1. After receipt of the referenced dispatch ODENVY was queried by Headquarters as to whether or not it wished to continue receiving copies of HALPERIN's correspondence which appeared to concern only family matters. The following reply was received:

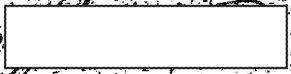

"(ODENVY) would appreciate receiving copies of letters addressed to (HALPERIN) even though the letters appear to relate to purely family matters. In reviewing such correspondence in the past, we have noted information of value, particularly with respect to future plans of the HALPERINS."

2. It is therefore requested that the field continue to forward photographic copies of all correspondence concerning HALPERIN or other American Communists in Mexico.

SOURCE: LIBRIGHT/LIMUD

- The attached negatives are of three letters which were addressed to Maurice HALPERIN in Mexico City.
- The first two letters are from Robert ROGERS from Hume, Virginia. One letter concerns queries re effects to be shipped when the ROGERS family comes as immigrants to Mexico. Evidently their papers for Mexico are being arranged by a lawyer named HANBAUSEN in Mexico. Definite identification of HANBAUSEN is not possible from this as there are two brothers here in Mexico who are practicing lawyers and either of them might be the one responsible for arranging the papers for ROGERS. ROGERS made the statement in the letter of 2 September that "As a matter of fact, we have to come anyway, and we'll enter as tourists if we can't get ready as immigrants." The second communication from ROGERS was a request for a Post Office box to which his mail could be sent in Mexico.
- The third letter is from Jane Constance ROGERS, Robert's mother, and was sent from Mill Valley, California. She had previously asked HALPERIN to look for an apartment for her for the winter. In her letter Jane Constance mentions the fact that Morton SOBELL is no longer in Alcatraz. She also refers to two "youngish" lawyers from Los Angeles who came to San Francisco for a breath of "fresh air". She was aware of the presence of Albert MALTS' family in southern California also.
- ODENVY, locally, has been provided with copies of the attachments.

DOCUMENT CENTER

1. The following report dated 3 July 1962 was received from another office of this Agency. The source, who is untested, arrived in the U.S. in June 1962 as a political refugee. From October 1960 to February 1961 he served as Economic Counselor of the Cuban Embassy in the U.S.R.

a. During the period I served as Economic Counselor of the Cuban Embassy in the USSR (October 1960 to February 1961) I met and became fairly well acquainted with a number of defectors from the West, including Douglas McLEAN, who defected from the United Kingdom, and Maurice HALPERIN from the U.S. I did not meet Guy B. [unclear] because I was told that he is in bad physical condition due to excessive drinking. McLEAN, who is now known as "Frankie," likewise drinks heavily and at a party the hostess cut down on his liquor, saying "If he drinks too much, he gets in bad shape." *Conf. re*

b. McLEAN and his family are living in Soviet Government-furnished quarters in a new but not elaborate apartment building near the Ukraine Hotel. His wife made a number of remarks to my wife about how far it is necessary to walk to get food or anything else in the USSR. Otherwise, she did not complain. McLEAN made numerous jokes about the shortcomings of living in the USSR, including comments about the elevator in his apartment building never working. He also made some half-hearted jokes about the Soviets always spitting when they spoke. At the time I knew McLEAN he was on the staff of an English language publication, Economic Affairs.

c. Maurice HALPERIN was a U.S. national and, I believe, taught economics at a U. S. university. He subsequently worked at the National Bank of Mexico, but was expelled about 1956 and went to the USSR. HALPERIN is now a lecturer in economics at Moscow University. HALPERIN assisted in gathering data used by "Che" GUEVARA in

his speech at Punta del Este and commented about it when the speech was published. HALPERIN, I believe, is of English-Jewish background. He still has a con in the U.S. and was happily anticipating a visit from the son in 1961. The son canceled the trip for unspecified reasons and HALPERIN became extremely depressed. HALPERIN mentioned on a number of occasions that he would like to come back to the U.S. and at one time asked me if he should accept a position in Cuba which had been offered to him by Faure CHAMON. I believe he has regretted his going to the USSR. He is always "joking" about unpleasant aspects of life in the Soviet Union.

1. Reference is made to our GCI-1/751,165, dated 27 August 1958, and to other correspondence concerning Subject, an American Communist living at Madellis #36, Apartment 9, Mexico, D.F.
2. Enclosed for your information are photocopies of the following letters sent to Subject by Leonard B. BOUDIN, of the law firm of RABINOWITZ and BUDIN, 25 Broad Street, New York 4, New York. BOUDIN is Subject's U.S. lawyer.
 - a. Letter, dated 30 June 1958, makes reference to a letter written by HALPERIN on 27 June to his lawyer which evidently voiced HALPERIN's belief that his mail was being tapped with. BOUDIN says that his firm often seals its letters with Scotch tape.
 - b. Letter, dated 11 July 1958, indicates HALPERIN's attorney is still experiencing difficulty in obtaining a U.S. passport for Subject. BOUDIN says that a \$500 retainer will be necessary if HALPERIN wants him to proceed further in the passport matter.
3. The above information was obtained from a usually reliable and highly sensitive source and should not be disseminated further.

1. Reference is made to our CSCI-3/749,777, dated 1 May 1958, and CSCI-3/749,493, dated 5 February 1958, and to other correspondence concerning Subject, an American Communist living at Medellin #36, apartment 9, Mexico, D.F.

2. Enclosed herewith for the information of your Bureau are the following photographic copies of letters sent to Subject:

- 11mm - 105-31
2 Jul
- a) Letter, dated 19 June 1958, from the law firm of RADINOWITZ and BOUDIN, 25 Broad Street, New York 4, New York, which concerns HALPERIN's application for a U.S. passport. Leonard BOUDIN advises HALPERIN that, if he is asked to answer any questions regarding his political beliefs or associates when applying for his passport, he should reply that such questions are now disposed of by the Supreme Court's decision in the KENT and BRECHL versus DULLES case.
- 11mm - 10772
6 Aug
- b) Two letters, undated, from David HALPERIN, Subject's son, who is a medical student attending summer school in Chicago. David's summer address is 5337 South Kimbark, Chicago, Illinois. The first letter appears to have been written on 6 July since David mentions that the Mexican elections were being held on the day he was writing the letter. Although most of the letter is concerned with David's studies, he does mention that he will be arriving in Mexico on 1 September and will have to return to Chicago on 8 October. One other portion appears to be of interest: "Zecale and its supporters must be in trouble if they have to drag you people through the mud again."

I pick up Siemra every now and then. Noticed that Vasquez Vela was busy accompanying AIN around Veracruz." (AIN is Adolfo LOPEZ Mateos, President-elect of Mexico. Vasquez Vela may be identical with Gonzalo VASQUEZ Vela, a lawyer and follower of General Lazaro CARRERAN, former President of Mexico. In November 1957 VASQUEZ was reported as having contributed money to the Partido Popular (the Mexican Marxist party) so that the PP could publish its political program for the 1958 presidential election in a Mexico City newspaper.) The second letter concerns David's studies.

- e) Letter, dated 1 July, from The Dell, Hume, Virginia, which was obviously written by Robert ROGERS (aka Martin Robert ROGERS), former State Department and OCS employee, and a good friend of Subject's. The letter reveals that ROGERS, his wife, Terry, and their children, intend to leave Virginia about 15 October 1958 and will travel to Mexico via California. They plan to stay in Mexico for two years. The letter encloses a New York Times article by Paul Kennedy on the effect in Mexico of the Supreme Court ruling on issuance of U.S. passports.

1. Reference is made to our CSCI-3/7h9,777, dated 1 May 1958, and to other correspondence concerning Subject, an American Communist who lives at Hedallin 36, Apt. 9, Mexico 7, D.F.

2. Enclosed for the information of your Bureau are photographic copies of the following letters sent to Subject and his wife, Edith, at the above address:

a) Letter, postmarked 2 November 1957, from David HALPERIN, Subject's son, at 1414 East 59th Street, Room 336, Chicago 37, Illinois, concerns David's college activities. The letter was written on the stationery of Panasco Internacional, S.A., Isabel la Católica #43, Room 700, Mexico 1, D.F.

b) Letter, dated 8 November 1957, from Mrs. Philip HALPERIN, Subject's mother, at 824 Blue Hill Avenue, Dorchester 24, Massachusetts, appears to concern purely family matters.

c) Letter, dated 9 November 1957, from David HALPERIN, at the address in (a), above, concerns his college studies.

d) Envelope, postmarked 11(?) December 1957, encloses a final notice of premium due from the Associates Life Insurance Company, 802 Board of Trade Building, Indianapolis, Indiana.

e) Letter, dated 4 December 1957, from A. HELLER (Abraham Aaron HELLER), 56 7th Avenue, New York 11, New York, mentions that the writer and Jane (probably Jane Constance ROGERS; see our CSCI-3/751,016, dated 12 August 1958) would leave New York for Mexico on 4 January 1958.

f) Letter, postmarked 12 December 1957, from David HALPERIN at International House, 1414 East 59th Street, Chicago, Illinois, concerns his plans for Christmas vacation.

g) Christmas card from Jean and Henry MIMS, Clinton, New Jersey.

h) Letter, dated 27 December 1957, from Sylvia and Bill ROSENFIELD, 71 Doolittle Road, Stamford, Connecticut, which mentions that the ROSENFIELDS planned to go to Mexico on 25 January 1958 for a stay of about 17 days.

i) Letter, dated 27 December 1957, from Freddie and Ben (lms), 56 Monachock Road, Chestnut Hill, Massachusetts, who appear to be friends of HALPERIN.

j) Registered letter, dated 9 January 1958, from "Bob", The Roosevelt Hotel, 2101 16th Street, N.W., Washington, D.C. Bob is probably identical with Robert ROGERS (also known as Martin Robert ROGERS), former OSS and Department of State employee. The writer mentions a trip he and his wife, Terry, plan to take to Europe, and also says that he plans on going to Mexico on 27 January. ROGERS asks HALPERIN to get his airline tickets for him, and a check, dated 10 January 1958, payable to MUMFIS in the amount of \$190.00 is enclosed. The check is signed by M. Robert ROGERS for the Washington High Fidelity Music Show.

k) Letter, dated 1 January 1958, from Dr. Emanuel (Henry) GAMERAN, 229 West 78th Street, New York 24, New York, mentions that the writer will be staying at the Belmar Hotel, Miami Beach, Florida, until 11 January. The writer asks HALPERIN what progress the letter made with MANSOUR. (This is probably Leon MANSOUR, a business associate of HALPERIN in Mexico.

See our CSCI-3/71A,493, dated 5 February 1958) GANORAN is the father of Rabbi Hillel GANFAN, husband of Judith Halperin GANORAN, daughter of Subject.

1) Letter, dated 19 January 1958, from Lou and Sunny (Lna), Marblehead, Massachusetts, indicates the writer is in some way related to the HALPERINS. The letter concerns mainly family matters.

a) Letter, dated 5 January 1958, from David HALPERIN in Chicago, which describes his Christmas vacation and mentions that he has not seen anything about his parents or others in Mexico in the newspapers. He asks how powerful SANTIILLAN is. (SANTIILLAN is probably identical with Jose T. SAN ILLAN, former Chief of the Inspection Service of the Mexican Immigration Department, who was dismissed from his job in late January 1958. His dismissal was regarded as a victory for the Communists and pro-Communists with influence in the Mexican Government. See our CS-3/347,810, dated 10 March 1958, subject: Personnel Changes in the Mexican Immigration Department.)

a) Letter, dated 21 January 1958, from Dr. Emanuel GANORAN, at the New York address in (k), above, indicates that the writer and his son, Hillel GANORAN, are involved in some kind of business transaction which also involves Leon HANSOUR, (see (k), above), and ROGERS (probably Robert ROGERS-see (j) above.) The writer suggests that perhaps ROGERS, since he is in business, might be "in a position to take over the entire indebtedness, and wait for gradual repayments."

c) Letter, dated 22 January 1958, from Hillel GANORAN, Temple B'nai Or, P.O. Box 282, Morristown, New Jersey, also concerns the business transaction mentioned above. The writer says that he thought "the three notes for \$15,000 backed up by the mine's house were collateral for" Emanuel GANORAN's loan of \$12,000, but that now he has learned they are collateral for Jane ROGERS' loan as well. (Jane ROGERS is mother of Robert ROGERS, and is identical with the person mentioned in (e), above.) The writer feels that action should be taken immediately since

"although there is a possibility that HANSUER's (sic) situation will be better in a few months, it is also possible that it will be worse...".

p) Letter, dated 1 February, from Mrs. A. FRISCH, at the Collins Park Hotel in Miami Beach, Florida, concerns family matters. Mrs. FRISCH is Edith HALPERIN's mother.

q) Letter, dated 2 February, from David HALPERIN, concerns his college studies.

r) Letter, dated 6 February, from Nat FRISCH, wife of Milton FRISCH, Edith HALPERIN's brother, in Marblehead, Massachusetts, concerns family matters.

s) Letter, dated 10 February, from Oscar LEWIS, at the University of Illinois, Urbana, Illinois, asks about some Spanish translations HALPERIN was to do for LEWIS.

t) Letter, dated 12 February, from Hillel GAMORAN, Morristown, New Jersey, mentions that the Board of Trustees had reversed itself and offered the same contract which the writer had requested in December, and that the writer had accepted the contract.

u) Postcard, dated 20 March, from Judith Halperin GAMORAN, which concerns family matters.

v) Letter, dated 15 March, from Nat FRISCH (Mrs. Milton M. FRISCH), 17 Columbia Road, Marblehead, Massachusetts, which concerns family matters.

w) Letter, dated 27 March, from Emanuel GAMORAN, 229 West 78th Street, New York 24, New York, indicates that the business matter mentioned in (u) and (e) above, has still not been settled.

x) Letters, dated 6 and 12 April, from David HALPERIN, concern his studies for the most part. The earlier letter mentions that he enjoyed his one-week stay in Mexico (in late March); the later letter mentions that David is to run as a candidate of the Student Representative Party for a position in student

government. He describes the Student Representative Party as the more radical of the two parties on campus.

y) Letter, dated 21 April, from Ted HALPERIN, 22 Kohler Avenue, Milton, Massachusetts, forwards some family snapshots.

z) Letters, dated 24 and 27 May, from Oscar LEWIS (see (s) above), concern translations LEWIS has asked HALPERIN to do. In the earlier letter LEWIS mentions that he was planning to go to Mexico in early June 1958 to complete interviews with a number of lower class subjects in order to round off his research study.

aa) Letter, postmarked (20?) May, from Rabbi Hillel GANDORAN, concerns a trip which he and his family plan to make to Mexico from which the writer says he must return by 3 August.

bb) Letter, dated 25 May, from Judith Halperin GANDORAN, concerns mostly family matters. The writer mentions a trip she and her family plan to make to Chicago in late June.

cc) Letter, dated 26 May, from Ted HALPERIN, mentions that the writer is happy that Subject's immigration documents came through. The writer also recommends that the Subject read Purely Academic, a satire on U. S. university life written by Stringfellow BARR.

dd) Letter, undated, from David HALPERIN, indicates that his school term is over and that while he is in summer school he will be living at 5117 South Kiskadee, Apt. 2, Chicago, Illinois.

ee) Letter, postmarked 12 June, from Ethel HALPERIN, wife of Ted HALPERIN, 22 Kohler Avenue, Milton, Massachusetts, concerns family matters and forwards some snapshots.

ff) Letter, dated 16 June, from Judith Halperin GANDORAN, mentions that she and her husband and son will

3. Copies of all the letters mentioned above, except (d), (e), (f), (u), (v), (w), (x), (y), and (aa) through (ff), were passed previously to the representative of your Bureau in Mexico City.

b. These letters were obtained from a usually reliable and highly sensitive source and should not be disseminated further.

5. It would be appreciated if you would inform us if you wish to keep receiving copies of letters addressed to Subject which appear to concern purely family matters, such as (b), (p)-(r), and (u)-(y).

1. Enclosed are one photocopy and film of two letters to subject from his U. S. lawyer, Leonard B. ROUDIN. The letter of 30 June indicates that HALPERIN suspected tampering with his mail. The letter of 14 July explains the complications in his passport case. ROUDIN still feels that he can secure subject's passport before legislation is passed, if he acts expeditiously and forcefully on the administrative level without publicity or judicial action.

X HUNGER, Helen - temporarily at Gran Hotel Texas, Rm 36. Contacted Bertha SMOLIKOFF on 17 and 19 June 1958. Remarked that she had encountered Martha (Inu) at the Geneva Hotel. Was invited by Bertha to visit the SMOLIKOFFs even though they would be unable to have her stay at their house. Discussed house under construction at "the lake".

X HALPERIN, Maurice - was contacted by Charles SMOLIKOFF on 18 June 1958 about getting together to practice music that afternoon. Charles SMOLIKOFF mentioned that he would be bringing "Howard" with him to HALPERINs.

Jerry (Inu) - Has a son named "Howard" who wants to enlist in the U.S. Navy. Called Bertha SMOLIKOFF to inquire for the address of Harry REIHAM in the U.S. so that he could get a copy of his divorce papers which were necessary to show that he could sign the documents for Howard to join the Navy. Howard would go to Brownsville, Texas to enlist. REIHAM's address was given as 1406 Biscayne Bldg., 19 W. Flagler St., (Miami, Florida).

Charles and Bertha SMOLIKOFF are both attending school in Mexico.

CLASSIFICATION

TO : Chief, WH Division

DATE: 2 July 1958

FROM : Chief of Station, Mexico City

SUBJECT: GENERAL - American Communists in Mexico

SPECIFIC - Basing of Documentation Situation

1. As a result of the recent U.S. Supreme Court decision in the KENT and BRISHL cases it may be expected that members of the large American Communist group in Mexico will file applications for U.S. passports. Applicants or prospective applicants already reported on are:

a. Maurice HALPERIN (201-128561) has already consulted with Leonard B. BOUDIN of the New York law firm RABINOWITZ & BOUDIN, who has suggested that he apply immediately for his and his wife's passports at the U.S. Embassy in Mexico City. BOUDIN advises that in the event he is questioned about political associations and beliefs, he should merely indicate, and only orally, that such questions are now disposed of by the Supreme Court decision. BOUDIN appears confident that, once application is filed abroad, he can handle any complications in Washington, but he does not anticipate any need for his intervention. Source LIBRIGHT/LINDUD; copy and film of source document attached. ODACID and GOSWYI informed.

b. LIBRIGHT/LINDUD has also reported that as of 9 June George Hugh Murray Maitland HARDYMAN (201-) had abandoned the idea of a trip to the U.S. in July because he has no U.S. passport and feared that he might lose his Mexican papers at the border; he was therefore watching for the outcome of the KENT and BRISHL cases.

c. Hope FOYE (Mary Frances Hope WOOLLEY (201-55386) obtained her passport on 18 June. (LIFEAT/MALTZ reel 161).

d. Ann Sparrer SEBORER, wife of Roak SEBORER (201-66549), has applied for her passport. (LIFEAT/SEBORER Reel 39, 19 June 1958).

e. Maria WICHER, wife of Enos WICHER (201-62173), received her passport in May before the Supreme Court KENT-BRISHL decision. (H94-A-10441).

f. Albert MALTZ (201-5239) feels he would now be able to go to England if his producer decides on a London opening for his new play on Victor Hugo (LIBRIGHT/LINDUD).

2. It is noted also that a number of American Communists who fled to Mexico in the early fifties have recently been achieving the status of Mexican permanent residents ("emigrantes"). Prominent cases noted in the past two months are those of Maurice HALPERIN and George PEPPER.

3. It is to be expected that, thus provided with legal means of livelihood and movement, American Communists in Mexico will feel more secure and free to act according to their convictions. HALPERIN has, for example, recently been noticed for the first time making contact with the Mexican Marcelo BASSOLS (201-), a known Soviet agent. (LIFEAT/BASSOLS, 22 May & 16 June 1958.)

Gadsby (or Fred ...), nor do they contain any pertinent information, except that available in station files, on Sven and Litane ... Carren ... Berra, or Gill ... Burrell. He said that Embassy officials did not desire that he return by way of the United States for fear he would disappear. Arrangements were therefore made for him and his family to leave on the Comrade, a Soviet ship then docked at Veracruz. To forestall his departure on the Soviet ship, ALKLEY went to Dr. Emilie ROSENSTEIN Stein, his family doctor, and confided to him that he did not wish to leave from Veracruz. He said that he realized ROSENSTEIN had been actively pro-Soviet, but felt that the man was no longer interested in politics and that it would be safe to confide in him. He did not mention his real intention of fleeing to the United States. To help, ROSENSTEIN told the Soviet Embassy that ALKLEY's daughter had had tonsils and was too ill to make the trip to the Soviet Union at that time. ALKLEY said that ROSENSTEIN somehow managed to get the concurrence of Dr. ADAM (a physician who treated Soviet Embassy employees).

b. Personal History

- (1) The following information is taken from the latest COMINT report, dated 16 March 1955, on subject:

Residence

As of the first week in March 1955, Samuel May BROOKS continued to live at Avenida Compe Eliseos #19, Apartment 2, Mexico, D. F., with their two children, Jennifer and David.

Business

It has previously been reported that BROOKS was associated with George LIVINGSTON in the company operating under the name "Artocanes, S. A., Calle Eliseo #38, Mexico, D. F., exporting Mosaid tables manufactured at this address. LIVINGSTON left Mexico City on 20 August 1955, and at the time of his departure it had been arranged that he would handle the sale of mosaic tables in the United States while BROOKS would take care of the manufacture of the tables in Mexico City. Another source reported in November 1955 that BROOKS was furious with LIVINGSTON because the latter had not communicated with him since leaving Mexico City. BROOKS had arranged with LIVINGSTON for the latter to set up a showroom and office in New York City to handle the sale of the tables, which BROOKS had shipped to the United States and which he valued at \$15,000 U.S. BROOKS had stopped production of the tables and was laying off his 25 Mexican employees. In February 1956 he still had not heard from LIVINGSTON, and had recently said he was bringing suit against LIVINGSTON for \$15,000 damages. BROOKS had made several attempts to telephone LIVINGSTON, but the latter refused all calls from Mexico City.

SECRET

CONFIDENTIAL
U.S. OFFICIALS ONLY

U.S. COPY

It has also been reported previously that BROOKS and LIVINGSTON were involved with Marxitz, S. A., in a project to establish a distributing center in New York City for office equipment manufactured in Eastern Germany which would be imported into Mexico by Marxitz and transhipped to the United States for sale. Several conferences took place in the early part of August 1955 attended by BROOKS, LIVINGSTON, and the two owners of Marxitz, S. A., Robert Francis ALLEN and Alejandro GARCIA Val. As a result of these conferences, LIVINGSTON agreed to investigate the possibilities in New York City and to lay the groundwork there for the establishment of the distributing center. GARCIA Val made a trip to Thuringen, East Germany, 1 September 1955 to 15 November 1955 to see the manufacturers of the office equipment which Marxitz intended to import for transshipment to the United States. The manufacturer's name was given as "Zhoimmetall, Elektrische-Maschinenwerke, J. W. Stalls, Thuringen." BROOKS indicated after GARCIA Val's return that GARCIA Val had arranged for the distribution of the products of that company for the Western Hemisphere. Reportedly the only thing LIVINGSTON had done since his return to the United States was to send catalogues and price lists from International Business Machines and the Burroughs-Adding Machine Co. to Marxitz. He had not communicated with BROOKS, ALLEN, or GARCIA Val concerning the other matters which he was supposed to have taken care of in New York.

In February 1956 BROOKS, ALLEN, and GARCIA Val were still interested in trying to establish the distributing center in New York. In March 1956 BROOKS was interested in a project to manufacture good furniture for export to the United States. He continued as sole owner of Artesanos, S. A., and hoped to use the machinery and facilities of that company to manufacture this furniture.

BROOKS and his wife continue to retain their American citizenship.

Activities

In early December 1955 BROOKS rented a house in Cuernavaca, Morelos (Calle Sabines #25), for a month. During the month he went to Mexico City several times each week to handle business affairs. He and his wife returned to Mexico City on 6 January 1956.

Subject and his wife continue to associate with the following individuals:

(2) The following is taken from an OGDONT report dated 2 April 1952:

In a list of names kept by the Vogue Travel Service in New York as of 7 February 1952, Mr. and Mrs. Sam Brown, 37 Bank Street, New York, N. Y., are included. Jack DUBOZ, one of the partners in the Vogue Travel Service, was in contact with Leon WITNER, Polish IS agent, in Mexico City in 1952 (see T-2790, dated 19 May 1952).

2. Of possible interest are the details (reported on 14 May 1953 by a usually reliable source) concerning a transaction believed to have been arranged by Libuse Gearford NY TR No.:

Fleischer and Bard Overseas Corp., 22 West 18th Street, New York, sold to FERROBA, A. O., Losenstrasse 12, Zurich, 760 tons of electrolytic copper anodes in 1951. This copper was exported on the basis of an end-use certificate provided by Establecimientos Rey, Madrid. This document declared non re-export and was signed by an official of the Consejo Organizador de Minerales Especiales de Interes Militar (COMIEM). The official reportedly was paid \$20,000. An intermediary in the deal was Trading and Shipping Inc., 17 Wall Street, New York, which is a representative of SVEVIA Metal Works. FERROBA, A. O., sold this copper for \$1,014,600 to Josef S. JOSE, who resold it to NORDISKA VERKET, A. B. (Libuse Gearford's firm), Stockholm, for \$1,090,600. This firm in turn delivered the metal to MEXALIMSA, Toluca. Of this consignment 460 tons were shipped aboard the SS SON ELSDALE on 16 August 1951, and 300 tons were shipped from Mexico, to Antwerp on the SS ANTYCK by LOUZE, MANS, of FERROBA.

Thursday night

Dear Mother and Dad-

Busy busy busy so this will be a short one-

Thanks for your letters. Check received also this morning. Will deposit tomorrow. Things are winding up here, which means they are more hectic than ever. As for getting out on the 21st or 22nd- I don't know yet. The exam is scheduled for 1.30 which means I couldn't make it until Sat., but the prof is undecided as to changing the exam to 9.A.M. or giving two, one in the morning and one in the afternoon, since there are many students who are anxious to get away that day. On the other hand there are students who are concerned about those last three hours of study- so what can you do. If I don't know for sure by Monday I'll make reservations on both CMA and AA, round trip. I want to leave Mexico Sunday afternoon, March 30th I think the date is, anyway that Sunday. It must be cheaper to go round trip. Tomorrow I'll get the details from the tourist agency here on campus.

Nothing new that can't wait. Well, I'll be seeing you soon now- only a little more than two weeks and many exams away.

Time is flying.

*Love,
David*

To wish you a wonderful
birthday, Son,
And a year that's your
finest by far.
And to say that the
years only emphasize
that a very fine Son
you are!

Many Happy Returns!

0.5 In. Albert (MALTZ, his v.) with Maurice, who answers. A. identifies himself as Albert and asks if Maurice would like a little more tobacco. MH: I certainly would, do you have some more? A: Yes, I have some to spare. MH: That's wonderful, that's wonderful. Well, maybe..I'll tell you what, I think, ..Are you going to be home this morning? Yeah. Are you going to be home tomorrow morning? A: Yeah. MH: Well, I'll tell you what, either one of these morning's I'll drop by and pick it up. Thanks an awful lot. A: Right-O. MH: Bye. Bye.

1.0 In. MO with Edith Halperin (v) who answers. MO quotes another number. EH. No, 75 not 85. MO has made a mistake.

1.0 In. MO asks Lupe (v) who answers if Maurice is in. No. When will he be in? About 1730. Thanks.

1.0 In. No answer.

After 1010

1.0 In. MO with Lupe (v) who answers. MO asks for Sra. Halperin. L: Who is calling. WO: Is Sra. Halperin in? Yes, one moment.

Edith takes phone. WO: How are you Edith. EH finally recognises her voice - "Oh, Jane?" Yeah. EH: I couldn't figure out who it was. We've been expecting your call. How do you feel? Jane: All right. Yes, the trip was all right. Very nice, very nice. The weather was all right except for the first week. It was dreadful. EH says she doesn't know what we had here. J: I know, I know. But it is just gorgeous. It's quite a place.

EH asks how is Ashe (like Ashe very very ph). Fine, fine.

J: I found a letter here from Bob and if she had found it before she left they would have stayed on. EH: Just a minute; he's here. J: Oh, is he there? Yeah. Just a minute.

Bob (Robert ROOKERS V) takes phone. Greet each other. She says she has just received his letter that he wrote on the 16th. Yes, he wrote the day he got her letter. J: Anyway, I see how busy you are by the letter. Bob: "When HELLER (ph) the man who called Bob in 2.5, Reel H-6. Apparently this is Jane's husband (?) called, I told him I didn't want you to come back here. The Halperin's told me that you were coming back just to see me and I didn't want you to do that and then just go back to the country." J: Oh, no, no, no; we're not doing that. We would have stayed a little longer maybe, but that doesn't matter; maybe we'll go back there a little later when we go back. Bob: Then Heller said you were definitely coming back to the city to stay for quite awhile. J: That's right. And at most it meant coming back a day earlier, that's all. So I told him, as I am sure he told you that my business matters had turned out to be developing quickly and I was going to go back today; but he said no that you were coming in to stay awhile. Yes, I see.

So Bob is still here for that reason. J: Well, that's nice. You sound so much like Neil. Bob: Well, he's here with me. Neil, Neil, whose here with you? Bob: I don't know. Whoever you said. J: Oh, your voice, you sound so...Bob: Well, that's because I have all that money now. J: laughs big. Bob said that since Heller said she (they) were coming and he heard she liked Ballet, he arranged tickets for all of them and they will go tomorrow to dinner; and then later to the theater to see the Ballet and then they could all go to the airport with him. He's leaving tomorrow night (Friday). J: That's nice.

J: Edith was expecting us to supper tonight. Bob doesn't know about that. He has to go out to his last business engagement at 1900 and won't get back until about 2100. J: Well, that changes things and if Edith wants to talk to me, (S. Bob: And I thought that I would come over to see you on my way down town. J: What time would that be? He will come to her house, Morris Street, 405, about 1700. That will be fine. Bob will check with Edith about tonight. Just a minute.

Edith takes phone. Since Bob will not be here tonight, perhaps it is best they get together tomorrow. That will be fine. Edith doesn't know where they will go to eat tomorrow; Bob will pick the place. J: Do you know the Danubio Restaurant? They say it is just marvelous. Such fish there never was. Fine they will see each other tomorrow. Bye.

b.5 In. MO with Lupo (v) who answers. Is this the office of Dr. Espino.
Ec. Sorry.

b.5 In. MO with Maurice Halperin (v) who answers. MH quotes his phone number. MO says he has made a mistake.

After 1700

5.0 In. Edith with Maurice. Are you home? You didn't go down town? No, I didn't go down town. What are you doing? MH: I was just going to practice the fiddle. Oh, you're going to practice the fiddle then I surely won't come home. Well, there's no rush. There's nothing to do. Bob will be home around 2030. EH: No, well, no nothing, huh. Well, I'll be home long before then. I'm at Calia's. Nothing new. MH: No. Bye.

5.5 Out to 21-36-45. MH (v) with MO who answers. He wonders if the Licenciado is there. No, he isn't, Sr. He is at his home. He will call him there then. Yes, he has his residence number.

5.7 Out to 23-04-67, twice. Busy and complete. MH (v) asks child outside who answers for Licenciado Solarzano. Who is calling? Sr. Halperin.

Lic. S. takes phone. He is sick. Has a fever. MH says he talked to the office, but that though they told him he was at home, they did not say why. MH is very sorry. MH has been talking to "your friend. There is a possibility of handling his shares. The Senor, the son of the mother, suggested a possibility that the shares could be placed in escrow, in the hands of another person. Does this exist in Mexico?...in guarantee. A small contract is made up, like a Fideicomiso. In case of not fulfilling (obligations), the shares can be lost." There is no such system in Mexico. They can make a guarantee with the shares. The creditor keeps the shares. This comes out the same. This has to be registered in Public Commerce Records (when shares are left as a guarantee). MH is only interested in knowing whether this can be done. If this deal goes through, MH will have S. handle the matter.

What did Mollie do yesterday? Well, Harry RATNER came back and he came over. He is fine. They went to Calia's later in the evening. HR told Mollie that he met A.A. (ph) on the plane; or somewhere. EH says they are going to see A.A. today. But A.A. came in yesterday afternoon from Acapulco. EH says they didn't come from Acapulco. 0.5 In. Edith Halperin (v) asks Lupe if the Sr. is in. No. Thanks.

0.5 Out to 20-83-76. Robert Rogers (v) asks WO who answers for Sr. Mansur. WO speaks to him in Spanish. He does not understand and Maurice Halperin takes phone and tells her that Sr. ROGERS wants Sr. Mansur. One moment, please.

Sr. Mansur takes phone. Rogers is on the phone. RR: As you suggested, I have been thinking about our little problem. Yeah! RR: And I find that GAMERON (ph), and I knew this yesterday, to some extent; but I wanted to spare you this information until I had further chance to think, really needs his money. He is so eager for it that he is willing to discount his notes in order to get some cash; and that's one of the great pressures we get here. And after talking to you and getting to know you again, I came to the conclusion that the only possible way to give you the time you obviously need and I would like to see you get is for me to take over GAMERON's paper; see, because I am in a position to be patient, and apparently he is not. So I would consider doing this; not that I consider it to be a very valuable investment, do you understand, because it is a small amount and doesn't actually fit into what I want to do but to some extent it would protect my mother's interest and also be helpful to you. I am giving you a better time table; so I am willing to do this and accommodate you by extending these notes - a year from when they were due or until 1 November anyway. But I'm not willing to do it unless you will put this stock into trust.

I have made some inquiries into this without mentioning any names and I find that this can be handled by a bank, one of your own choosing; and it is not a transaction of record. There need be no publication of the . . . of where the stock is; it is only a question of putting it in a neutral safe deposit vault. And if you will make your own inquiries I am sure you will verify what I am talking about.

M: Well, look Mr. Rogers, I am going to think about this matter, before I decide on this matter; and I will let Mr. Halperin know.

RR: Well, let me give you the full explanation of what I think can be done. If you do improve this collateral in this way then I will be out Gameron; and then I will extend all of the notes to become due 1 November. I will also provide that at any time you pay off \$8,000 of the principal then you can withdraw the stock. In other words I obviously don't insist that the stock remain in trust if you have reduced the principal; and I would certainly agree to a contract in which there would be no penalty for advance payment of the principal. M: I will consider that. RR: That would be my offer and it seems to me that would give you what time you need. And I have to leave Mexico this evening and I would be grateful if you would confer with Halperin rapidly, due to the fact that I will be in New York on WEDNESDAY talking with GAMERON (ph). M: All right I will think it over and talk to Mr. Halperin. RR: All right? I am sorry to leave on a cheerless note but I thought perhaps this would give you what you need. M: All right. RR: All right? M: All right.

h. Marie and Enos WICKER - The HALPERINS continued their social association with the WICKERS, with Enos and Maurice playing chess occasionally. 201-62173

i. Samuel John and Hollis NOVICK - The HALPERINS continued to maintain a close social relationship with the NOVICKS. Edith HALPERIN is especially close to Hollis NOVICK and to Marie WICKER, above. admitted to the University of Chicago Medical School, wrote four letters to individuals who had recommended him to medical school. These were a Sam (LNU), a (fnu) H-SOFF, a Teddy (LNU), and a (fnu) BENDSHILL (possibility of being two names, Drew BENDSHILL). The fifth letter was to H.R. ROGERS, Hotel Harrington, Washington 4, D.C.

✓ Maribel REBER - The HALPERINS, particularly Edith, maintained an association with Maribel REBER.

✓ Dr. Henry David PERSKY - The HALPERINS continued to use the services of PERSKY as their dentist. She found it difficult to sleep and in three days had lost six pounds. She again became upset and highly nervous when Maurice HALPERIN lost his position with "National Financiers". Mrs. HALPERIN also evidenced unrest during the period in which articles appeared in Life, Herald Tribune, Newsweek, and the local Mexican press. Maurice HALPERIN, through his contacts with Carmen STRO y Gama and Albert HALTZ, maintained the outward appearance of assurance of receiving his papers and resuming in Mexico.

having a wonderful time. We just got back today from Massanilla. Were you picked up, David asks. No, no, says MH, nothing. Here is mother. Here's mother.

Edith takes phone. Hello, David, how are you? Wonderful. How is mother. Fine. Yes, he saw everybody in Lynn and in Boston. Yes, Edith is fine. Edith says let her talk to Judy. Judy takes phone.

Judy is fine. MH asks how Adam is. Fine, and Hillel. Very good. Hillel takes phone.

MH takes phone again. Yes the board met and he is still on and may make it - get the increase. MH asks Judy who takes line (probably an extension) how many teeth Adam has. Still six. Everybody says Adam's a Halperin. Judy asks if that was an Amparo for both? Yes, for both. They are both OK. Fine.

David on the line now. MH says, "David, we're in good shape, I want you to understand that. And how is everybody in Boston? Fine. MH asks when David is leaving. (David and others can scarcely be heard by Monitor.) He is leaving Saturday or Sunday. Well take care. Well, write. Yes, David is up-to-date as of now. Well, Bye David; by Judy.

0.5 In. WO with Maur. They chatted together and then MI betrayed that he did not recognize her when he told her he had heard that they had all been sick and he had thought of walking down to the place of business to find out how they were. Then MO says, "Do you know to whom you are talking. Then he says, "Oh, Muriel, Muriel, Muriel, I thought you were (Burt, she says). Well your voices are exactly alike. M. says no, she has a southern accent. MI says no it is pure Brooklyn, it's no southern accent. M. says don't be silly, I'm the one that comes from Brooklyn. She (Burt) comes from Miami. MI says, "Oh, no, she lived there for a couple of years." M: "You're mistaken. She was born there." MI: Oh, really? Yes. Charley is the one from Brooklyn (must be Burt's husband they mean).. They discuss further discuss that they (their voices) sounded alike.

M. just spoke to Burt today. She said that she is going to get out of bed. But that Charley, though he doesn't have fever now, is going to stay in bed. MI says that the kids also had it. M: Yeah, the kids were the ones that started it. They think it is just the flu. They think it is the weather. MI asks M. if she has ever experienced such weather here before. No, they never have. MI says that people who have been here twenty-five (25) years tell him the same thing. Day before yesterday, M. says, was the worst she had ever seen. It was frightful. M. says she can remember back that they had a couple of cold winters but nothing like this - when they didn't see sun for 10 days. She continues to say, that "I guess we can't complain too much, Leslie writes from California that they all have the Flu there. It has been lovely since she got there but that everyone has the Flu there. Also that it is terribly cold in N.Y.C. And in Chicago, MI says, but who bothers about cold weather there, or cares for they have heat there. When you go out doors you bundle up and when you come in it's warm.

M. says she remembers 10 years ago, when she made one trip to the States she had to go to see a doctor and it was so cold that she was in the subway station and actually cried with the terrible cold on face, hands and legs. He says yes, of course it's cold there outside as he pointed out; but he never remembers sitting at a typewriter with knuckles and most of the hands blue with cold, etc. M. says then of course here she (they) are fortunate here..MI interrupts to say, yes, but you are one of the fortunate ones and (probably we also) us; but remember that thousands have no heat. MI says yes when it's not too cold, they can keep the chill off and she adds to be sure when it's really cold we feel it. They think it went last too much longer.

M. says her family are all well and they are getting ready to take trips. MI: Oh, yeah that's right. I'd better call Zieg and find out about that place where he gets his tires retreaded. M. says he is in the office all day today. MI says it is no rush, he'll call Zieg later.

M. will go on to the Beauty Parlor. OK. He will tell Edith she called.

Bye.

3.0 In. MO asks MI (v) who answers who is talking. He quotes phone number. MO asks him to wait a moment.

MO takes phone. They greet each other, recognizing each other's voice. MO says I've got that 'thing' for you. Yeah. MO: When could I see you? Any time now, where are you? MO: I'm at the factory (sounds like SAM's voice) (Probably Sam NOVICK). MO says on the way home he can drop by the Chapultepec if MI likes. MI says that would be nice. What time is it now? About 1230. MI wanders if it would be all right 1330. MO thinks it is a bit too late. He would rather say 1315, but he doesn't promise to be punctual because he doesn't have a car. MI asks (not understanding he said he didn't have a car) if it would be going out of his way too much to drop it by his house. MO says he would not mind but he doesn't have a car. MH: Oh, sure. MI will be there at some place at 1315. If not on inside he will be strolling around outside. OK. (When the above MO's voice came through better, he seemed to have more of an accent than Sam Novick and the voice and manner of speech did not seem the same.) MH takes phone again. They greet each other. (This MO has the same voice as MO in 3.0, this Real.) MO says "Do you remember when I meet you yesterday an incident which I wanted to talk to you about was... Well you remember we talked about reducing the interest? (indistinct). Getting these people to reduce it a bit. MH: "Yes, I remember, it was I who brought it up." MO says "Well since he is coming here and you will be here Monday and you are planning to write to your friend I thought maybe you could suggest it to him and try to get him to reduce it. You know how hard it is for me, I don't have to tell you, to be either way. You could suggest some improvement in the interest and it would be a great help to me. MH says he can of course. But now he doesn't think the psychology of it... that is, you know what I mean, if the matter could have been settled a great deal more satisfactorily in their terms, with more collateral and that sort of things, from a commercial point of view; then I would think it would be easy to say, "Look now you've got the thing more secure now and it is not such a risk, etc; then I think it would have been more affective. MO says he could still say that now since they are going to start something, etc. MH: "Yes, I could of course say something from that point of view and that MH would like them to help a bit by doing this, etc. MH says he can do this but he has to consider the psychological approach to this and doesn't know how far he can get today. MH thinks that a way to approach them might be after the first check is cashed, etc; but MO says why not ask them today, right now. MH says he could say "That Mansur has made this great effort and it is a sort of difficult situation and that we are all trying to help each other as much as we can; and he'll be glad to do this. Mansur will appreciate it and MH says yes he will be glad to do this, to help as much as he can. Mansur says it is quite a load. MH agrees.

Re a movie that he (Mansur) went to see. (One suggested by MH probably). Mansur thought it very wonderful. Mansur says it was wonderful how it showed how people are being pushed around. MH is glad he got that feeling and impression; and "he can imagine how it impressed 'us' who have been pushed around for years now."

OK, MH will do the best he can and will talk to him. Right-O. Bye.

He has an empty tobacco can and wonders if AM still has some of those sweepings around, and if so he would like to come out and fill his can. AM still has some. AM says all right. Could he smoke what he gave him that night. Yeah, he thinks so; it is kinda dry but...I'll put it in the can and how about my being over there about 0945 or so. AM says that would be fine, but thought of suggesting tonight; but MH needs tobacco. MH: That's right. And it would be very convenient. AM says OK let's make it then. 0.5 In. MO with MH (v) who answers. MO called yesterday but nobody answered. Yes, they went out. MO saw the rest of the city yesterday and went to the new Dental Clinic, which is supposed to be open in March. MH says then it will be open in a year or so from now. The furniture wasn't unpacked in many of the rooms. He says that one interesting thing was that part of the furniture was bought from America (U.S.) and the other from Germany. MO says there are 40 chairs for each Clinic. They saw two of them (chairs).

MO asks if his guests arrived last night from Washington? Yes, they went out to meet them.

MO asks for Edith. She is still in bed. MO wanted to talk to her; but will talk to Maur.

MO takes phone. They are leaving tomorrow for Puebla and wanted to leave her heavy coat and hat at their house. Of course. MH can't meet them tonight and have dinner with them. He is all tied up. MH and they went to the Patio but MO and MO went last night to the Rivala (ph) and was that swanky, but good, delightful. Wonderful violinist and delicious food and very quiet and delightful. MH is glad they are enjoying themselves.

MO says her friends left his camera and wired his mother-in-law to send it; but she called and said she couldn't. Some technicality. It is a very expensive camera, etc. No, MH doesn't have any type of camera. Yes, we have a camera but some other... MH says they will have to take the pictures then for him. Yes, that is what they will have to do. MH used to have a camera, it belonged to the Boston UNIVERSITY, and he left it with them. He rented one for one day, cost him \$2.50 and then it didn't work. That's too expensive.

She will bring her coat and hat late in the evening.

MH asks FILL when they will be coming back. They will be back from Oaxaca on 11 Feb. to pick up her coat. They will see MH then. They will take the H.'s to dinner then. They have reservations for the Guardiola (very ph) for that night. Fine. Bye.

1.5 In. MO whom Maurice calls Mollie and greets her. He will call his wife. Fine. MH takes phone. They have company. Bob is here. Came last night. Mollie: Oh, Bob Magustal (very ph). I didn't know he was coming. Mollie was thinking of Maur's cousin.

Mollie didn't get to Cuernavaca. Something wrong with the car.

Mollie is going to see Byrd (woman). She is going to take lunch with her. Bob is only going to be here a few days.

Tomorrow they will get together. Fine. Bye.

But we are coming in Thursday about two o'clock. Bob says he would rather they would not do that as he is planning to leave Friday. MO: Well, that's just it, we... Bob: But listen carefully to me. If I finish my business before Friday I will leave Thursday; and he doesn't like him and his (Bob's mother) making a special trip to MEXICO just to see him. But MO says they aren't making a special trip they are planning to come back to Mexico and stay there. Oh, you intend to stay on in the city. Under those circumstances he will wait for them; but he got an impression that they were coming in and returning immediately to the Country. No, no. OK. (MO or MI never mention MO's name. Only thing given as a clue is to the mention of JANE's name by Maurice Halperin.)

Bob asks if they are going to the ST. MARITZ Hotel. Yes, will you ask Maur or Edith to call up and reserve our room for us. Yes. How is Bob's family? Is Bob alone? Carrie did not come with him. He came alone. Bob asks how his mother is. She is all right. Fine. He will wait for them then. Bye.

(MO operator changes over to ENGLISH as Bob talks to her in ENGLISH.)

4.0 Out to 18-19-007 BOB with WO who answers in SPANISH something indistinct. BOB asks to speak to Mr. Von Hausen. who is calling. MR. ROGERS. (BOB ROGERS). Just a minute she will see if he is in.

MO takes phone. Bob Rogers says to MO when he answers, Mr. WENHAUSEN, this is Mr. Robert Rogers, of Washington (D.C. USA). Greets Rogers. Rogers: You received my letter? Yes, SIR, I received your letter. So when will it be convenient to meet? MO says, Huh, I would like to see you today; but if possible, late tonight, as I am busy all day long. About 1900 (Seven o'clock) tonight. Is that all right. BR: Excellent. That is what Bob Rogers had in mind. All right. BR: At your office? Fine.

(Could this be Fernando HANHAUSEN, lawyer for Alfred STEIN?)

4.2 In. WO says to Lupe (v) who answers: Edith. L. No, she is not here. What time will she return? In about an hour. WO doesn't understand. L: At about 1500 in the afternoon. Would she like to leave a message? WO hangs up without answering.

 MH wants to know if Ralph has the address and telephone number of Lic. Garcia Talles. One moment please.

MO asks "How are things going with you?" Well, they're going all right, you know. Ralph says, yes, he's a very good man. MH: "Yes, he's a very good man. Another NO takes phone. They greet each other. MH identifying himself. The Prof. is in. Please.

Prof. (Indis) takes phone and MH greets him. MH tells him that he is calling about the copies which were supposed to be given him. "They are not here," MH says. Perhaps they are there in the Prof.'s office. Prof. will check. Prof. returns to phone and says that they are there. Then MH will go by and pick them up. Thank you.

5.0 In. NO asks MH (v) who answers who is speaking. MH quotes phone number. NO says he has made a mistake.

5.2 Out to 20-66-83. Ehrlich Child outside, who answers. EH says this is Mrs. Halperin, is your mother in. No. Is this Robert? Yes. Is your father there? No. "Are you expecting me today. No. He is expecting her on Thursday. She will come then."

6.0 In. NO identifies himself to Edith and greets her by saying he hopes they have a fine New Year. EH wants him to wait a second, she has to turn the water off. EH returns to phone and asks when Allen Lewis got home. He tells her he got home about 10 minutes ago and Brock (ph) (Static is very bad on line; some conversation lost.) said that MH called. Yes, he wants to talk to AL about the University or something. He is asleep right now. She will have him call a little later if AL is going to be home. He will be home for several hours. How are the children and how is Brock. They are fine. Wood, then MH will call AL.

6.2 Out to 48-40-19. MH (v) calls NO who answers, Allen. Asks how he is. He is fine. Exchange greetings. MH says he certainly needs a good year. AL says well it couldn't be worse than this last one could it? MH says "who knows, he guesses it couldn't. AL says well he hopes that it proves to be at the worst no worse. MH says there is an expression in Portuguese "A Bi Casunk" (very ph). AL says well, that the way he feels about it too. The trouble is he is a little tired of fighting. He doesn't want to fight any more he wants things to come a little easier. MH says he feels the same way but the trouble is he tries to get over the feeling. AL says when you get old your reflexes don't work as well and one says "Well, why do I have to continue to keep up the hot pursuit."

MH asks if Allen is going to be coming into town in the very near future. AL doesn't have any particular plans except that he has to go into town Thursday but he has to see a couple of fellows that evening; but he could drop off perhaps an hour earlier if that would be all right. MH says he would like him to come by and have a little chat with him. Is it important Maurice? Well, it is something that he does want to talk to him about. AL says well in that case he'll make it a point to see MH. He was going down with a couple of people for rehearsal Thursday but he can have them go down by themselves. MH says if you could do that without too much trouble he would appreciate it. It is a long way for MH to go there (to AL's house). AL says it is a long way either way and he is trying to avoid more of it, but now that they are having rehearsals he'll probably have to go in every day. AL says then make it Thursday at about 1830. Then MH will serve AL a cup of tea. AL will appreciate that.

How about David. They chatted with David after they came back from Mansanilla. With both David and Judith. They were in Manzanilla, you know. He'll tell AL about that. It is a charming place. Yes David is on his way now to being a Dr. Judith is all right. Her husband is waiting and...

MI (v) takes phone. MI asks what's the news. Nothing. He called but they were in the movies. He also talked to Albert this afternoon and he says that every thing is OK. It's dragging out, but that everything is OK. He (Albert Malts?) talks to Houston and he talked to the guy here. They both are agreed that everything is OK. MI: Then they'll be coming in tomorrow? No, he doesn't think so. Probably Monday. MI: Oh, and do you think he'll call you up? "I think so, but if he doesn't call me by 1100 tomorrow morning, I'm going to call him. MI thinks he should by all means. MI says, "well, thanks for calling, Kirt." OH, Maur.

6.5 Out to 23-04-47. MI (v) asks MO who answers if the Lic. Solersano would be in this morning. MO checks. Who is calling. Halperin. MO returns to say that he will be in about 1230. Thanks.

6.7 Out to 14-99-58. MI asks MO who answers for the Sra. Who is calling? MI asks if this is Marcus? Yes. Greet each other. He is M. Halperin. MI understands that M. has been having a big vacation. Well, it was mixed. MI talked to Eila in his absence. Yes she told him. MI: Shall I come over to see you or... M: "No, I'm afraid not." MI: Well, OK, I'll see you some time. MI: You're afraid not; well, OK, we won't waste time, then. Yeah. Well, I'll see you sometime. Yeah. Good Bye.

7.0 Out to 20-38-83. EI asks Calia (v) where she was, Sitting on the telephone? No. She is upstairs; just got in bed. Re movie they saw. Is Mollie going to Acapulco this morning. Well she has her bags ready; but doesn't know for sure yet. They heard that it is raining there. EI knows it is very very crowded as Lopez Mateos is there, so it is very very crowded. They heard from Lydia, Calia says, and it has been raining since last Wednesday; and she hasn't been in the water since then. No sunny weather there. EI says their friends are coming in tonight; so they are going to meet them. Who? Bob's mother, Jane ROGERS (ph). C: Yes, I know. When? Tonight and H's are going to meet them. They have an apartment at the Maurice (hotel?). That is near to Reforma, one block away. On a side street. They are going to the water baths - CONANHILL (ph), up near Cuarterero.

Neither are going to do anything today. Maur went down town. EI hasn't heard from David for nearly three weeks. Just before she went to Manzanilla. And they had a letter from Judith, - Hillel. Wanted a thousand dollars raise but they aren't giving it so he is looking around for another place. But he mentioned at least 10 openings. But... huh; C. That's a good lucrative business (think this man is a Rabbi? H's son-in-law?). EI: That's a good lucrative business but she thinks his parents would very much like to have him in the New York area. But EI hasn't heard from Judith either. C: Yeah, but Maur talked to her last week. Oh, yeah, but by writing. He talked to her and everything was fine; and Hillel wrote that everything was fine. So that's OK. (C's voice completely fades away.) EI: What business. C. (not heard). EI: No, no, nothing; not a thing; not a thing. Same thing.

EI will call her later.

8.5 In. MO answers EI (v) who answers. EI recognizes MO and says, "Oh, where are you? She is (indistinct) and had been trying to call her before she left (Mollie v), but EI's line was busy. No. She just spoke to Calia this morning, but about 3 hrs. ago. When are you leaving? She should have left by now; but the plane is 1 1/2 hrs. late. EI has been reading about Acapulco and she wish she were going with MO. But their friends are coming in tonight. Oh, Jane? Yeah. What's new? Nothing? M: Well, you know the latest; nothing very good; but encouraging but she was hoping that they were on their way. EI: Well, both lawyers say it is OK. M: Well, I have such a headache. I am so worried. EI: I know but there's nothing you can do about it; and everybody says it's OK, Mollie, so it's OK.

Mollie is going to call tomorrow morning. She can't stand it longer.
E: I was the same way. I couldn't sleep two nights. M: Two nights? I haven't slept for 25 nights. Besides; aside from that...E: interrupts. Marie came by. And they played chess till 11:00. M: That's good. E: He's very upset. They want to Cuernavaca. M says she knows. They spoke to her and said that they shouldn't go but save money. She told them not to bother saving money, "Silly, wait until you need to." E: That's true. M: It's not going to make you any richer. Anyhow it's getting away, and the weather wasn't nice.

E: asks if she has spoken to Mae. Yes, today and she invited M. out to her house for the week end and she intended to go; but that was before she decided to go to Acapulco. She can't stand staying around here. E: Oh, sure and that's the same as here (for hearing news).

E: wants Mollie to bring her a bar of soap. The coconut soap. The big one with the red marks in it. She will be glad to. She can find it at any, 1, 2, 3. Thanks for calling, Mollie. You're welcome. Good Bye.

What about GRACE? K: I don't know (with a little laugh), but I imagine she would have been with him. M: Because this is already a little bit off normal. K: Yeah, but I talked to Albert yesterday. I think I told you. M: Yeah, yeah. I tell you, I was around this morning and yesterday and I saw people and I talked to people and it was the general opinion that this was not the usual plan (something indistinct); it was the unanimous opinion. K: It doesn't have to be unanimous..I thought this myself. M: Yeah, I know; but when it becomes unanimous it becomes more interesting. With people, you know the "up went lawyers and people who know. They, you know, are in a position...It is definitely suspicious. But still Escos (very ph) Valles says no. K: Yeah, he says, no and the guy in Houston says no. M: Well, it's very strange. Very strange. When was the last time you tried to reach him? At 1:00 (this morning); "and I left word there to call me here. I see. M: Well, maybe the next time you try him; if you don't reach him you might try to reach GRACE. K: Well, except I don't know how she's registered. M: "Oh, my God, (with a sort of snigger). And K. says, "I don't want to make any problems, up there." M: "Oh, Jesus, that's right." K: I was thinking that maybe MELER should call up there and see if she can talk to MAX. M: Well and what good would that do? K: Well, except that SAM is right there...not that we're going to get a lot of information over the phone, anyhow. M: Well, I think she should. K: Well, I think so. She's perfectly entitled to call. M: Well couldn't you call up there and ask (if he can't reach SAM) ask for his wife - his Sra. Just put it that way, you know. The press has referred to her as his wife, you know. If he doesn't have a wife, OK... K: OK, I think I'm going to call in that way. M: You see, maybe we're all crazy, but I talked to some people... K: Well, once the thing has passed yesterday, I didn't think anything was going to happen until Monday; I mean on their part. If it is a question of papers or something like that, that's finished on Monday. But I'm going to give a ring and then I'll call you up. M: I'd like to know what's going on. Yeah. OK, KIRT, I'd like to know if possible. K. (Sort of laughs) and says, OK, I'll let you know as soon as I hear something. Right-O, Kirt. Bye.

0.5 Out to 14-78-64. MI identifies himself to WO who answers and asks for the Sr. One moment.

Drucker (v), David takes phone. Greet each other, but not before Drucker asks who is calling. WO (new maid) told him it was Harold.) MI identifies himself again and asks "how are you, Dave?"

MI asks what is new. Nothing very much, just waiting, same as you, I guess. MI says, "Well, maybe. I don't know whether I'm waiting any more, just forgetting to wait." They laugh.

MI asks if he called a couple of days ago. No. Then the girl got the name wrong. Yeah. Well it doesn't matter; nice to talk to Dave anyway. Dave asks if MI is home much of the time. Yes, he's home most of the time. Then David would like to see him one of these days. OK, how about giving a ring in advance just to make sure he's in. Sure. How's Edith; and how is it in Chicago. Oh, everything is fine. He (David) is over the hump and in now and he now has confidence in himself (to go on to be a Dr.).

DD wanders if Susie saw him. She was in Chicago a week ago. MI doesn't know as David hasn't been writing so much, which he says is a good sign that he is busy and not leaning on us so much. DD says that Susie is up in New York and they have had only one brief note from her in two weeks or so. That probably is a good sign too. Susie saw Ava and no doubt saw David.

Head was here for the Holiday and seemed quite happy.

MI asks DD if he instructs his maid what to say when he is not home. Yes, why. Well last night he called and she gave him precise instructions as to how to find him. (David laughs). He got a blue print as how to find DD. DD: Ho, did you call last night? Yeah and got good instructions as to how to find you. (David sorta of laughs again and says, OK.). MI: I know she does it out of zeal, and sometimes... DD says it is rather surprising for she rarely knows where we are.. MI Well, she knew it last night; she knew it perfectly, and...and volunteered in a very wholesome way. DD says she might have thought you wanted to come down and get me or something. MI: Well, you take care of that, huh? DD I certainly will (and laughs a little). MI sends their best to Esther. OK. We'll get in touch then. Bye.

No that is very good. How have they been. Fine MI says. She says they have been on her mind for sometime. MI: Oh, no, I played the fiddle most of yesterday. When Rome burns I play the fiddle. WO says that is perfect. (He laughs big.) Haller says he can play for her when she comes over. She heard him once before and it was wonderful. She will never forget that night. It was a trio; when he and David and Bob played. Chris at that time was about 6 or 7 months old. He watched with such great concentration that TEARS came into his eyes. So moved by the great music, she will never forget the picture of that. MI says it was a moment of ecstasy; great music and a great performance says MI (laughing). WO says it certainly was. MI says he has improved a lot since that time. That is good she says. MI says not that he is half way decent, but he has made a lot of progress and has a lot of fun. He found a pianist, who is about like him, just at his level. It is a woman; and it is a situation where both make up for their lack of skill with their enthusiasm. So don't worry about him, MI says. She isn't just thinking. OK.

MI takes phone and says she has brought good sunny weather to Mexico. Betty says, "Welcome to warm, hot, sunny Mexico." (they laugh). Discuss each other's health. JR has had the Asian Flu and then pneumonia but is almost well now. It has been pretty hard. She was sick for about three months. She still has fluid in the lungs so they are going off to the hot baths. She needs warmth and hot water for about two weeks. Betty thought they were coming tomorrow. JR: Who said that? Abe in his letter. No. Betty asks if they are in the same hotel. Yes and asks B. to stop over maybe tomorrow afternoon, or so. Sure. JR asks how the boys are and Poncho. They are all just fine.

JR is leaving Thursday. B. says if she has time, the Talleres de Graficas is 20 yrs old today and they had a great bag exhibition in Bellas Artes. They gave us one whole floor. They opened yesterday in the Museum in Chapultepec Park and it is real popular. Thousands of people go in there every day. WO says they should see it. JR says how long will it be there? Two months. JR then says they will have plenty of time then as they are coming back to stay in M.C. a couple of months. Betty says, "Oh, good." They will only stay about two weeks at the baths.

Yes, JR brought the water colors. Yes. And he wanted \$200. for something. Betty says to give them back to him and spit in his face. She (JR) says sure.

Betty will go to the hotel to see JR about 1700 to see her. Betty says to say Hello to Abe for me. She will. JR asks if Pablo is in town. Yes, they are going to his house tonight. JR: Oh, you are, oh, uh huh. JR will see him when she comes back. Tell him Hello for her.

She (JR) thinks that Abe wrote to him and told him (Pablo) that they got a hundred dollars (\$100.) for his. Yes, he did. That was wonderful. JR framed it beautifully too. B. says that Abe told her and also Morden (ph)'s mother told them about this also. Yes, she met her. JR says, Good. JR will see her tomorrow and they will talk a lot. OK, Bye.

The professor takes phone. He has not yet found it. He doesn't know exactly which issue it is in and has to look for it. MH says but you can find it. Yes. Then MH will call tomorrow. When he has found which one it is exactly, he will come by to buy the magazine. Oh, of course. Thanks very much. Bye.

2.2 Out to 22-34-10. Nineteen times. Busy and complete. MH (v) says "Bueno," MO is scarcely heard - the voice that is. MH (v) asks to speak to Sr. NOWICK. Who is calling. Halperin.
Sr. N. takes phone. (Can scarcely be heard.) MH says SAM, how are you? Fine. MH says he sees they still have the same bad service in the factory. He called yesterday. Sam says yes but he did get in late; about 11:00. Well you could have called then. One YID calls another YID. SN says something indistinct. SN then is heard to ask what is new with him. MH says there is nothing new with him. He naturally wants to talk to him after his little vacation; also wants to talk to him about the battery, the flashlight case. SN says they will have to get together. MH says they will have to get busy on it; he has some data. SN says, "Good." MH: And business comes first you know. SN says yes; suppose he calls MH tomorrow. MH says he can't call him as that factory line is busy and if he calls early when it isn't so busy, Sam is not there. Sam says OK he'll get together with him. MH asks if Sam has his number. Yeah. Right-O. Bye.

MH asks how Helen is. Fine. EH: Both Helen's. WO: This one came home yesterday morning and she is just fine. And Helen is fine (probably meaning the other one.) WO asks if the old man is around. Yes, just a minute.

MH takes phone. Greet each other. MH says, Yes, Burt. (ph).

Burt says you remember sometime ago you spoke of wanting to play some music; well, tomorrow night they are going to have a few at her house to play. Would he like to join with his fiddle. Yes. About the usual time. About 2000. Fine.

5.0 In. Calis (v) with EH (v) who answers. Greet each other. EH had called but WO wasn't home. C. says she only went down the street. Oh, EH thought she went to Palance. No, she was waiting for her to come. Well she called her about 1300. What is C. doing. Absolutely nothing. EH will come this afternoon. She says Gloria sin't feeling good. EH will come about 1630. 0.5 Out to 20-84-81. MH (v) asks maid (v) who answers if the Sr. is in. No. When will he return. In the evening. At about 1800 or 1900. MH, says oh, very late, uh? Maid: Yes. Would he like to leave a message? It is only that he wishes to turn over the key to the house in Cuernavaca. He could come by and leave it but he thinks it will be best for him to call tomorrow morning again. Yes.

MH chats with the maid about how she is and a trip. Yes was on a trip for two months. Good Bye.

1.0 Out to 24-84-09. MH asks WO who answers for Sr. Lewis. He is Professor Mauricio. Ah, very well. One minute.

WO returns to the phone and says L. will call him in 10 minutes. Very well. MH is in his home. Adios.

1.2 In. MO with MH (v) who answers. Lewis (v) says "Hello, Prof. Mauricio." MH: "Well, well, how is the Dr. Lewis. L. has been all right. MH asks if L. ever comes into town any more. Yes he does but he doesn't have a car. He tells MH that he has been trying to see him all last week. His car has been in a terrible shape for a week and he hasn't been able to do much.

Somebody has been taking Lewis down to rehearsal every day but he doesn't feel able to stop off. MH says, Oh, no of course not. But as soon as L. has his car fixed he'll drop into to see him. MH says that will be fine.

L. asks what is new otherwise. MH tells him that everything is fine. Is that so. What does he say? MH: "Well, nothing that can be explained in just two seconds on the telephone." L. Uh huh. MH: "But, I mean, for the moment everything is in good shape. The question is of course what happens next." L. Uh huh. MH: "Did you ever get a chance to see Enrique? No, he hasn't seen Enrique. He hasn't even been to the University where a check is waiting for him (Lewis). L. says without a car he is helpless. He hasn't been going to to the University; but he will be very soon. MH: "Well, you might... Well, I'm anxious to talk to him anyway. About things in general; and sort of bring up the question of he and his brother. What happened, you know. I'm very anxious to know, you know." L. Yes, I'm very anxious to talk to him about it. Unfortunately, we've got a writing job which, as usual, doesn't pay anything; and B rock and I have been trying to figure out the work on that, you see. But we haven't had a chance." But he'll be up at the University sometime, he says he doesn't know when. MH: Well it might be a good thing to find out what he has to say about things, as he recently proved himself to be a rather civic minded fellow." L. Yes, and I'm very anxious to talk to him. Yeah. L. All right boy I'll try and see you this week; and if the car is ready this week, I'll certainly see you." MH: All right, ALLEN, Bye.

2.2 Out to 11-95-90. MH (v) with WO who answers (something indistinct). MH asks for Dificion Tecnica. MH wants Prof. Carillo. One moment.

Another WO takes phone. MH asks for Prof. Carillo. One moment.

Prof. takes phone. Greet each other. Has the Prof. located the article yet. No, not yet. It is a question of finding the right issue of the magazine. MH should call tomorrow morning. He hopes to find it this evening. Very well, thank you.

2.5 Out to 21-00-55. MH (v) asks WO, who answers, for Lic. CARRIO (ph). Prof. Halperin is calling. One moment.

Lic. C. takes phone. Greet each other. Did C. see that person yesterday. No, he couldn't see him yesterday. He was so busy that he couldn't even go to Majo (ph)'s funeral. He had a very urgent matter to attend to and couldn't get off. MH: Oh, too bad.

C. says, "He called, his secretary, that he was going to see; that the man had a very long list of people who had already been given an appointment. So he is just waiting. MH: "Well, perhaps you'll see him this week, huh?" C: "Perhaps, if he doesn't leave Mexico City." MH: Well, I'll try to keep in touch with you, if I may." C. Why certainly. MH: Right. Bye.

4.0 In. WO asks Lupe (v) who answers for the Sr. Yes.

MH takes phone. EH (v) asks what he is doing; how he is. He is fine. He is working. Nothing new. No, nothing new. He got a letter from Judy. EH: Oh, did you? What did she say? Long letter. Yeah. Well, good. I'm at Collia's do you want me to bring anything home, anything special? No, nothing at all. Just take it easy. Oh, Bye.

4.5 In. WO asks Lupe (v) who answers for the Sr. or the Sra Halperin. One moment.

MH (v) takes phone. They greet each other. She is fine; better. He doesn't know how much better she can be. She is the only person that looks in perfect health. Well that's good to hear; and she is, you know.

WO wants to know if he knows where that bag place is. That what? That bag place, you know, purses. Oh, I don't know that is completely out of my line. Sorry, and Edith is not here. Call her about 1400. She will do that - from outside as she won't be home. MH asks how ABE is. He is just fine. Wait a minute he wants to talk to you.

Abe takes phone. A. asks MH how he is after the compromise. Well he didn't sleep all night, until about 0400. He finally figured out how he could have won the chess game immediately after you made that move. Then he went to sleep. A. wants to know what MH does with his 'TIMES'. Well, he clips them and then throws them away. They come about a week late, by ordinary mail and every once in awhile it is two weeks; and sometimes he gets 3 or 4 together and he never gets the Sunday times. So he misses a lot, like that clipping A. gave him. A. says he sees they have raised the price to \$3.25 for the daily times. MH: Really? It used to be \$2.50. Everything MH has A. has already read; but if he wants him (MH) to save them, he will do this. Yes, he would appreciate this. MH asks "when did you arrive here?" On the 11th. Then you read the 11th? Yes. Well, beginning with the 12th he will save them for A. A. would also like to borrow a book or two. He wants a novel in Spanish. He says he understands enough to get the sense of it. Also JANE would like to get something. MH tells them to come over and browse. His library is at their disposal. Of course, you'll have to always put a deposit down. (MH laughs). MH says, "By the way there is a nicely printed copy of "Mia Kampf" for sale now, if you are planning to buy some also (books to read)". A. laughs and says he is not quite ready for that.

If A. wants to come over tomorrow morning, he'll be working but will take off a little time, about 1200 or so; and show him where the books are and he can browse around. OK? OK, Bye.

5.2 Out to 35-79-35? MH (v) asks MO who answers if he could give him some information about the Flight 691 from Washington, D. C. which usually gets here about 2005; is that a non-stop flight. No. It is non-stop flight from Washington to Ft. Worth, Texas and then you make the connection with 691 to Mexico City. Then there is no direct flight from Washington? No, there use to be. There is Eastern Air Lines which goes from Washington to New Orleans and from there to Mexico City. (Apparently he means no change of planes.)

MH asks if he busy a ticket here; then he wouldn't have to pay the U.S. Tax; is that right. Yes, that is right. You will pay the Mexican Tax but that's not very much. MH asks if they will accept a check of his on a Mexican bank here, for a ticket to be dated January 27th? Yes, Sir, but you'll have to arrange that with the girl here at the counter. Yes, I see, but you do do that sometimes. Yes, Sir. All right, thank you very much.

5.5 Out to 20-83-76. MH identifies himself to WO who answers when he asks for Sr. MANSUR (ph).

Leon takes phone. This is Maurice. Hello, Maurice. He saw that fellow today. He brought some papers; but LH wasn't satisfied with the Letras or checks, and he told him to take them back and fix them with SANCHEZ and have them back to him by 1:00 today. He doesn't know that he'll be there but that is what he told him. Were they checks, asks MH. Yeah, they were checks. The man talked to him over the phone. He is ill. Has had hiccoughs for several days now. MH: Oh, that's a very bad thing, you know. Yes. Well, MH says, that sounds like good news. Yes, and he LH thinks he'll have more information in an hour or so. Yes, he will ring MH. Fine. Yes, he'll be home.

6.2 In. In. WO with MH (v) who answers. Recognize each other's voice.

MH says, I suppose you want to speak to my old lady. Yeah. Then MH: "Oh, by the way, Bob is coming." Oh, he is? When did you hear? I heard today. By letter. When is he coming? According to present plans, it will be a week from Monday night. Believes that is the 27th of January. WO "Yes, I think that's it. That's what he said in my letter. So he is coming despite... You had written him, hadn't you?" MH: "Oh, yes, I had written him. He's not coming despite anything.. WO well that's what he said in my letter the 27th. You got a letter? Yeah, I got a letter. Well, that's fine. MH: Well, OK. Hope's the old woman.

EH takes phone. So their health. They both ate something last night (same place apparently) that didn't agree with them. MH thinks it was the garlic. WO says, "So you are a native and it did it to you and not because I come from the United States." EH: That's right. How is ABE? Oh, he's fine. He keeps going despite... EH: How do you spell Rivera? WO spells it for her. Well; EH says, that's the name of the place where she gets the bags. It is near Sears Roebuck. It is in back of Sears Roebucks. The name of the man is Mr. SWIDER. EH: "How do you say bags in Spanish? I'm looking it up. I know the man's name is SNYDER or SWIDER (ph). Address: San Luis Potosi 196. Phone 14-65-76. Best call and ask when Mr. Snyder is there. She made the mistake of getting something when he was not there and she paid far too much. EH says tell him you are a friend of the RASKOBS, Jane J. Wall, of course.

J: Where is Las Americas. On Insurgentes. Up about 4 blocks from Sears on the other side of the street.

OL says he always does anything for a chance to come to Mexico. MH says what a wonderful surprise. What a delightful surprise. OL says he saw David (Halperin) yesterday. "It took a little while but I finally found him. He looks wonderful. Looks like he's been working under pressure but looks wonderful. MH asks if he looks as harrassed as the last time OL saw him. Oh, no, and he's grown and looks so much more mature. MH says "Well he's in medical school, you know. When are we going to see you Oscar?"

OL says: "Look, this is why I'm calling. I wonder if you could possibly see me now? I want to talk to you." MH: "Right now, of course. Wonderful. OL asks if it is all right to come over. Yes, wonderful. He will be over right away. Swell.

7.5 Out to 14-72-10. No answer and complete. MH (v) asks maid (v) who answers, for the Sr. One moment please.

MO takes phone. "Good morning, Helen, this is Maur Halperin." Yeah. "Did you ever get any word from MAX (SHELFROCK)? Not a word. MH says, "Well, you know this morning's paper, the EICELSIOR, carries a sotry about MAX AND SAM. What does it say? Well, the usual, except that it says that they've been expelled from the country. Helen: "It does? And this has been delayed long enough so that had there been any order or anything else - you see they went ahead with the story. MH says he doesn't know what to make of it or anything else, that's why he's calling Helen. He doesn't know, except that this sotry was ready for the press about midnight last night. Helen: Just the two names? Just the two names, that's all. H: Doesn't it go into any other details? Well, it makes all kinds of allegations, you know, but it says that they were expelled for technical violations of immigration law, but the paper goes on to explain or what the real reason is. It does? Oh, yeah, the paper explains what the real reason is, but sticks to what it got from Gobernacion as the real reason. You've got to read the paper, that's all. So you had no word at all. Not a word. Do you know whether SAM has called anybody or not. No, he hasn't (that she knows of?). Helen: "They've been unable to reach him." I see. Then that's all. Helen: "They say that his clothing and stuff is still at the hotel but ...MH: "Oh, they do claim, huh..Yeah. Well, MH says, this piece in the paper, you know, may have been put in the presses before things have finally jellied or something. I don't know, but anyway it is out in the open. It could be a little in efficient or not anyway it is out in the open on the front page - not too prominent, but down in the bottom lower left hand corner. Helen says the front page is bad enough. Yeah. OK Helen I'll like to know naturally what you hear from MAX. Yeah, I know Maur, if he says anything. Bye.

After 1830

Out to 14-72-10. MH (v) greets WO who answers and asks Helen how she is. This is Maur. She is all right. MH says she has read the latest of Ultimas Noticias. Do you have the story? The original story? The story that came out to night. Helen says no, not tonight. MH will tell her what it says. "Have you heard from MAX recently? No. MH says then he will tell her what she wants to know. Helen: "You mean they know something I don't know." Yeah I guess so. It was in the papers tonight. Helen says will you read snatches at a time and I will repeat it? MH says I don't have this in front of me I'm just giving you a summary. Oh, that's all right.

MH says this is a dispatch from Washington and it says that MAX is being held, detained by Immigration, at Laredo. Max is? Yeah that's right. Pending proof of his citizenship. In other words Max claims he is an American citizen and they are detaining him until that can be proved. Which explains why we haven't heard. Get the idea? Yeah. The son-of-a-bitches" says Helen. Well, naturally though we should thank them, no? MH: "Well, I don't know, at least we know that he is there."

Helen: "How isn't this funny. The attorneys said this is not so." MH: "Well, this is a dispatch and has all the earmarks of...Helen interrupts and says: "Did you talk to Albert." MH: "Albert, no, I just called you as I figured you'd be interested to know where MAX was." Helen: "Well I should say so, and I certainly appreciate it." MH: "This dispatch is from Washington and it has all the earmarks.. It goes on to say that it is a question of whether he is an American citizen and it goes on to explain the kind of a character he is...Helen: "Oh, is that so? And, Oh, my God, he probably has all this in the vault." MH: "And he is an American citizen and they'll have to let him in, you know. Sort of reluctantly, you know." Helen: "Oh, Maur, I thank you very much." MH: "So this is really the first you've heard then?" H: "I should say so and I'm awfully grateful." So that is all the papers say. It doesn't say much about Sam. About him it is not very clear, except that he didn't get to the American side. He is still on the Mexican side. And his citizenship is also in question. Helen: "Yes, they refused him entrance." MH interrupts and says, "Well that doesn't matter right now, the main thing is to know

where Max is, right? Yeah. ME: "Well everything is all right. That explains where he is and after all he has room and board while he is waiting. And in a little while everything will be all right and he will be on his way." Did it say how long he'd been there? "No, I suppose it was only yesterday." E: "When he called?" Yeah. ME: "So everything is all right and if you hear anything I'd like to know, you know." Of course. R: "Are you staying in or going out? I'm staying here." Yeah, well of course if I hear anything I'll call. I thank you very much, Maur. There is nothing to thank me for. You Max is well taken care of. He's warm and gets good food. Helen: "Isn't that lovely? Maur, I thank you very much. Right-O. Bye."

17.2 Out to 14-72-10. Busy.

17.2 In. MO says to EH (v) who answers that he is Albert and wants to talk to Maur.

Maur takes phone. Albert says he just spoke to Helen, and he would like to get a Texas attorney for Max. "Would you go over that story that you read to me." The story I read to her, you mean? Yeah. Wait until I get the paper, right here. ME returns to phone. The Dispatch in Washington, International News Service dated 20 Dec. 57, and it says here, the Dept of Justice announced today that one of the two individuals who were deported from Mexico is under custody of the Authorities of Immigration at Laredo, Texas. The authorities of Immigration have detained Max Shlafrook while they determined definitely whether he is a North American citizen. Liderran (they call him Liderran here, you know.) Shlafrook claims that he acquired citizenship as a result of Nationalization of his father. Yesterday, also was deported, Samuel J. NOVICK by Mexican Authorities, but NOVICK by mid-day had not reached the entrance gate to U.S. territory in Laredo. The U.S. Dept of Justice explained that it has received no reasons for the expulsion, however, both Liderran and Novick have appeared before various committees concerning Communism in the United States. It goes on in an explanation of the Committees they appeared before and their use of the 5th Amendment. The Dept of Justice states that they both must present positive proof of being North American citizens before being able to enter the United States. An official spokesman explained that if they are able to establish their American citizenship Immigration will have to authorize their admission irrespective of what their activities have been." That's the dispatch. Now what were you thinking. I was just trying to get hold of Helen for it seems to me there is a question of MAX's credentials being somewhere in a vault here in Mexico. AM (v) says "I don't know about that." Well she mentioned something of that sort and I wanted to clarify it with her.

"What were you going to do, Albert?"/ Were you going to have a lawyer of Texas go down and see Max? AM: "Well, this morning I got in touch with a Texas lawyer who had been recommended by one of Sam's attorneys who was in New York. He (the attorney in New York) was called by GRACE (Sra. GRACIA, who talked so much with Susie DRUCKER and whom Sam had asked to marry him after he left Mrs. Novick, according to Grace on Drucker Reel.) And he recommended this Texas lawyer and he went (after AM called him) to Laredo and he established Sam was not in custody anywhere and was not wanted by any authority. (In LAREDO, not Nuevo Laredo, says ME.) AM: Yeah. AM: "I did not ask him (the lawyer) to check on Sam, for last night, as of about 2000 when Sam last talked to GRACE, that Max and he had spoken together and Max was in a hotel and nobody wanted him, and he was all right; and it didn't occur to me that there was any trouble about him. So this man then went back to Houston."

17.2 Contd

"Now I can call him again, but I'm wondering about something else. This matter of citizenship. I am thinking of calling the American Committee for the protection of foreign born. Of finding out whether they have an attorney in Texas. MH: "I'd say before we did anything of that sort, we'd have to call Helen and clarify where Max's documents are. Because when I spoke to Helen she said something about the documents being in a vault and I didn't catch on and then it sort of dawned on me that perhaps there should be something done about getting these documents out." AH: "Well, she has no access to his vault." MH: "No, access to his vault?" No. Well, we heard that tomorrow morning a Mexican attorney is flying tomorrow morning to Nuevo Laredo, to see Sam. Maybe you've heard of that too? Yeah. MH: And it occurred to me that maybe he could cross over and try to see MAX and get power of attorney to open up his vault. Go back and get the documents and bring them back." AH: "Well, if they'll let him across." MH: "That's right. It's something worth investigating isn't it?" AH: "If Max can give a Power of Attorney, he can give it to an American Consular Officer, and I believe it will be honored here. However I'll tell you what I'll do. I can't now get anyone of the Committee for the Protection of Foreign Born, at this moment, although I might be able to get an attorney in New York on the phone and arrange it in the morning. I will call now to Helen and find out about his papers and then I'll call GRACE to find out if the lawyer is definitely going and at what hour because we'll be in touch with the lawyer while he is up there and ~~it'll be easier~~ and we can handle this by phone, and I'll try to see if I can get anyone on the phone in New York. Do you have any idea of the time difference between here and New York? Yes, just one hour. What is it earlier or later. MH says it is one (1) hour and later.

(THIS CONVERSATION TAKES PLACE NOT ON THE 19th, but on the 20th of December, but due to no marking on the dial tape it was impossible to establish this until at this time on the reel.)

AH says it is now 15 to 1600 here and it is now 15 to 1200 there (in N.Y.). MH says the ~~papers~~ here have given prominence to this ~~news~~ news there. AH: Have they? MH: Yes, it's quite a known affair there now. OK MH continues, Albee. Right-O. Bye.

(The above conversation should have appeared on the following division of this reel as recorded on paper.)

M: "Listen, we are not going to Manzanilla." M: "Oh, you've cancelled the trip?" Yeah, we are going to. We've just decided. M: "Oh, really?" And you? M: You're cancelling? Yeah, there are some reasons for it and we're not going. M: What a...huh h. What are you going to do? Wire him or write him or what? M: "I don't know how we are going to do it. We are discussing it right now. Where are you, at home?" M: Yeah, home. Do you want to come over here and have a little coffee with us? It is comfortable and warm. Play a little chess... M: Just a second.

Marie returns to phone. (While waiting MH says to EM (v): "Huh? Cancelled.. I mean they're not going...") Maurice do you know where the HOYA (very ph), the little restaurant is? Yeah. Marie: Let's meet there. Well, that's all right. That's in walking distance. Marie: That's on Reforma, ~~xxx~~ and Anita (ph). MH says yeah, that's fine. Sure. OK we'll meet in about half hour. MH says we're not going to eat you know. Yeah she knows they have also eaten, they'll just have a cup of coffee. MH says there is a better place to have a cup of coffee. The Chapultepec Restaurant. Do you know where the Chapultepec Theater is? Yeah, yeah. Well there's a very pleasant big one there, but if you'd rather go to the HOYA that's fine. Yes, Marie thinks she had there is a little more privacy there. OK says M. They will meet in about 30 minutes.

22.5 In. NO tells MH (v) that this is Oscar. Yes. He forgot to tell his Hotel to call him this morning and he'll be a little late. That's all right, don't rush. You'll have your breakfast and you get here when you can. I've got to leave. I am leaving at ~~0915~~ 0915 but I'll be back at 0930, but Edith is waiting to have breakfast with you. Oscar says he is terribly sorry, but he just got up. M: Oh, what do you mean it is all right, come on over, you'll have to eat anything and come on over and by the time you've finished breakfast I'll be back anyway. Fine. He'll be there.

Thursday night

Dear Mother and Dad-

Although ~~xxxxxxx~~ I wrote you on Tuesday (letter didn't get off until Wednesday, I'll send you another note now because I have a few questions and besides I won't have much time for letter writing as the exams come closer and they are very close now.

First of all that thin about grades come through - that is we will not receive the grades we receive on exams, although we will take exams and receive them back with things marked wrong and so on. But no per cents, no AX, X, Cx etc. We will be told if we do unsatisfactorily (how do you say in English). So far I think it is a fine idea and in a while the grade, position in the class etc, etc. should be over.

I have written to both Boston and Lynn and also to Christman, and although it is perhaps still early I have received no reply. What should I do if I receive no answer from Lynn and they do ~~xxxxxxx~~ anyway? I'm sure an answer will probably come, but just in case second, what if I don't hear from Judith or Mikal, who by now should have written. I am very much looking forward to the vacation and would hate to have to rush or inconvenience anybody in Boston. Of course I ~~xxx~~ also don't want to go to New York if there is some reason not to, but I can't imagine any. I want to leave a week from tomorrow, that is Friday the 20 or at the latest on the morning of the twenty first. I am not sure about arrangements. If I remember correctly there is no rush about buying train tickets and if there is a crowd the question is to get there early and get a seat.

In afternoon we toured Irving-Hill and it was very interesting. A lot of details about what he will be speaking in relation to our "pacifist" and it is quite exciting.

As for music, it didn't seem out of the ordinary to a failure of the second violinist, but we hope to get together at the beginning of next winter. Last week I went for the first time to Orchestra all on free Int House tickets. My sax-cellist James Stoker performed the Lindbergh Concerto, also a first overture and pictures of an exhibition. Altogether a thrilling and wonderful experience.

I was surprised to see the other one looking at the cover of B and S. You liked prominently showing the reviewers but they have gone up to 75 cents and I think I'll read it in the library. I skinned it though, and the presentation is very nice.

Your trip sounds wonderful! ~~xxxxxxx~~ to give

had a real cold wave. For the last three days the temperature has been two and three degrees F as I leave for school in the morning. Yesterday the temperature actually went up to 14°! I had to make another investment - ear muffs, but I don't regret it. A fifteen minute walk at zero temperature and with 35 mile an hour winds can be pretty cold.

Love and regards to all-

David
P.S. Just thought I show you my fancy Ant Home stationery which I reserve for special occasions.

We have the Duques reservation, & I wrote to Hotel

Our first snow of the season today. I look
out of my 11th floor window, & see white roofs
as far as the eye can see. When I was younger
this - you know - was joy & was still in the snow,
not literally of course, but during snow time
was gay time. Now I hear the students' glad
we bring for the Mexican snow.

Love to you & Jane
