WO takes phone. EH says, "Dorothy, this is Edith Halperin. How are the children? Fine. EH called yesterday, couldn't get WO. EH wants some chickens. Five big ones, 2 little ones, and a couple of rabbits. WO has the small ones. EH asks her if she could get some this weekend. She will try. WO has only the 8 pesce ones now. EH will be up her way on Thursday. Yes, WO has a couple of rabbits in the freezer. EH wants three little ones and the two rabbits, and if WO can get the big ones, call EH. EH will be there 1130 on Thursday, because she is up that way on Thursdays.

2.0 In. WO says when EH answers, "I was trying to get....EH: "Di' you want me, I'm Sra. Halperin. Did you want to talk to me?" No. He is trying to call Chapalla (ph). He is sorry. (WO stutters after every word.) EH: "I'm terribly sorry." (Why?) . WO hangs up first.

2.2 Out to 14-84-77. H. Halperin (v) asks WO, who answers, for Sr. MALTZ. Then asks WO if this is Cathie. Yes. How is Cathie. Fine. Did you get a date that night? Uh huh, about 2100. You did? So you did well staying at home. Yeah. Fine. Wait a second.

Albert H. takes phone. They greet each other. H. says why I'm calling you right at this time, is that I just got a letter from a friend of mine who said that he just saw a piece of mine in the latest "Science in Society." And since I haven't seen it, I wondered if it were a piece that hasn't yet reached Mexico, or whether they are discriminating against me. AM: Oh, I imagine that...EH interrupts. "You haven't seen it?" No. You would have seen it I suppose.... AM says I'm just looking over here in my magazine rack for my Sciences in Society. Just a moment. Let me go through the file and see what the latest one is that I have. All right.

AM returns to phone. The latest one is Winter, 1957. And it was to Bernard STERN on many articles; and I think it was an issue that will come here presently. You mean that they haven't published regularly, that is every quarter. My impression is that they haven't says AM. They probably haven't. AM says this issue came in quite some months ago. In that case EH wont write to them, apparently it just has been a little slow coming here. AM thinks that is what he should do.

MH asks how Margaret is. She is well now. MH is glad to hear this. AM asks how MH's family is. Fine, just taking it easy, doing what they can, keeping in good spirits, and in good health of course. Fine. MH says, "Well, I hope we run into each other one of these days. AM says he hopes so, but they've been 'kinda' at odds with the various kinds of illnesses we have had. MH says he understands that.

AM: "Listen, I heard that we might meet in Oaxaca. Are you going to Oaxaca for Christmas?" MH: "No, we've decided we aren't going to Oaxaca for Christmas. You are going, huh?" Yes, and it would have been more pleasant if you had been there. MH: "Well, it would be nice to see you there... when are you leaving?" AM plans to go on the 20th and return on the 27th. Oaxaca is a lovely place though, and especially nice at Christmas, comments AM. Yes. MH has been there. OK Albert, Good Bye.

3.5 Out to 10-21 --- Incomplete.

3.5 Out to _____ (Illegible). MH (v) with Operator, who answers, "Servicio Distancia." MH tells Operator he wants to speak to Jose Luis MORENO, in Manzanilla, Colima, phone no. 43. Who is calling? MH says Sr. WICHER (MH's voice) then MH spells the name.) He gives the telephone number 28-91-75, as that of WICHER. Just a moment.

Operator returns to phone and tells MH (v) that the line is busy. She will call him. OK.

4.0 In. Maurice H. (v) takes phone. Operator says here is Manzanilla. MO takes phone. MH calls MO Sr. MORENO and says this is Sr. WICHER. They greet each other. MH is very very well. MH tells Sr. M. that he (MH) sent Moreno a check yesterday "for the room which you are going to reserve for us on the 24th." All right. This is another double room. MH will send another check for 110.00 pesos. Then, they have two rooms reserved "for 5 persons in all." Fine.

5.0 Out to 11-86-57. (MH is heard talking to someone while dialing... "So the call costs 10 or 12 pesos, so...what's the difference; it's the only way.. we are; we know; we know right now.") MH identifies himself to MO and asks if Sra. WICHER is there. One moment. Who's calling? Mauricio. One moment.

MO takes phone. MH: "Hello, Marie, I just talked to Manzanillo, and they say the fish are very fine." Good. MH: "Yes, the whole thing is arranged." We have a room." Very wonderful. MH says "I called up in your name and I said we would send a check. I can send my own check; it doesn't matter; and simply say from you." "Yeah." So everything is OK, we're going now for sure." MO says so everything is fine, we're all going. Yeah, we're all going. MO says well, we are very glad; and MH says we are very grateful. Oh, we'll have a good time. Yes, they know they all will. (MO speaks to someone in her home) then says, all right I'm awfully glad; and I hope we'll see you before." Sure. Well, thanks again. Well, thanks to you for coming with us. OK. They laugh. MH: "The next time we meet we'll have a thank you contest. All right. Bye Bye."

0.5 In. NO calling Halperin residence. MH at phone. Greet each other. He recognizes NO's voice. She just got back from Brownsville. Stayed there 3 hours and returned to Monterrey the same day. Drove up and as far back as Monterrey. Stayed over in Monterrey instead of Brownsville. The hotel there is so much better than staying in Brownsville. The Rio Hotel. Service is great - hot and cold air conditioning, etc. fabulous meals, etc. 50 pesos a night. It is expensive, isn't it? Sure but as FREDERICK (ph) says he has to stay in a place that because he drives all day. He drove 14 hours and never left the wheel. 14 hours it took for us to reach Monterrey from here. Yes they went via Queretaro. Through San Luis Potosi. A few mountains from Monterrey. The road through San Luis Potosi Potosi is 200 kilometers. There is one goes over the mountains through Tomasanchale, etc. That is a hundred and some odd miles longer but one doesn't drive with such tension. It was a very good drive. And last night they took a late plane and flew into Mexico City. Yes, they hung around all day in Monterrey, first of all because MOLLIE was so exhausted and didn't feel like coming sooner. We had been getting up at 0700 and going to bed at 0200. The 1715 plane from Monterrey is a very good plane. This is the business men's special. They got in at 2000 - no 1900. SAW met them at the airport; he was still at the factory. (Could this be the NOVICK family?). And she brought him (MH) a pair of pajamas. Oh, good. SHE didn't get the kind that slip over the head. She couldn't find them. For that reason she didn't buy the most expensive ones. They all button down. She paid \$4.00. H. says that for \$4.00 here they are like gauze. These are better. Edith told her that if she can't get any better not to worry about them. She checked all men's shop. NO says Sam used to wear the ones that slip over the head but that was years ago; they don't make them any more. Not even Sears had them. H. says he is much out of fashion. Yes. He thinks they are much simpler and nicer as there is no further button problems.

Yes, Edith is out this morning - today being Thursday - but she'll be back soon. NO will be in and out during the day but she will call her again. MH says it was nice to talk to you, MOLLIE (Novick) and he will tell Edith she called.

Mollie asks if there is anything new. No, everything is so quiet. H. says I didn't tell you the latest, did I? Richard is getting married. Some one told the H's. M. says, Probably Gail (Could this be Gaila Selorer, Sam Selorer's wife?). H. says she hadn't told anybody for she hasn't had time. He is not coming down though now. He can't take two vacation. So he is coming down on his honeymoon.

MH asks if Victor is going to get married up there. Yes he is. This makes two sons. Richard may get married in February. Richard called late Sunday. She had suggested to Victor to get married there. He seemed disappointed when she suggested it; she only did it because she thought it would be much simpler. But Victor is such a sentimental kid so she never knows whether she's doing the right thing or the wrong thing. He is coming down on the 15th, and we're having a big party and we'll try and make it as ...MH, "Oh, boy, I'll stop eating right now."

Give us a ring sometime. MH will and he will get the pajamas soon. Thanks.

Bye.

4.0 In. WO speaks to maid (v) who answers and calls her Edith. No. Is she there? One moment.

Maurice Halperin (v) takes phone. WO tells "Maurice", "This is Bart (ph)". Someone (indis.) is expecting them (or him) tonight. Yes, I'm expecting to be there. Of course he is expecting me." Wonderful, then I'll see you tonight, huh? Yes, everything is under control and I'll be here around 8:00. Fine. "Thanks for calling, Bart." Bye.

After 1320

4.5 Out to 11-79-59. (Dial record but doesn't sound like that number on reel.) MH (v) asks WO, who answers, if Sr. SMITH (ph) is in. Yes. May he speak to him? Who is calling. Maurice Halperin. One moment.

WO takes phone. MH says, "CLIVE" (ph). Yes, Maurice Halperin. Yeah, how are you Maurice? He is fine. How is Clive doing? Very well thanks. MH asks if he is getting along all right. He heard that C. had an operation. "Yes, he has been. He had an operation." MH: "Are you recovering?" "I'm recovering." (This WO cuts his replies down to a minimum. He doesn't speak like a man who wanted to talk very much. He talks like a man who is talking only because it is a duty or he has to do so. Strangely.) MH: "Can you see a visitor, or is it too hard?" "No, I'd be very happy." (Slightly warmer). MH: "Well, you know I'm just a couple of blocks from you." "Yes, Maur." MH: "Would this be an opportune moment? Or shall I come later?" C: "Well, I'm with the doctor who has to dress my wound dress my....MH: "Dress your wound?" MH: "Well, maybe this afternoon. What do you think?" C: "Sure, I'll be very happy to see you." MH: "All right, I'll drop in around 1600. Is that a good time?" Sure. Are you at 11 on Pusbla, at the same place? Yes, 259. Right?o, thank you Mark. C: OK, I'll be glad to see you."

5.0 In. WO asks Maurice Halperin (v), who answers, how he is. He's fine. What's he doing? Writing a letter? Did you take your walk? No he didn't go out at all. WO is going to take a walk with Mollie and she'll buy him something (indist. ot). How many should she buy. MH: "Listen, Edith, it'll kill me those "TIBLEBUES" (VERY VERY PH). Don't buy any. Not a single one." Edith: "Oh, no." Really Edith, this has gotta stop." Edith: "Then you want I should buy the veal?" They are very good. We have those 5 (at home) of the others. How many should I buy? Well, buy those for Saturday or Sunday, whatever you want. She will buy a half of kilo. MH asks if she is going to get his pajamas. Yes, they are lovely. She has them.

Has anybody called? Mollie called of course. No rail? He hasn't come yet. She will be home soon. OK, no rush. Bye.

5.5 In. WO says to Edith who answers, "Sra. Halperin?" Yes. She is calling for Dr. Fránsky. She has an appointment tomorrow. He wonders if she could come Monday instead, at 1530. Yes. Then thanks. Ad os.

6.0 In. WO with Edith H. who answers. They greet each other. EH was going over to WO's house. She was to take Mollie to her home. WO says Mollie isn't in. She's over at Hanger's or something. When did you call her? Just awhile ago.

WO has bought some paperbacks for herself and Edith to read. Fine. They were a pesos a throw. Then E. will share them. No, WO wants to keep them but EH can read them.

ED asks WO when she talked to Mollie. About 15 minutes ago. EH asked Mollie to come over to EH's house today, but she didn't want to. She wanted to write letters. The "whole thing has upset her." NO: "You mean the trip?" EH: "Everything, she now talks about going back to the states." (Most likely this has to do with SAM HOWICK, who according to GRACE, he has left MOLLIE and wants to marry Grace. This was brought out in the DR Reels sometime back.) WO thinks this will be very good. ED: "She thinks if she goes to the wedding - her son Richard's or Victor's, not sure (Monitor) - she won't come back, because she found out that Richard wants her very much, you see." Uh, huh. EH: So you got some paperbacks, what else? That's all, not a thing else. Well it was not the kind of thing I go for, you know. EH: Of course. Was it crowded? Was it ... fancy napkin holders, etc. Lacy napkins, sheets, etc. Cakes - one trimmed with pearls. Candelled pearls she is sure. Had some interesting things in jars, but WO didn't feel like investing 20 pesos in a jar of Rosenberries.

ED asks WO how her meat loaf was. It was fine - KIRT (ph) said it was so good, it was so juicy ... it was fine. WO got a bargain in books, for Kirt, in GERMAN. For nothing, and he is so pleased, and among them is a German author BUSH, who compares with Dizzierman, who draws his own pictures, etc. How come you got them. Well, there was this come at the counter and I was looking for books and she said do you speak German. I said no, but my husband does. Then she said (this woman at the counter) why don't you look through these German books and see if there is anything you like. I said I wouldn't know if there were any thing worthwhile for him. Then she said, "Why don't you do me a favor and take the whole bunch of it for nothing. She wanted to get rid of them, and she said please do me another favor, don't bring them back to the basaar next year, if your husband doesn't like them. WO says she said, "Fine, I want." So it turns out that he is real pleased with them and when you come by you can look at them.

Re Mollie again. EH was going to call her but if she isn't there she won't call her now. Edith will wait until 1015. She told Edith she has some letters to write and has something to write and will write them. She (Mollie) is going out to supper tonight, and out again tomorrow night - to the PEPPER's or some place. WO says she also bought some sugary fudge. EH says save her a piece but don't let Maur know. She weighed herself at Mollie's and she's lost 2 lbs. Now 141 lbs. Maur doesn't believe it.

If Mollie calls WO calls her then let EH know. OK. Bye.

9.0 Out to 11-78-59. ED (v) asks maid (v) who answers, if the Sra. is in. No she is in the house of Sra. WING R or HANG R (ph). Thanks.

9.2 Out to 11-23-15. Edith H. (v) asks WO (maid v) who answers for Muriel. She is not in, Sra. Did she go out with some other Sra. No. Would you like to have her call you, or would you leave a message. No. Who is calling? Sra. Halperin. Thanks. EH will call Sra. Muriel (ph) later. Maid will advise her when she comes in that ED called. Thanks.

Yeah, we're going Tuesday morning, is that all right with EH. Yes, anytime, my friend. MO will call him again Monday, but keep in mind the Tuesday morning. Yes, what time? MO says, "Say from 1000 to 1100." EH: Get up that early? Well, maybe he can go somewhere else and then come...EH interrupts and says "nah, I'll be ready." MO says "well, maybe it wouldn't be best to go to that other(one's) place to early. I've never been there before."

MO says his wife wants to know if Edith got home all right. EH is not home yet. She should be home....Wait a minute, here she is now. EH takes phone. Guides EH about taking a message for her. She told Edith that they wanted to go to the Circus Sunday evening and she has tickets for that time; does he want to go. Yes, fine. Center Isle, 1 pesos. Fine they'll be there.

1.5 In. MO says he is BART with MAURICE H. Called to tell them that our neighbor, you know, Mrs. FALL, FOrd (very ph) had a cerebral hemorrhage. She is so bad that they took her to the hospital and they are going to have to operate on her. The Dr. doesn't think she will come through. MH: "Oh, that is so bad." 2.0 In. WO with EH. Greet each other. WO is up early. She always gets up at this time. Gets up with KIRT (ph) has breakfast. She called to tell EH that she got hold of DUDEP last night. Where is he. Los Angeles. What is he doing? What's his excuse. He said there's a terrible depression on. A depression that, like that, you talked about "in your day." EH calls WO CELIA. EH says she realizes that. Well it is an affair. Is that a fact. He finished the school, he said; and then he went up and down the coast looking for work. Finally he landed in Los Angeles. EH: "With your friends?" Yeah; he said he hadn't eaten for three days; but nothing. EH: "Oh, my G..d." And his car's broken down somewhere; and he can't afford to have it fixed? Celia goes on to say he located some kind of a job - didn't sound like much of a job. Is he working his way south? Celia says she doesn't know what he is doing; said he was on his way home, but didn't have enough to make it. He left money here, which he earned, which he didn't want to take with him. He left it with KIRT. Why didn't he ask for it. He never wrote for it. But he said he was coming home. EH: "You called your friend by that and he was there?"

Celia called her friend there and asked for Dude. WO said he wasn't there; but C. thinks she went out looking for him and the operator called later and it was Dude. EH is so glad. He is well...oh, he's having a hard time; but that's good for him...Oh, I don't want him to go through it; but if he wants Celia, so what can you do; so KIRT was happy. Yes, very happy.

Shopping. They'll talk later.

C. is happy and doesn't care about mail now; but EH says she'd better write Eve (ph) because she's worried. Yes, she knows.

EH says they are going Sunday with the WANGER's. Did WO talk to Mollie? No she didn't get a chance. EH: "They went to San Angel again." They did? Yeah.

Did MAY go? EH says she wishes WO lived closer, it is so far. So the news from DUDE is good. Yes. Maur says he should have let WO know that he needed money that he is being childish. But what can you do, that's the way they are. WO doesn't know exactly where he is working; it is for some inventor - a new kind of a press; he and another guy are the only ones working on it. He is getting 1.40 an hour; but he is a little leary about whether he is going to get it for the guy seems real poor. So that is the venture he is starting out on. He has a lot of confidence in this and that's the way it is.

Is he staying with your friend? _WO_ doesn't know.

10.0 In. NO asks HI (v) for Lupe. One moment.
Lupe takes phone. Israel (ph) calling. Edith and man chatter, flirting,
etc.

11.0 HI. Helen Siskinck (v) with Maurice R. who answers. Recognizes her
voice and they greet each other. How are things on the farm. She doesn't know.
Why? She isn't out there. How is Max. He's fine but not here. He moved right
out to the farm. Really, what an excellent idea, brilliant idea. She doesn't
know how brilliant, but if it works out she thinks it is going to be fine. HI
says just from a theoretical point of view, logically, it is the thing to do.
HS says logically it is good; but the only reason that it may not work out is
that the other guy now has to go out and get to work, and if he doesn't then it
won't work; but they are set up and are ready to produce and if they will and he
will work they can. HI says, "Then you'll just have to wait and see whether
he will do it or not. The chances are that he would do it; but...HS says well
I don't know whether it is immaturity or it is that he just doesn't need the re-
venue; that he doesn't do it.

HS asks "what's with you?" Nothing much; spending most of their time,
up until last night, we've been listening to the radio, to Vanguard (ph), naturally
we were terribly disappointed when it failed to go up. Otherwise we are all
right.

Edith has just gone across the street to a little store to buy something.
HS says she called because MAX works about half day until 1600 and then comes in
and we eat then, and we thought you might come and eat with us. HI says that
sounds interesting. They'll have a couple of chickens, etc. Then HI'll take
the responsibility of accepting. Helen says they were thinking of going to a
movie after that; but if you guys don't care to go...HI says well they'll talk
about that later. Helen called Mollie also and she thought maybe she'd come and
eat with them too; but she was out. She is supposed to call Helen back.

Then HI says well, now I do remember, maybe there's a small complication,
but nothing serious. It seems Mollie was to bring some Biliteses (very very ph)
over to HI's and they were going to eat with her at their house; but if Helen has
enough chicken to go around, plus the Biliteses (we could take them over to your
house) then...HS says that would be wonderful. HI says then let us organize this
and we'll see you around 1600. Fine. Bye.

Mollie told her she could use them for anything she would like.

Callie wasn't invited, but she couldn't go anyway as Maur had ten kids for lunch today, and... Well, and as Helen and Max were supposed to go to Callie's after dinner, then well, all go there. Fine. Mollie will tell Callie and tell her "that we are coming over." He party at Millie's.

Mollie has a headache. What is the matter? Oh, everything. Yes, I know. Mollie says she just keeps thinking and thinking - I'm not used to thinking. I guess. Ed says for her not to say that, that it is not so. Then she gets all these letters from New York and that worries her. Ed asks her "Is it that they want you to come to New York." Yes, and she doesn't know what to do. Yes, Victor is getting married in New York and coming down; but Richard isn't being married until February and he won't come down right now, but at that time, perhaps. Ed asked how the LUTKY's (ph) were. They were fine, why didn't the H's come to eat. Who all was there asks Ed. First there was Mollie (NOVICKS), Miss LUFFUS (very ph) came too. RAY came with her friend EDITH, whose mother just died, you know? No, RUTH BROWN, who is married to CONDE (ph), an artist. "We served panaches and stuff from the corner store which Kirt or KISE (ph) told them to bring. MAJ went off for awhile and then came back, they were people here all day long." Right away I tried to get in touch with you. I phoned several times. Ed: Yes, I know. From whom did you hear, from someone at school or from the other? G. heard from QUESTA (ph). The Westminster gives G. 1400 pesos and the Mexico City offered her 1500, but G. doesn't think it is worth while (to change probably). Ed: "What are the hours?" From 8 to 1. What Grade? Third Grade. MARK 1245

TO : Chief, WS Division

DATE: 15 December 1957

FROM : Chief of Station, [redacted]

SUBJECT: GENERAL - Operations

SPECIFIC - Maurice Hyman Halperin

Jck

1. Since the last week in August 1957 [redacted] has been trying to induce the Mexican Government to deport subject (an American Communist who, for a time after his departure had power of attorney for Alfred K. Stern) from Mexico. This effort has been mounted through LIKAYAK-2.

2. In mid September LIKAYAK-2 reported that he had succeeded in getting this matter to the attention of the President of Mexico through one of the President's personal advisors named Jose Lorenzo COSSIO. Through this channel the President was generally informed on Halperin's Communist affiliations and his connection with Stern. Recommendations were also made [redacted] that Stern's money (which he had left in Mexico) be frozen if possible and that Halperin be deported.

3. In the three months following these developments, repeated requests for news on the matter were made to LIKAYAK-2, who stated each time that he had done all he could when he brought the matter to the President's attention and that he could not force the point further. He did, however, mention it from time to time to both Fernando ROMAN Lugo, Undersecretary of Interior, and to COSSIO.

4. Although LIKAYAK-2 was not able to report any concrete developments in the three months period, LIFEAT coverage on Halperin and LCMAYFOWL target's residence showed that this station's message had gotten consideration from highly placed persons in the Mexican Government.

a. At the end of August and beginning of September, Halperin was freely expressing confidence that his Mexican immigrant papers would be processed through in quick time and he anticipated no trouble because of his association with Stern. Towards the end of September, however, and thereafter, Halperin's confidence declined as his papers were continually held up. Even his lawyer (Carmen OTERO y Gama), a person having excellent contacts in the Government, seemed unable to conclude the case.

b. On 23 September Ruth HIRSCHFELD and Ralph Scott, employees of Stern, on the LCMAYFOWL coverage stated that Halperin was worried to death about his situation in Mexico because he had learned the President was "after" him.

c. LCMAYFOWL coverage also reflected, towards the end of September and through October, that the Stern employees in Mexico were experiencing

difficulties in making certain large transfers of funds to Switzerland for him. LIKAYAK-2 reported that COSSIO had informed him that he had made inquiry about freezing these funds, at least temporarily, but that the Mexican banks involved insisted they were bound by international banking laws and could not do this. A transfer of \$650,000 (U. S.) was made; but the Swiss bank refused to accept it, returned it to Mexico.

5. On 2 December 1957 LIKAYAK-2 passed [redacted] a list of ten or so names of Americans in Mexico, with the request that the station furnish information as to whether they were communists. At that time [redacted] LIKAYAK-2 that since the Halperin matter had hung fire for so long he thought it possible the U. S. Government would prefer not to pass on such information. LIKAYAK-2 seemed quite confident that Halperin would be eventually deported but stated he would again look into the matter.

6. On 13 December LIKAYAK-2 reported that Halperin would be "invited" to leave the country. He stated he had heard this from Jose T. SANTILLAN, Director of Inspections at the Immigration Section of the Ministry of Interior. He then gave the following explanation for the delays so far encountered in the case:

a. So far as the Mexican Government knows, HALPERIN has not, while in Mexico, done anything harmful to Mexico. It is, therefore, almost impossible to apply Article 33 of the Constitution against him. Article 33, which gives the President power to deport any undesirable foreigner, is, in effect, applied very infrequently. One of the reasons is that the case must be very clear that the foreigner has operated against Mexican interests. Another is that the case must be very strong since the intended victim may appeal to the courts. A third reason, particularly applicable in this case, is that the Government does not wish to take strong action in this case, which it regards as political rather than criminal. The government is respecting the Mexican principle of granting political asylum, and at the same time does not wish to put himself into a position where it can become the target of attacks from leftist elements in the country. The government is further in a bad position in this case because Halperin worked for a Government department (Nacional Financiera) and the Government or various individuals in it do not wish to be placed in the position of having to admit they made a bad selection.

b. Underlining the difficulties of applying Article 33, LIKAYAK-2 cited two (2) examples from personal knowledge:

1. An American sadist is still in Mexico, in jail, though he is wanted by the U. S. and Mexico strongly desires to deport him. He is enjoying a court injunction against deportation and has been for about four months.

SECRET

SECRET

WFO-A-5951
KAPOK 1285
Page 3

2. In the case of Francesca Scaffa, jewel swindler and immoral character, the Mexican Government tried to deport her for many months but was successful only after several injunctions had been issued and expired.

c. On the other hand, LIKAYAK-2 states that the Government has a recourse which is not as blunt as Article 33 but is usually sufficient to result in a person's leaving Mexico. This consists of communicating to the subject the Mexican Government's dissatisfaction with having him in the country and inviting him to leave it in a certain period. The period can vary from a couple of weeks to several months. This, incidentally, was the means used to obtain the departure of the Nicaraguan Communist Mario SOSA Navarro early in 1957, in a test operation mounted by the station through LIKAYAK-2.

d. LIKAYAK-2 states he is thoroughly convinced that his Government intends to "invite" Halperin to leave the country. He points out, however, that Halperin could probably get one or more injunctions against this measure.

7. LIKAYAK-2 appeared to take the matter very personally but pointed out that in Mexico the legal forms are observed and the the US. Government, which also in scrupulous in its observance of such forms, should be able to understand the situation.

FROM :

SUBJECT: Maurice Hyman HALPERIN

Items Processed: HMA: - 7910, 8016, 8078, 8177, 8528

A highly sensitive source of known reliability who was in contact with Maurice HALPERIN during August and September 1957 furnished the following information concerning the contacts of Maurice HALPERIN:

1. Ralph SCOTT - Butler-chauffeur of Alfred K. STERN maintained at least one weekly contact with HALPERIN concerning the STERN house in Guernavaca and regarding letters Ralph SCOTT had received from Alfred K. STERN.
2. Kurt and Celia ODENHEIM - The HALPERINS continued to maintain a fairly close social relationship with the ODENHEIMs, having both invited the other to dinner on occasions.
3. Berta and Charles SMALL (SMOLIKOFF) - A fairly close social contact.
4. Ruth HIRSCHFIELD - HALPERIN maintained fairly frequent business contact with HIRSCHFIELD, secretary of Alfred K. STERN, concerning STERN's business affairs, the signing of checks, and like matters.
5. Albert and Margaret MALTZ - The HALPERINS maintained a fairly close social association with the MALTZs. HALPERIN also maintained a business relationship with Albert MALTZ.
6. Woodrow Wilson BORAH - Former OSS and State Department employee, long-time associate of HALPERIN, visited HALPERIN in August and September 1957. BORAH lived at the HALPERIN household during periods that David HALPERIN was not in Mexico. BORAH, while at the HALPERINS', maintained contact with Ramon Eduardo RUIZ, Sherburn COOK (COOKE), Clifton GROBER (phonetic) and his wife, Virginia, and (fnu) CHEVALIER who is not believed to be identical to the CHEVALIERs appearing in the telephone directory of Mexico City. BORAH's trip to Mexico was presumably a business one inasmuch as his expenses were paid by the university by which he is employed. Source related that BORAH had contact with someone described as being at the University of Illinois. (Possibly identical to Oscar LEWIS of the University of Illinois who was in Mexico at the time and who was in contact with Susan DRUCKER).

SECRET

201-128561

LMO/IN

SECRET

7. Leon MANSOUR - HALPERIN continued his association with MANSOUR ostensibly in the business interests of both himself and Alfred K. STERN
8. Maria and Enos WITCHER - The HALPERINS continued their social association with the WITCHERS, with Enos and Maurice playing chess occasionally.
9. Samuel J. and Mollie NOVICK - The HALPERINS continued to maintain a close social relationship with the NOVICKS. Edith HALPERIN is especially close to Mollie NOVICK and to Maria WITCHER, above. Maurice HALPERIN continued his business association with Samuel NOVICK on behalf of the STERN interest.
10. Max and Helen SHLAFROCK - The HALPERINS continued their social association with the SHLAFROCKS and also continued to purchase eggs and chickens from the SHLAFROCKS.
11. Noah SEBORER - Maurice HALPERIN continued his business association with Noah SEBORER. David HALPERIN maintained social contact with Noah's son, Robert, during the period David was in Mexico.
12. Garmen Otera y GAMA - Maurice HALPERIN maintained fairly frequent contact with this attorney who is attempting to obtain HALPERIN's papers for permanent residence in Mexico.
13. Adele SACHS - Miss SACHS was described to Source as the girl friend of David HALPERIN from Chicago. She spent several weeks in Mexico City visiting David and other friends there such as the NOVICKS.
14. Robert BERGMAN - Maintained fairly friendly contact with David HALPERIN while both were in Mexico. Robert BERGMAN was described as a fellow student of David HALPERIN at the University of Chicago.
15. Berta ARENAL - HALPERIN maintained an ostensible business association with ARENAL and with Salvadore OCAMPO regarding the ice cream business in which they were all mutually engaged.
16. M. R. ROGERS - Possibly identical to Martin Robert ROGERS, former OSS and Department of State employee. David HALPERIN, upon being admitted to the University of Chicago Medical School, wrote four letters to individuals who had recommended him to medical school. These were a Sam (LNU), a (fnu) BERGER, a Teddy (LNU), and a (fnu) DREW DENHILL (possibility of being two names, Drew DENHILL). The fifth letter was to M. R. ROGERS, Hotel Harrington, Washington 4, D.C.
17. Muriel REGER - The HALPERINS, particularly Edith, maintained an association with Muriel REGER.

SECRET

Doc-15947

18. Dr. Henry David PRENSKY - The HALPERINS continued to utilize the services of PRENSKY as their dentist. PRENSKY advised Edith HALPERIN, after Edith had been fired by the American School, to write articles such as "Why Johnny Can't Read", etc., as they have a current market value. PRENSKY suggested that he introduce the HALPERINS to Jeanette PEPPER for this purpose. The HALPERINS felt that was not necessary inasmuch as they knew Jeanette very well.

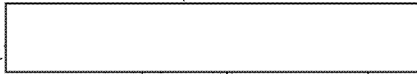

19. Bart and Edna VAN DER SCHELLING - The HALPERINS maintained social relationship with the VAN DER SCHELLINGS.

20. Jose Dⁿⁱ LAVIN - HALPERIN maintained contact with LAVIN regarding possible influence in aiding HALPERIN in securing residency papers and in business pursuits.

21. Mrs. (fnu) PERGAMENT - Possibly identical to Mrs. Marcus PERGAMENT, whom Martin Robert ROGERS listed on his OSS PHS as a cousin. A Mrs. PERGAMENT contacted the HALPERINS while in Mexico City for a short visit.

22. Homero VANJI - Maintained a social contact with David HALPERIN. VANJI advised Maurice HALPERIN that Virgilio (VANJI) was in Europe and had become well established.

Edith HALPERIN was extremely upset and nervous following her being discharged from the American School. She found it difficult to sleep and in three days had lost six pounds. She again became upset and highly nervous when Maurice HALPERIN lost his position with "Nacional Financiers". Mrs. HALPERIN also evidenced unrest during the period in which articles appeared in Time, Herald Tribune, Newsweek and the local Mexican press. Maurice HALPERIN, through his contacts with Carmen Otero y GAFA and Albert MALTZ, maintained the outward appearance of assurance of receiving his papers and remaining in Mexico.

HARMA BOWEN

from 0725 to 2250, 18 December (Wednesday) 1957

0.5 Out to 20-38-83. Twice. No answer and complete. EH (v) with WO who answers. Greet each other. Did WO's family come in. Yes. They came in at 1145? (does not indicate whether it is 1145 or 2345.) EH asks "with his company." Yeah. WO thinks the 'company' comes from EH's State. No, he comes from Boston. Is name is SILVER (ph). That was the name of the girl who came from LYNN (Mass?); Florence ROSEN.

EH can't come over. She has to cook a rabbit this morning. WO says "How revolting." EH says that takes hours to cook, but it is very good. WO and company got here about 0100?. Plans came in on time but baggage checking takes time.

How is MOLLIE? WO (Calla v) says she talked to her this morning. She is all right. Gone shopping.

Maur has a cold. EH may come over later, but thinks she will stay home with Maur. He has a cold. Bye.

2.0 Out to 36-20-38.8 ? EH (v) asks maid (v) who answers for the Sra. One moment.

WO takes phone. Greet each other. MOLLIE (v). Discuss cooking meat balls. Mollie is preparing to cook cookies.

The show was very good. It is at the Bal Moral ou Obregon. H's will go to see it.

Mollie has a date with JULIAN for 1600. He is staying at Gaiaktstherzse Caesar's (ph) house, where the office is. He came Sunday night.

Mollie (v) will call Edith later. Bye.

After 1710

3.5 In. (This call not recorded on dial tape). WO with EH (v) who answers. Greet each other. EH recognizes WO's voice. Calls EH Edith. She is worried about ENOS or ENOCH (ph). He usually comes home at 1300 or 1330. But he hasn't come home yet and he hasn't called either. She called the college and it is closed and yet he isn't home and she is so worried. She is worried very much. (EH turns to Maur in house and asks if he knows what they should do. "Marie is very concerned because Enos (ph) hasn't come home.") Maur says she will have to wait. WO says she "already did" and it's five thirty (1730) now. EH will go over to be with WO. OK Bye.

-NBS WICKER

4.5 In. Edith with Maurice. She is calling about Enos (ph). He has not come home yet, nor has he called and Marie is terribly worried. They want to know what Marie should do. EH says she should call the school. That is closed. Then call ELMENDORF (ph) who teaches there to see if anyone saw him today. If he was at the school he saw him there and who saw him last. EH asks if EH's phone is working. Maybe he called and her phone isn't working. EH gets Marie's phone number 11-86-57 and gives it to EH and tells EH to call to see if it is working. Bye.

5.0 Out to 11-88-57. MH (v) with EH (v) who answers. The phone works. MH asks EH where Tony is. He is at the Y and EH thinks she should go pick him up as he has no light on his bicycle. Enos (ph) always picks him up. MH asks if there is any way to call him. She doesn't know. MH says he doesn't think she can put the bicycle in the car.

EH says isn't this funny that he hasn't called. Marie says this never happened in her life that he didn't call. MH and EH think it is very strange. MH tells EH to call the Y and see if Tony knows anything about this. Then if Enos doesn't pick Anthony up within half hour or appointed time EH should go for him. Then EH should call ELMENDORF or others Marie knows who might have seen E. during the day at school. OK. Call anyone that might know him - students or teachers whom they might know. There is no one at the school with whom Marie can talk? No.

6.0 In. EH with MH. Anthony just came in. They talked to ELMENDORF (ph). He told Marie that two men from Gobernacion came to the college and picked up ENOS and took him to Gobernacion. Nothing is very clear because Marie is so upset. Elmendorf says they sent a lawyer from the college there (to Gobernacion). (Not clear whether the lawyer went with him or whether he went later. It isn't very clear to Marie.) That is all they know. Marie wants to call the Embassy. Enos is supposed to be released at 1900. Do you think she should wait until he is released. (EH stops to talk to Marie.) EH tells MH that Marie wants her to take Marie to Gobernacion. MH says all right, if she knows where he is. (EH turns to ask Marie if she knows where he is.) He is at Bucarelli at Gobernacion. Presumably he is testifying for a student, "that this student lived in back of where we lived in San Angel Inn for several months." Yeah. Marie: "I didn't exactly get it straight. The college called the embassy and "that Murray is also involved in it. But he is supposed to be released between 1900 and 2000, but that it is nothing pertaining to Enos (ph), but I don't believe so." MH: "But why?" M: "I don't know, but..." M: "I wouldn't jump to conclusions. You see, dear, Gobernacion is a very large place. Do you know what department? Have you ever been there? Yes, and she knows it is a large place." All they could tell her is that he was at Gobernacion on Bucarelli. Anyway I can't tell you everything... MH: "Well if you are going you should try to find out where he is." "You see his car is still at the college. Enos asked (men) them for their credentials and got into the car with them, which he shouldn't have, I think. Anyway I don't know just what to do right now." MH asks if she called Elmendorf. Yes, and he told her that he was surprised that nobody called her to let her know. EH says it was a shame that they haven't. Marie says she called MURRAY and he's not home. What did Elmendorf say that Murray is doing? Marie doesn't know what Murray is doing and she thinks perhaps he's 'there' too. Elmendorf suggested that Marie call up the Embassy and see if they know anything about it. So she is going to call the Embassy. M: "So you are going to call up your friend, uh?" Marie: "No, no...ah, yes, I'm going to call up Mr. FORD at the Embassy." MH says that can't hurt of course. The chances are that her information re student is correct and doesn't involve Enos. Marie doesn't believe this as they have kept him too long, and why don't they give him a chance to call home? MH tells her not to jump at conclusions, "you know how inefficient they are." MH says your idea of calling up FORD is good, but she should not go down and wander around in Gobernacion until she has exhausted everything else as it is a big place. MH tells her to keep him informed, and if there is anything he should do at any particular moment, naturally he is ready, see. Yes. Good luck. OK Maurice.

8.0 In. Edith with Maurice. ERCS is being held at Gobernacion. Still. Yes, and it is in relation to migratory questions. At 2030 he is going to have a conference with the Head of Gobernacion. Migratory question concerning ERCS (ph). MI: "Really?" Yes. Does he have a lawyer? According to the information from the college. He has a lawyer that he got down there. Marie wants to go. She doesn't know whether they will let her in or not. Does Maurice have any suggestions, as to what might be done. They are trying to contact the Embassy but FORD is out of town and her friend... MI says his suggestion is that GARMAN (ph) be brought into this immediately. EN says, "Well, I tried to talk to Marie but she isn't interested." MI says "Well, that's what I said immediately.. just a minute. There you are, I can't convince her, Maur." MI says "Can I talk to her on the phone?" EN "Can you talk over the phone? Let come and get you. Dress up warm. Let us come and get you, we need you here." OK.

9.2 In. No answer.

9.2 In. MI answers too late.

9.5 In. Edith H. (v) with Lupe. EN tells Lupe that they aren't going to have dinner at home (tonight).

0.5 In. KIRK identifies himself to Maurice Halperin (v). K. says, "Look, somebody came for SAM and MAX Shlafrook, to escort them out of the country. Can you get in touch with GARMEN. MH says it just so happens that he has heard the same news and she's on the job. Oh, she is? Look, they are over at Sam's apartment. Who is? Sam with the guys. 304 Horacio, Apt. 3 (Call Mollie and check with her about the street number it is either 304 or 308 Horacio.)

MH asks if MOLLIE is at home. Yes. "You say they are at SAM's (NOVICK'S) apartment now?" Yes, you see they took him there for Sam to pick up some clothes or something. MH asks if you can talk with him in there? K. says, "Yeah, but he doesn't know, there's five guys with him there, Mollie says." MH says, "And GARMEN isn't there?" K. "So far she doesn't know anything, K. thinks. She (GARMEN) asked K. to get in touch with SCHEREN (ph), but Scheren (ph) isn't in town. MH will call Mollie re address. K. says "Is there anything you think we should do, do you think we should show our face up there, or something?" MH says "Well, I think we have to get GARMEN there, that's the thing we have to do. OK Kirt. K. OK let me know what happens, will you? OK."

SCHOEN?

1.2 Out to 11-77-59. MH (v) with MOLLIE (NOVICK'S). "What's Sam phone number?" He has no phone number. MH asks re address. M. thinks it is 308, Apt 3. Mollie says it was called Los Cedros now Horacio, called both. Is Sam there now? Yes. How long will he be there? Mollie isn't sure, but "he has to wait for a van to come by here first." SAM came by Mollie's. He couldn't even come in. He was with about five (5) men. They were sealed in the car - he and MAX and they are being escorted to the border. MH: Oh, really? M: And I can't.... MH interrupts and say, Well thanks a lot..(Hangs up.)

2.0 Out to 28-91-39. MH identifies himself to NO, who answers, and asks if the lawyer is there. One moment.

Lic. (woman) comes to phone. MH says a friend of his called to tell him (MH) that Sr. Shlafrook, a client of hers..She interrupts and says that she was "there." MH asks if she knows what happened. Yes, they are deporting him. MH says this is in process - 5 men, policemen arrived, put them in a car and they went by where Sr. Novick lives "because she does not live with Sr. (Novick)," so Sr. Novick found out about this. Then, they (the police) took them to the apartment where Sr. Novick lives. They are apparently there now, on Horacio St. Novick lives alone. Novick is picking some things up under a 5 men guard and they are going to take them tonight to the border. MH asks if NO knows about this. Yes, she does, "but he made some stupid declarations." Nothing can be done. About both of them? Which two? Novick and Shlafrook. NO says that Novick has done nothing. MH says that both are detained (and will be deported). NO tells MH that they should advise Charles Small to leave (town - to avoid deportation). MH asks if she can't do anything more. No. MH suggests she try something (to prevent this) with Garcia Telles. NO says ~~she can't try anything~~ she can't try anything (with Garcia Telles), but someone else might try. But they should advise Small to leave his house. MH asks if Garcia Telles would help if he (MH) called him. Possibly. NO's only suggestion is that the rest of the group not be at home. What group? NO says "the friends of them." Very well. MH asks if Alejandro could do anything. She thinks so.

4.0 Out to 28-03-20. MH (v) asks maid, who answers, for Sr. or Sra. Small. Neither person is in. MH asks where he could find them. MO does not know, but thinks Sra. Small is at Sr. Malts's house.

4.2 Out to 14-81-77. MH with Margaret (Malts), who answers. MH asks if Bertha Small is there. BS was there earlier, but she is no longer there. She went with Albert (Malts) downtown. MH asks if there is anything he can do. MH does not think so. They (Albert Malts and BS) were going to call her if there was something which could be done. They left (for downtown) around 2000. It is now around 2315. They have not called in since. "They were looking for some papers which had been asked for, concerning the business. They thought the accountant had them. He doesn't have a telephone, so they were going to go there, so I guess they are chasing around town." MH just heard from somebody that "both of them are in a car now with 5 individuals to take care of them and apparently they are ready to leave for the border at any minute. I tried to contact someone else to get some advice on this thing and I was told that perhaps Bertha knew something about, some details of things going on." MH asks if they (Albert Malts and Bertha Small) know "about this development." MH thinks not. BS was at home with Charles (Small) around 2000 before Albert Malts and BS left. They are not home now. MH wonders what has come up so suddenly (to cause deportations). MH says they will talk about this later. MH is rather worried about the whole matter. MH offers to help in anything if Albert Malts and BS think it necessary. MH does not want to start calling people at "this particular moment because I don't know what the complications are, particularly with everything else going on, and it is a little late to sort of drag people out unless you know what you were doing. I wouldn't know what I was doing. It is perfectly clear that they are now in a car." The news came from Molly Novick. "They stopped by in a car, they went to pick up something in her apartment, and Sam." MH forgets whether MH said she saw him (Sam Novick) in the car. They went to Sam's apt. to get some things. MH thinks they are probably off by now. MH asks about the daughter. MH thinks she might not know about it. MH will call up Helen Shlafrook to see if she knows about it. MH says the two people are Sam Novick and Max, not Helen.

6.7 Out to 14-72-10. Maurice Halperin with Helen (Shlafrook), who answers. Max is gone (has been picked up). MH asks if there is something he can do right now. Just one moment.

Albert Malts takes phone. There is nothing MH can do. Both Sam (Novick) and Max (Shlafrook) have left for the States just now by car. MH asks what is next. AH does not know. They just left and they are now going to chat. AH asked Sam if he had a chance to get in touch with his attorney. Sam said "No, he's not in this. He said that this is complete frame-up by the American Embassy. This is what Sam vouchsafed. However, Max's attorney was in on this all day and when Helen spoke her to a few moments ago, she said that Max had signed certain statements which were regrettable and on that basis, he had to accept the voluntary departure." MH says this is "voluntary departure." This is what "she (attorney) said." MH asks about Sam. AH does not know. And Cau's (ph) statement "is that she will go to work on it tomorrow. There is a problem of certain papers of Max - his incorporation papers, which are in a bank vault. Helen does not have access to the vault and therefore he has to send a power-of-attorney." AH spoke to one of Max's escorts and asked if they could not allow Max to get some power-of-attorney in Mexico at once stop "since it would be easier." He said yes, but AH is dubious. AH says they will

8.2 In. Charles (Small) with Maurice Halperin, who answers. S. says he was "here when you were talking to our friend (Albert Kalts)." S. is looking for Curt. MH has not seen him. MH asks what S. is going to do. S. is staying there, "we are going to talk a bit to see what can be done if you would like to join. We are at Maxie's." They are talk all this over. MH only wanted to know if something could be done. CS thinks not. MH does not understand why nothing can be done about this - as the lawyer said. Max indicated he signed some voluntary statement "under duress, but Sam was with him." MH asks if Sam signed anything. They don't know. CS says "our friend who is acquainted with Juan, the other lawyer, tells me that he has been told by him that these two and our friend David (Drucker), not the dentist, but the other one, were scheduled to be picked up, but not today, something tomorrow apparently." They speeded up schedule a little. They invite MH tonight. It is now around 2:00. MH talked with the woman, (the lawyer), there is nothing to be done, according to her. MH thinks if they could get the right person out of bed and get a lot of top machinery moving rapidly, something might be done. CS does not think this is possible. CS says "our friend who has this other fellow is tracking down this important fellow, if he can, sometime tonight. If he does track him down, he'll contact him." CS thinks that Sam must have also signed something. MH does not know, but Sam "must have made some comment to somebody which was forwarded." MH does not know what to do. You can start moving something and meet with a "fait accompli."

0.5 Out to 29-38-53. Edith Halperin with WO, who answers. They greet each other. EH does not identify the WO. EH tells WO that Max is in bed, has a cold. He was in bed all day yesterday. WO is in bed right now and doesn't know how cold it is. EH will be by 1130 today.

EH didn't do a thing all day yesterday. She went out to mail some letters. Went to the library to read the papers; then came home and that was all she did all day. (WC can scarcely be heard by Monitor.) EH asks her how MOLLIE is. She is OK.

Edith calls WO Calla. Asks how Kirk is. He's fine.
Edith is going to Calla's at 1130. OK.

1.0 In. WO with MH, who answers. WO says to MH (v) whom she apparently recognizes, "How are you honey." Oh, he has a cold. WO says with the weather like it is it is a wonder everybody doesn't have a cold. MH calls WO EDNA. He thinks he won't feel like coming tonight (to her house).

MH asks E. what happened to her neighbor upstairs. She died Saturday. MH is surprised, and sorry. E. thinks it was better that she did as she would have been completely paralyzed. She was in the operating room 6 hours. Her three daughters flew down. One lives near Seattle and two in San Francisco. They got in Friday night. WO (upstairs) was still alive but unconscious. MH says what a tragic thing. MH could hardly believe it. E. says she was in her 70's. MH says when BART told us we were completely shocked about it.

MH says now it is up to them to contact the H's since they have no way of contacting them. He says they can do something...next Tuesday, as usual; but she will have to call them. WO (Edna) will do this. E. says they are thinking of going to Guernavaca next weekend for a few days, but they will call the H's. They could have played Sunday but it is up to them to call. She can call Thursday and confirm. E. will keep in touch with them. (Next Thursday, as usual).

One thing she wants to ask Edith. Birdie (very ph) in Guernavaca wants her very badly to tutor Tobianna for taking some tests in January for Cornell (Univ.) (FREDIE not SYDIE).

MH says the only problem is how is Edith going to get down there. MH says he is sure she will if she can, but only if she can do this. Freddie wants Edith and knows she can do this. And Freddie knows of the travel problem and they would be willing to come here to Edith. MH says the only thing is they have a chance to "pickup" a ride to SANZAVILLA on the 23d of this month; and they will be back one week later. E. says that would be fine as after that they can get together.

MH says well we still have this coming Thursday for the regular thing, and you call them (H's) and they can come down. OK. Bart is fine. There is no way to call Edna, except in an emergency (Alice's phone upstairs - the woman who just died. Her phone is still in force; and a friend of Alice's is taking over her apt.) This is only for emergencies. E. will keep in touch with the H's otherwise. Fine.

He is going to the States. MH invites MB to dinner with them then. No, MB has a business engagement at 2000. Then he will come by to see MH right away before 2000. Fine.
