1. Headquarters agrees that Subject is probably not identical with [redacted] (201-121531) as was earlier believed, and has accordingly assigned [redacted] 201-779495. A full Headquarters trace under that name turned up no information other than that originating from [redacted] Station, which has now been re-classified into the new file. We are puzzled by the fact that [redacted] 1850, dated 1 September 1962, the first piece of correspondence from [redacted] Station on Subject, reported him [redacted]

2. A photo comparison of the two individuals in this case is not satisfactory proof that they are in fact two people because of the difference in years and exposure in the photographs. The [redacted] traces on [redacted] reflect only a date and place of birth as identifying data. It is hoped that [redacted] Station can obtain soon identifying biographic data [redacted] in order to firmly resolve the matter.
